SUPPLEMENTARY INFORMATION:

Executive Orders Numbers One and Ten (Requirement of Financial Disclosure for Certain State Officials) were submitted in connection with the requirements of Section 128(a)(2) of the Clean Air Act regarding disclosure of potential conflict of interest by the head of the executive agency which approves permits or enforcement orders. The EPA has reviewed the Orders as a revision to the SIP and believes that they satisfy the intent of Section 128(a)(2) of the Clean Air Act. As a result of EPA's review, the Administrator is approving this revision. The State provided certification that a public hearing was held to consider the revision and that the hearing was held in accordance with the notice required by § 51.4 of 40 CFR Part 51.

EPA views this action as noncontroversial. The approval imposes no new regulatory burden and has no effect on ambient air quality. The public should be advised that this action will be effective October 29, 1981. However, if notice is received within 30 days that someone wishes to submit adverse or critical comments, this action will be withdrawn and a subsequent notice will be published before the effective date. The subsequent notice will withdraw the final action and begin a new rulemaking by announcing a proposal of the action and establishing a comment period.

Under Executive Order 12291, EPA must judge whether a regulation is "Major" and therefore subject to the requirement of a Regulatory Impact Analysis. This regulation is not major because this action only approves State actions and imposes no new requirements.

This regulation was submitted to the Office of Management and Budget for review as required by Executive Order 12291.

Pursuant to the provisions of 5 U.S.C. section 605(b) I certify that the SIP approvals under sections 110 and 172 of the Clean Air Act will not have a significant economic impact on a substantial number of small entities. This action constitutes a SIP approval under sections 110 and 172 of the Clean Air Act. This action only approves State actions. It imposes no new requirements.

Under section 307(b)(1) of the Clean Air Act, judicial review of this action is available *only* by the filing of a petition for review in the United States Court of Appeals for the appropriate circuit within 60 days of today. Under section 307(b)(2) of the Clean Air Act, the requirements which are the subject of today's notice may *not* be challenged later in civil or criminal proceedings

brought by EPA to enforce these requirements.

Note.—The Incorporation by Reference provisions approved by the Director, Office of the Federal Register on July 1, 1981.

(42 U.S.C. 7401-642)

Dated: September 21, 1981.

Anne M. Gorsuch,
Administrator.
