METRO DENVER NATURE ALLIANCE

MetroDNA

# JOIN US!

## ARE YOU??

- 16-20 years old?
- A local high school or college student, or a community leader and motivated to make a difference?
- Interested in a paid civic engagement and leadership development opportunity to support the Denver community and our environment?
- Interested in paid environmental and social justice work to support Denver's only, most awesome, and most at risk river, the South Platte River?
- Interested in learning about and taking action on complex urban water quality and ecosystem management issues with the region's top professionals and community- based advocates?
- Looking to make your college or next job application shine? Able to attend 10 meetings and events over the next year?

## WE ARE!!

- Ready to co-create and support a Regional Vision for People + Nature!
- Concerned! Our beloved South Platte River is polluted, not well known by the community, and not actively cared for by its neighbors. In need of your voice!
- The South Platte River will only become and remain a healthy, fishable, swimmable community asset with community awareness and care.
- Committed to justice, equity, diversity, and inclusion! This is a limited part-time, living wage (\$15 per hour) opportunity available to youth living their best lives in the South Platte River watershed regardless of race, ethnicity, national origin, immigration status, gender, gender identity, sexual orientation, class, disability status, and other identity factors.
