

Innovative Financing Strategies for Reducing Nutrients Webinar Series

FUNDING LANDSCAPE-SCALE NUTRIENT REDUCTIONS

July 10, 2019 at 1:00–2:00 PM ET

You are invited to attend a webinar co-hosted by EPA and USDA, exploring how to finance landscape-scale nutrient reductions. Our featured speakers will describe a variety of funding approaches, including crop insurance incentives and tax incentives, to increase cover crops and decrease nutrient runoff.

This is the third in a four-part webinar series featuring case studies of successful approaches from across the country for funding nutrient reductions. For more information on this webinar, please contact waterfinancecenter@epa.gov.
