I am requesting electronic databases (e.g., scribe database output, access file, shapefile, geodatabase, ArcGIS) with air and environmental sampling data (vapor intrusion, surface water, groundwater, sediment, soil, soil gas) associated with the remedial investigation study at the Wilcox Oil Refinery Superfund Site located in Bristow, Creek County, Oklahoma. Laboratory electronic data deliverables (EDDs) and/or associated geographical information system (GIS) database for the air and environmental sampling data would also be sufficient. We also request the full lab reports (with the corresponding quality assurance and quality control information) for these samples. Site: Wilcox Oil Company Superfund Site; Location: Bristow, Creek County, Oklahoma; EPA Identification number: OK0001010917; Contract: EP-W-06-004; Task Order: 0128-RICO-06GG; It is my understanding that there are at least two EPA Scribe databases available for this site: 1) Project ID: 2759. Wilcox Oil. USEPA Region 6. Last Published 12/4/2015 11:49:23 AM; 2) Project ID: 2754. Wilcox Oil Refinery Site. USEPA ERT. Last Published 2/3/2016 11:41:53 AM; I request copies of these two EPA Scribe databases in addition to others that exist for this site. Thank you, and please feel free to call me with any questions.

The following request is made in the context of Excelsior Mining's application for, and the EPA's consideration of an underground injection control permit in Cochise County, Arizona (the "UIC Permit"). Specifically, we request the following records: All records of comments from third parties in response to the Excelsior Draft UIC Permit during the public comment period that closed on January 8, 2018. For purposes of this request, "records" means information of any kind, including writings (handwritten, typed, electronic or otherwise produced, reproduced or stored), draft documents, letters, memoranda, correspondence, notes, telephone conversations, telefaxes, e-mails, documents, data bases, drawings, graphs, charts, photographs, minutes of meetings, meeting logs, call logs, electronic and magnetic recordings of meetings, and any other compilation of data from which information can be obtained. All of the foregoing are included in this request if they are in the possession of or otherwise under the control of EPA, whether they are located in the main office or in regional offices. We agree to pay any fees associated with this request. Please feel free to call me at 303-628-9589 to discuss this request, if necessary. Thank you very much for your assistance.</p>

				<p>To Whom It May Concern: This is a request under the Freedom of Information Act (5 U.S.C. &sect; 552). The Tucson Audubon Society respectfully requests a copy of any communications, including memos of conversations, draft e-mails or letters, e-mails and any other correspondence regarding the 2006 U.S. Army Corps of Engineers (ACE) Permit #2003-00826-SDM, Whetstone Ranch, The Canyons at Whetstone Ranch, and Villages at Vigneto generated, modified, or acquired by the Environmental Protection Agency. We request copies of all records, including but not limited to electronic mail messages, handwritten notes, meeting or phone conversation notes, published or unpublished reports, memoranda, and correspondence (including, but not limited to correspondence between: (1) any office, staff, representative, contractor or other agent of the EPA, and (2) El Dorado Benson LLC or its attorneys, staff, representatives, contractors or other agents, the Army Corps of Engineers, or US Fish and Wildlife, other agencies or organizations, concerning: the Villages at Vigneto project or Army Corps Clean Water Act Permit No. 2003-00826-SDM concerning that project. In order to help you determine our status for the purpose of assessing fees, you should know that the Tucson Audubon Society is a small 501(c)(3) tax exempt, non-profit conservation organization with a membership of approximately 4,000. We are requesting the aforementioned information for purposes pertaining to the public interest and to further public understanding of the Department's activities and operations. As such, we request that any fees for responding to this request be waived or minimized to the greatest degree possible. I also include my e-mail address and telephone number at which I can be contacted if necessary to discuss any aspect of our request. Sincerely, Patti Caldwell, MSW, Interim Executive Director, Tucson Audubon Society Nicole Gillett, Conservation Advocate, Tucson Audubon Society</p>

EPA-R6-2018-003314	David O. Frederick	Frederick, Perales, Allmon & Rockwell	1/11/2018 21:01	All contracts with Luminant Generation Company, Vistra Energy, or Energy Future Holdings affecting the Martin Lake Power Plant. The addresses for Luminant and Vistra are the same, I think, and the address is: 6555 Sierra Drive Irving, TX 75039 According to my research, Energy Future Holdings is at: 115 N Loop 12 Irving, TX 75061 The date range for the information would be from January 1, 2014 to January 11, 2017 (the date of the request). At this point, I am not asking for any confidential business information, and I do not request a denial log, nor do I request substantiation of any confidential business information. Specifically, I was looking for a contract with EPA that addresses the treating of coal to be burned by Luminant at its Martin Lake plant. After doing further research; I have learned that the contract may be between EPA and a Luminant vendor who would treat the coal for Luminant.

EPA-R6-2018-003568	elizabeth brothers		1/20/2018 3:01	We are requesting copies of all correspondence to, from, or between EPA personnel since April 7, 2016, related to the San Mateo Creek Basin Uranium Legacy Site. We are amenable to rolling releases. We would like a denial log for any CBI documents. The date range of records requested is April 7, 2016 to current date of January 29, 2018. In general, the search for correspondences for involves EPA Region 6 Superfund Division and Water Division discussing the decision whether to list the site on the NPL. We are requesting copies of all materials that EPA has reviewed and relied on in deciding whether to list the San Mateo Creek Basin Uranium Legacy Site on the CERCLA National Priorities List, including but not limited to Hazard Ranking System references that EPA identifies in support of a listing. (1) With respect to the date range, we do not have one. We don't know the date range, because we haven't seen the scoring package for the HRS scoring. What we are asking for here are documents that support a decision whether to list the site on the NPL; that is, whatever documents EPA has relied on in developing the site's HRS score. (2) We are happy to increase the fee commitment to \$180.00. (3) We are amenable to a rolling release. (4) We would like a denial log of CBI.

				To Whom It May Concern: On or about January 26, 2018 U.S. EPA sent a decision letter to Vital Care Industries (EPA Company #: 87983) and Zappa-Tec (EPA Company: 87708) in regard to the Alternate Brand Name Super Solidifier Plus and a related SDA between the two Companies. DiSorb Systems initiated this action due to the fact that DiSorb Systems owns the Federal Trademark for Super Solidifier Plus and in 2011 EPA registered the Super Solidifier Plus Alternate Brand Name to DiSorb Systems. DiSorb is the aggrieved party in this matter. I am submitting this FOIA request to secure a copy of the letter EPA sent to Vital Care and Zappa-Tec so we are aware of EPA's decision in this matter. EPA-HQ-2018-003866	Shannon I. Cooley	Control Solutions, Inc.	1/29/2018 21:01	I am requesting the EPA DER for our MRID 49970101. The study belongs to us, but I haven't been able to get the product manager to respond to our request directly.
				This is a request pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552, et seq. This is an update to a previous request and seeks only documentation added to the relevant registration file following the previous Agency response on 11/14/2017. We seek copies of any and all documents added to the registration file after 11/14/2017, including but not limited to correspondence, internal memoranda, reports, notes, records or other materials in the Environmental Protection Agency's ("EPA's") pesticide registration files for the following SHARDA USA LLC pesticide product: 83529-84 ("SHARDA ACETOCHLOR 33% CS"). We would appreciate it if EPA would give priority to the following documents and provide them to us under separate cover as soon as they have cleared EPA's Confidential Business Information review: 1. any submission/application correspondence with EPA; 2. any EPA Form 8570-1 (Application for Pesticide - Section 1); 3. any EPA Form 8579-34 (Certification with Respect to Citation of Data); 4. any EPA Form 8570-35 (Data Matrix); and 5. any EPA Form 8570-27 (Formulator's Exemption Statement). This request does not apply to any documents or portions thereof contained in these files that are Confidential Business Information. Further, this FOIA request does not seek test data, manufacturing processes, or the confidential statement of formula for this or any other pesticide product. We would be pleased to pay reasonable costs related to duplicating and shipping the requested information. Please contact me should it appear that the costs will exceed \$100. If I may be of any assistance with this matter, please do not hesitate to contact me at (703) 242-2506. Thank you in advance for your assistance. Sincerely, Markus Brombacher INREX, LLC, 9915 Corsica St., Vienna, VA 22181.

EPA-HQ-2018-003310	Bill Lapp	Advanced Economic Solutions	1/11/2018 20:01	Advanced Economic Solutions has 3 specific FOIA requests: 1. Advanced Economic Solutions wishes to identify the "small refineries" that have been granted an annual exemption from its annual RVOs for calendar years 2016, 2017 and 2018. 2. Additionally, Advanced Economic Solutions would like to identify the small refineries that have petitioned for an exemption from its annual RVOs for calendar years 2017 and 2018. 3. In addition to identifying the small refineries that have been granted or petitioned for an annual exemption from their annual RVOs, Advanced Economic Solutions would like to identify their respective refining capacities (as estimated by EPA or EIA). Under EPA's Renewable Fuel Standard (RFS) program, a small refinery may be granted a temporary exemption from its annual Renewable Volume Obligations (RVOs) if it can demonstrate that compliance with the RVOs would cause the refinery to suffer disproportionate economic hardship. The RFS regulations define a small refinery as one with an average crude oil input no greater than 75,000 barrels per day (bpd) crude in 2006. Additionally, the small refinery may not have an average aggregate daily crude oil throughput greater than 75,000 bpd in the most recent full calendar year prior to submitting a petition, and cannot be projected to exceed the 75,000 bpd threshold in the year or years for which it is seeking an exemption. Advanced Economic Solutions is an independent consulting firm, based in Omaha, Nebraska, that specializes in assisting food companies with supply chain risk management and other economic and commodity issues. Thank you in advance for your attention to this request.

EPA-HQ-2018-003718	Emma Howard	Unearthed	1/24/2018 17:01	<p>Dear FOIA Officer, This Freedom of Information Act ("FOIA") request is directed to Environmental Protection Agency. Unearthed is interested in obtaining the below information relating to the Volkswagen fix. I hereby request copies of all records containing the following information: Data on all Volkswagen vehicles tested on the road (PEMS data) for NOx emissions before and after the fix Information in regard to how the tests were done: for example, the engine temperature at the start of the test any details regarding the route, composition (urban, rural, motorway split) and the ambient conditions on the day of the test. Details about the vehicles themselves: engine size, model year, mileage, body type and emissions technology Any other documents such as keys or guides that are necessary to interpret the data appropriately I would like the data in xls format if possible. Disclosure of this information is demonstrably in the public interest – Volkswagen were caught rigging emissions tests and breaking the law. This fix has been promoted as one of the key solutions to the problem. The public has a right to know what impact it is having on emissions. It will also allow the global public to understand how the fix affects emissions in different countries. If you deny all or any part of this request, please cite each specific exemption that you believe justifies your withholding of information. Please be sure to notify me of appeal procedures available under the law in the event of any denial. If you deny my request for a fee waiver, please inform me before processing my request. I look forward to receiving your response within the twenty day statutory time period.</p> <p>Thank you for your consideration of this request.</p>

EPA-HQ-2018-003146	Sandy Robson		1/8/2018 18:01	I request the following information and documentation: Any completed (filled-out) Standard Form 50 and any completed Standard Form 52 for Environmental Protection Agency (EPA) appointee/employee Doug Ericksen (who is also currently serving as a Washington state senator), subsequent to the conclusion of his initial Temporary Transitional Schedule C Senior Advisor position located in the Office of the Administrator; Washington, D.C., which had started on January 21, 2017, and ended on Mr. Ericksen's Not To Exceed date of May 20, 2017. I also request any and all compensation/salary information such as earnings and leave statements (pay stubs) from the EPA for Doug Ericksen, relating to any position with the EPA he may have held, or which he currently holds, subsequent to Mr. Ericksen's final pay stub that he received for his then-Temporary Transitional Schedule C Senior Advisor position located in the Office of the Administrator; Washington, D.C. According to FOIA records I requested on 5/31/2017, which were released on 7/6/2017, Mr. Ericksen's pay stub for the pay period ending date of 6/24/2017, was the last pay stub he received for his then-Temporary Transitional Schedule C Senior Advisor position located in the Office of the Administrator; Washington, D.C. It is my understanding that Doug Ericksen has recently started, or will soon be starting, a new position with the EPA located in its Region 10 Office in Seattle, Washington. I would prefer receiving the records I am requesting to be in electronic/digital format if possible as I am on a very limited budget. Please let me know if you require anything further from me in order to process my request. Thank you. Sandy Robson
EPA-HQ-2018-003149	Sandy Robson		1/8/2018 18:01	I request official confirmation from the EPA agency as to whether Doug Ericksen, (who currently happens to also be a Washington state Senator) held any position, or currently holds any position, with your agency subsequent to his Temporary Transitional Schedule C Senior Advisor position located in the Office of the Administrator; Washington, D.C., which had started on January 21, 2017, and ended on Mr. Ericksen's Not To Exceed date of May 20, 2017. I ask for your agency's confirmation as it is my understanding Mr. Ericksen may have recently started, or will be starting, a new position with the EPA as Senior Advisor to the Regional Administrator located in the EPA's Region 10 Office in Seattle. Pursuant U.S. Code, as stipulated in Title 40, Chapter 1, Subchapter A, Part 2, Subpart A – Procedures for Disclosure of Records Under the Freedom of Information Act, §2.104 Responses to requests and appeals, I would expect that your agency will respond to my request no later than 20 working days from the date it was received and logged in by the appropriate FOI Office. My request is a very simple request, so I would expect to receive a response with confirmation on my question regarding Mr. Ericksen's potential EPA employment within the 20 working days, or sooner. Thank you.

The Agreement provides that the Settling Party is responsible for issuing a payment to the EPA in the amount of \$1,321,619 for past response costs associated with the removal of hazardous substances located at the property. A recent title report for the subject property does not reveal any encumbrances nor does it reflect a lien on the property by the EPA. Nevertheless, undersigned counsel would like written confirmation from the EPA that the subject property is unencumbered by the terms of this Agreement and is otherwise released from any lien resulting from this Agreement. A written response is necessary in order to obtain a good faith valuation for the subject property. Request any report reflecting the Settlement Agreement was satisfied.

The monitoring wells were part of the EPA's efforts to determine if chromium from the contaminated Superfund site in Garfield migrated beneath the Passaic River into the City of Passaic. Initial results from the monitoring wells found chromium beneath North Pulaski Park in Passaic but officials in 2012 said they could not yet determine the source. I am seeking all documents, reports and updates since the wells were drilled, and whether any subsequent groundwater monitoring wells were drilled and, if so, what results they provided.

The database.mdb files on DVD are on their way to you. After we talked, I thought of a way to streamline the process for the next time you request the database. You could submit the request through FOIA Online; that way, we could track the requests and we'd know exactly what is being requested. I can walk you through the FOIA submission process (it's fairly easy). There should be no charge since you're requesting the data through the university. Let's touch base on this when you're ready to make your next request. Thanks for your patience – glad we got it sorted!
