## Instructions and Definitions

The Quarterly Exceptions list is used to track wells reported in significant noncompliance (SNC) on EPA Form 7520-2B for two or more consecutive quarters without being addressed with a formal enforcement action or being returned to compliance. Any SNC reported on Form 7520-4 shall be reported until the well in SNC is returned to compliance. The well is removed from the exceptions list in the subsequent reporting period.

Do not leave the form blank. If there are no exceptions, indicate none.

### Section I - Reporting Period

All SNCs, whether from the current fiscal year or from a previous fiscal year, shall be included in the 7520-4 submission according to the chart below, except if the well was returned to compliance in a fiscal quarter prior to the quarter being reported for.
