Bloomfield, New Mexico 87413

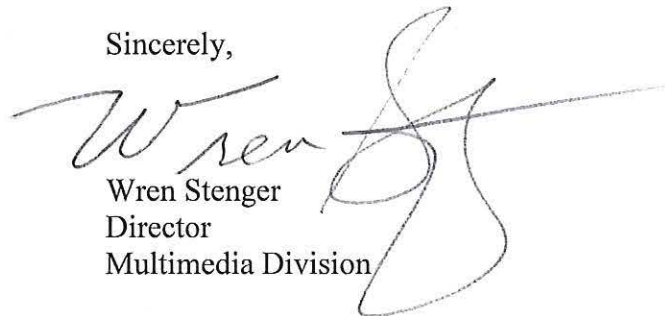

Dear Mr. Jasek:

We wish to inform you that the draft Part 71 Federal Operating Permit for the E & H Receiver and the statement of basis have been completed. The public comment period for the draft permit will begin on Friday, May 5, 2017, and will end on Monday, June 5, 2017. The public notice will occur via electronic public notice on the EPA Region 6's website at: <https://www.epa.gov/caa-permitting/part-71-operating-permits-tribal-lands-epas-south-central-region>. In addition, a copy of the draft permit and statement of basis, both of which have been enclosed, will be made available to the public for review at the Jicarilla Public Library, and also on the EPA Region 6 website referenced earlier.

If there is significant interest in the permit and a request for a public hearing is received, the EPA may hold a public hearing after posting a 30-day notice of the public hearing. If the public hearing is held, the public comment period shall automatically be extended to the close of the public hearing.

If you have any questions, please feel free to contact me or Jeff Robinson at 214-665-6435.

Sincerely,
