BENTHIC HABS WORKGROUP MEETING

Web Conference URL: https://www.webmeeting.att.com Meeting #5114686455; Participant Code: 737852 Audio-Only Callers: Toll Free: (888) 240-3210 Guest passcode: 576754 January 23, 2018 – 12:30 PM to 2:00 PM Pacific Standard Time

	January 23, 2016 - 12.30 FW to 2.00 FW Facilit		
ITEM 1	Meeting Overview and Housekeeping	Time: 5 minutes	
	3 - 1 - 1 - 1 - 1 - 1 - 1 - 1 - 1 - 1 -	12:30 to 12:35 PM	
Purpose	Welcome & Introductions	Lisa Bernard, North Coast	
росс		Regional Water Board, CA	
ITEM 2	Objectives of a Benthic HABs Workgroup	Time: 10 minutes	
		12:35 to 12:45 PM	
	International workgroup developed to gain a better	Lisa Bernard, North Coast	
	understanding of benthic cyanobacteria, their habitat	Regional Water Board, CA	
Purpose	preferences, and toxins they produce		
	Share experiences and lessons learned		
	Share data collection and lab analyses protocols		
Desired	Provide background on the purpose and goals of the workgr	roup and information for ongoing	
Outcome	participation and coordination		
ITEM 3	Survey Results	Time: 15 minutes	
II LIVI 3	our vey itesuits	12:45 to 1:00 PM	
Purpose	Benthic HAB Workgroup Contacts and Survey Summary	Lisa Bernard, North Coast	
Furpose		Regional Water Board, CA	
	X		
	02 Benthic HAB		
	Workgroup Contact		
Danimad	 Review top 5 areas of interest and elicit additional topics 	3	
Desired	Discuss proposed 2018 workgroup meeting schedule and topics		
Outcome	Discuss the interest in developing a Benthic HABs Workgroup website		
ITEM 4	, j	Time: 30 minutes	
I I I I I I I I I I I I I I I I I I I	Presentation		
11 = 101 =	i recontation	1:00 to 1:30 PM	
112014		1:00 to 1:30 PM Margaret Spoo-Chupka,	
Purpose	Benthic Cyanobacteria: Drinking Water Reservoirs		
		Margaret Spoo-Chupka,	
		Margaret Spoo-Chupka, Phycologist with Metropolitan	
	Benthic Cyanobacteria: Drinking Water Reservoirs	Margaret Spoo-Chupka, Phycologist with Metropolitan	
		Margaret Spoo-Chupka, Phycologist with Metropolitan	
	Benthic Cyanobacteria: Drinking Water Reservoirs	Margaret Spoo-Chupka, Phycologist with Metropolitan Water District, CA	
	Benthic Cyanobacteria: Drinking Water Reservoirs Benthic Cyanobacteria: Drinking Water Reservoirs Senting Cyanobacteria WWC Information on Metropolitan's benthic HABs monitoring reservoirs	Margaret Spoo-Chupka, Phycologist with Metropolitan Water District, CA program in drinking water	
Purpose	Benthic Cyanobacteria: Drinking Water Reservoirs Senting	Margaret Spoo-Chupka, Phycologist with Metropolitan Water District, CA program in drinking water	
Purpose Desired	Benthic Cyanobacteria: Drinking Water Reservoirs Benthic Cyanobacteria: Drinking Water Reservoirs Cyanobacteria WWC Information on Metropolitan's benthic HABs monitoring reservoirs Presenter requesting workgroup feedback on the following of the company of t	Margaret Spoo-Chupka, Phycologist with Metropolitan Water District, CA program in drinking water Ilowing: (she'll showphotos)	
Purpose	Benthic Cyanobacteria: Drinking Water Reservoirs Benthic Cyanobacteria: Drinking Water Reservoirs	Margaret Spoo-Chupka, Phycologist with Metropolitan Water District, CA program in drinking water llowing: (she'll show photos) ducers, what is the best sampling	
Purpose Desired	Benthic Cyanobacteria: Drinking Water Reservoirs Sentine Cyanobacteria WWC Information on Metropolitan's benthic HABs monitoring reservoirs Presenter requesting workgroup feedback on the following of the compact of the producer?	Margaret Spoo-Chupka, Phycologist with Metropolitan Water District, CA program in drinking water llowing: (she'll show photos) ducers, what is the best sampling	
Purpose Desired	Benthic Cyanobacteria: Drinking Water Reservoirs Benthic Cyanobacteria: Drinking Water Reservoirs	Margaret Spoo-Chupka, Phycologist with Metropolitan Water District, CA program in drinking water llowing: (she'll show photos) ducers, what is the best sampling (e.g., sample the mat, 1-meter	
Purpose Desired Outcome	Benthic Cyanobacteria: Drinking Water Reservoirs Various Linear Mark Information on Metropolitan's benthic HABs monitoring reservoirs Presenter requesting workgroup feedback on the following of the compact of the producer above the mat, etc.)	Margaret Spoo-Chupka, Phycologist with Metropolitan Water District, CA program in drinking water llowing: (she'll show photos) ducers, what is the best sampling (e.g., sample the mat, 1-meter	
Purpose Desired Outcome	Benthic Cyanobacteria: Drinking Water Reservoirs Vanobacteria MWC Information on Metropolitan's benthic HABs monitoring reservoirs Presenter requesting workgroup feedback on the followay of the compact of the producer? Question - In a reservoir with benthic toxin producer? above the mat, etc.) Open Discussion	Margaret Spoo-Chupka, Phycologist with Metropolitan Water District, CA program in drinking water Illowing: (she'll show photos) ducers, what is the best sampling (e.g., sample the mat, 1-meter Time: 20 minutes 1:30 to 1:50 PM	
Purpose Desired Outcome ITEM 5 Purpose	Benthic Cyanobacteria: Drinking Water Reservoirs Various Figure 1997 Information on Metropolitan's benthic HABs monitoring reservoirs Presenter requesting workgroup feedback on the followable on taxonomy identification on Question - In a reservoir with benthic toxin producer above the mat, etc.) Open Discussion Hear thoughts from other participants	Margaret Spoo-Chupka, Phycologist with Metropolitan Water District, CA program in drinking water llowing: (she'll show photos) ducers, what is the best sampling (e.g., sample the mat, 1-meter Time: 20 minutes 1:30 to 1:50 PM All	
Purpose Desired Outcome ITEM 5 Purpose Desired	Benthic Cyanobacteria: Drinking Water Reservoirs Sentine Cyanobacteria Wwt. Information on Metropolitan's benthic HABs monitoring reservoirs Presenter requesting workgroup feedback on the followable of the Assistance required on taxonomy identification of Question - In a reservoir with benthic toxin producer above the mat, etc.) Open Discussion Hear thoughts from other participants Discuss other participants benthic HAB monitoring progression	Margaret Spoo-Chupka, Phycologist with Metropolitan Water District, CA program in drinking water llowing: (she'll show photos) ducers, what is the best sampling (e.g., sample the mat, 1-meter Time: 20 minutes 1:30 to 1:50 PM All rams	
Purpose Desired Outcome ITEM 5 Purpose	Benthic Cyanobacteria: Drinking Water Reservoirs Various Figure 1997 Information on Metropolitan's benthic HABs monitoring reservoirs Presenter requesting workgroup feedback on the followable on taxonomy identification on Question - In a reservoir with benthic toxin producer above the mat, etc.) Open Discussion Hear thoughts from other participants	Margaret Spoo-Chupka, Phycologist with Metropolitan Water District, CA program in drinking water llowing: (she'll show photos) ducers, what is the best sampling (e.g., sample the mat, 1-meter Time: 20 minutes 1:30 to 1:50 PM All rams	
Purpose Desired Outcome ITEM 5 Purpose Desired Outcome	Benthic Cyanobacteria: Drinking Water Reservoirs Information on Metropolitan's benthic HABs monitoring reservoirs Presenter requesting workgroup feedback on the followable of the compact of the producer above the mat, etc.) Open Discussion Hear thoughts from other participants Discuss other participants benthic HAB monitoring progression Announce any upcoming research projects, recent journ	Margaret Spoo-Chupka, Phycologist with Metropolitan Water District, CA program in drinking water llowing: (she'll show photos) ducers, what is the best sampling (e.g., sample the mat, 1-meter Time: 20 minutes 1:30 to 1:50 PM All rams hal publications, or conferences	
Purpose Desired Outcome ITEM 5 Purpose Desired	Benthic Cyanobacteria: Drinking Water Reservoirs Sentine Cyanobacteria Wwt. Information on Metropolitan's benthic HABs monitoring reservoirs Presenter requesting workgroup feedback on the followable of the Assistance required on taxonomy identification of Question - In a reservoir with benthic toxin producer above the mat, etc.) Open Discussion Hear thoughts from other participants Discuss other participants benthic HAB monitoring progression	Margaret Spoo-Chupka, Phycologist with Metropolitan Water District, CA program in drinking water llowing: (she'll show photos) ducers, what is the bestsampling (e.g., sample the mat, 1-meter Time: 20 minutes 1:30 to 1:50 PM All rams hal publications, or conferences Time: 10 minutes	
Purpose Desired Outcome ITEM 5 Purpose Desired Outcome	Benthic Cyanobacteria: Drinking Water Reservoirs Information on Metropolitan's benthic HABs monitoring reservoirs Presenter requesting workgroup feedback on the following of the common of the producer of the producer of the producer of the mat, etc.) Open Discussion Hear thoughts from other participants Discuss other participants benthic HAB monitoring progress Announce any upcoming research projects, recent journ Wrap Up and Next Steps	Margaret Spoo-Chupka, Phycologist with Metropolitan Water District, CA program in drinking water llowing: (she'll show photos) ducers, what is the best sampling (e.g., sample the mat, 1-meter Time: 20 minutes 1:30 to 1:50 PM All rams hal publications, or conferences Time: 10 minutes 1:50 to 2:00 PM	
Purpose Desired Outcome ITEM 5 Purpose Desired Outcome ITEM 6	Benthic Cyanobacteria: Drinking Water Reservoirs Information on Metropolitan's benthic HABs monitoring reservoirs Presenter requesting workgroup feedback on the following of the composition of the producer of the producer of the producer of the mat, etc.) Open Discussion Hear thoughts from other participants Discuss other participants benthic HAB monitoring progress Announce any upcoming research projects, recent journ Wrap Up and Next Steps Identify action items and next steps	Margaret Spoo-Chupka, Phycologist with Metropolitan Water District, CA program in drinking water llowing: (she'll show photos) ducers, what is the best sampling (e.g., sample the mat, 1-meter Time: 20 minutes 1:30 to 1:50 PM All rams nal publications, or conferences Time: 10 minutes 1:50 to 2:00 PM Lisa Bernard, North Coast	
Purpose Desired Outcome ITEM 5 Purpose Desired Outcome	Benthic Cyanobacteria: Drinking Water Reservoirs Information on Metropolitan's benthic HABs monitoring reservoirs Presenter requesting workgroup feedback on the following of the common of the producer of the producer of the producer of the mat, etc.) Open Discussion Hear thoughts from other participants Discuss other participants benthic HAB monitoring progress Announce any upcoming research projects, recent journ Wrap Up and Next Steps	Margaret Spoo-Chupka, Phycologist with Metropolitan Water District, CA program in drinking water llowing: (she'll show photos) ducers, what is the best sampling (e.g., sample the mat, 1-meter Time: 20 minutes 1:30 to 1:50 PM All rams hal publications, or conferences Time: 10 minutes 1:50 to 2:00 PM	

Benthic HAB Workgroup Facilitators - Contact us to join the workgroup or to be a presenter!
