

**FY2011 Regional-Office Results of USEPA's Pollution Prevention Program
Achieved through Source Reduction Assistance (SRA) Grants**

3/4/2015

Carbon Dioxide Equivalents Reduced (MTCO₂e)	Hazardous Emissions and Materials Reduced (lbs.)	Water Conserved (gal)	Related Cost Savings (\$)
2,832	17,199	12,506,901	\$286,743

Grant Name	Description	Grant #	Funds/ Initiation Year	End Year	Carbon Dioxide Equivalents Reduced (MTCO ₂ e)	Hazardous Emissions and Materials Reduced (lbs.)	Water Conserved (gal)	Related Cost Savings (\$)
R1, R2, R3, and R4 have no SRA results for FY2011					0	0	0	\$0
R5 SRA Grants					11	0	0	\$1,747
Lakeshore Technical	X900E95201: results derived from energy usage collected with meters and compared to energy usage for existing 250 watt HPS fixtures. Johnson Controls collected and provided all data with meter analysis. Final calculations derived with EPA P2 and GHG calculators.	X900E95201			11	0	0	\$1,747
R6 SRA Grants					20	741	27,584	\$14,265
A Nurtured World	This project will assist in providing education for consumers and leadership groups to reduce consumer environmental impacts – particularly air quality impacts. New methods will be developed and demonstrated to measure the effects of consumer-focused programs in ways that would be acceptable for use in a State Implementation Plan (SIP) or similar agreement.	X9-96685601-0			20	741	27,584	\$14,265
A Nurtured World	Data not yet available. A Nurtured World will provide pollution prevention capacity building for two under-served communities (New Orleans, LA, and Pasadena, TX) utilizing (1) Home Efficiency Programs for low income homes, (2) Pollution Prevention technical assessments for industrial facilities, (3) Consumer and organization pollution prevention workshops addressing consumer and industrial impacts and develop Pollution Prevention capacity and (4) Development of a Community P2 Plan.	X9-00F08201-0			0	0	0	\$0
LA Bucket Brigade	Data not yet available. Long term project measures should come after project is over in FY 11 or 12. Louisiana Bucket Brigade's Refinery Efficiency Initiative's goal is to attain a 25% reduction in incidents and total volume of hazardous released by all 17 refineries in the state of Louisiana through information collection, management and analysis, building the capacity of fence-line neighbors, collaborative partnerships and technical exchanges with industry.	X9-00F9001-1			0	0	0	\$0
