

The list below displays the applicants for EPA's 2020 School Bus Rebates that were not selected in the lottery process. If any 2020 rebate selectees drop out of the program, EPA will try to offer their unused funds to previously unselected applicants based on the order of the list below provided sufficient time remains in the project period. Dropouts are not common, so we do not recommend that fleets in this waiting list adjust their normal bus procurement schedule in the hope of being selected.

Number in Wait List	State	Applicant Name
