ACRES | QUICK REFERENCE GUIDE

Deleting or Disassociating a Property Record

You now have the ability to delete a property record or disassociate a property from a cooperative agreement in ACRES. Deleting a property record in ACRES removes all of the property, property information, and activities from the ACRES database. Disassociating a property from a cooperative will delete the property only from the cooperative agreement you specify.

This reference guide will show you how to delete or disassociate a property from ACRES.

<u>Accessing the Property Profile Form – Part 1: Property Information to delete or disassociate a</u> <u>property</u>

To delete or disassociate a property record, you need to access **Part 1: Property Information** of the **Property Profile Form (PPF)** for the selected property. You can access the PPF – Part 1, by selecting the:

- > Edit an existing property link on your Where do I start? card
- > My Properties button on your My Account card

Deleting or disassociating a property via Edit an existing property

1. On your ACRES Homepage, go to your Where do I start? card.

2. Select the Edit an existing property button to access the properties with which you are associated.

ACRES | QUICK REFERENCE GUIDE

<u>IMPORTANT</u>: Once you have marked the property for deletion/disassociation, you will need to submit the work package. The deletion will need to be approved in ACRES by your EPA Project Officer before the property is removed from the database.

Note: When you submit the property to your EPA Project Officer, ACRES will notify you of any possible issues that may arise once the property is deleted. If the property you are deleting is associated to more than one cooperative agreement, ACRES will notify you.

IMPORTANT: If the property you have marked for deletion is associated to multiple cooperative agreements, it will be only be deleted from the grant specified. If you would like to delete the property from every cooperative agreement associated, you will need to repeat these steps from each cooperative agreement.
