**Public Comments and Public Hearing:** If you have comments on the draft permit, you must submit them on or before June 5, 2017. You have the right to request a public hearing on the draft permit. Any request for a public hearing must be received by the EPA either by email or mail on or before June 2, 2017, and must state the nature of the issues proposed to be raised in the hearing. Attendance at the public hearing is not required in order to submit written comments. *If the EPA determines that there is significant public interest*, a public hearing will be held and a public notice will be posted thirty (30) day prior to the date of the hearing. If a public hearing is held, the public comment period shall automatically be extended to the close of the public hearing.

All comments and public hearing requests should be addressed to the Air Permits Section (6MM-AP), Multimedia Division, U.S. EPA Region 6, Suite 1200, 1445 Ross Avenue, Dallas, Texas 75202, or by email to [rbairpermits@epa.gov](mailto:rbairpermits@epa.gov). All comments received by June 5, 2017, and all comments made during a public hearing will be considered in arriving at a final decision on the permit. Additionally, all comments will be included in the administrative record without change, and may be made available to the public, including any personal information provided, unless the comment includes Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Thus, CBI or other protected information should be clearly identified as such, and should not be submitted through email.

Emails sent directly to the EPA will capture your email address automatically and will be included as a part of the public comment. Please note that an email or postal address must be provided with your comments if you wish to receive a statement of reasons for changes made to the draft permit and responses to comments submitted during the public comment period.

If you believe any condition of the draft permit is inappropriate or that our initial decision to deny an application, terminate a permit, or prepare a draft permit is inappropriate, you must raise all reasonably ascertainable issues and submit all reasonably ascertainable arguments supporting your position by the close of the public comment period. Any supporting materials that you submit must be included in full and may not be incorporated by reference, unless they are already part of the administrative record for this permit proceeding or consist of State, tribal, or Federal statutes and regulations, EPA documents of general availability, or other generally available reference materials.
