Subject: Approval of Perimeter and Work Area Air Monitoring Plan

Dated August 23, 2019

Franklin Power Products, Inc./ Amphenol Corporation

Administrative Order Docket # R8H-5-99-00

EPA ID # IND 044 587 848

Dear Mr. Bianchi,

Thank you for submitting version 2.3 of the Perimeter and Work Area Monitoring Plan (Air Monitoring Plan), dated August 23, 2019. By submitting this document, Amphenol meets condition no.1 of EPA's approval of the document titled "Off-site Interim Measure Work Plan and Response to Comments" submitted on June 18, 2019. The latest version of the air monitoring plan which includes odor classification and volatiles and particulates sampling and analysis in the perimeter and the off-site sewer line working area is hereby approved. Please follow the reporting schedule as provided in the workplan and update EPA of all the ambient air monitoring activities.

Sincerely,

A handwritten signature in black ink, appearing to read "Bhooma Sundar".
