Devon's Current Activity in Fort Worth Basin Drilling

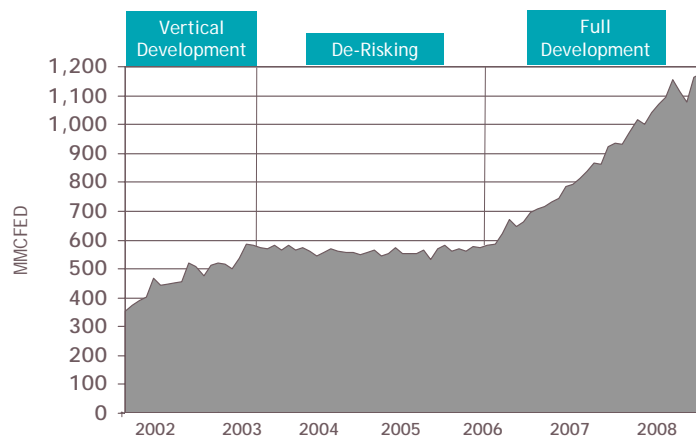

Producing wells:	≈ 3,700 wells
2005 activity:	Drilled 268 wells
2006 activity:	Drilled 383 wells
2007 activity:	Drilled 522 wells
2008 activity:	Drilled 625 wells
2009 plans:	170 - 200 wells

Devon's activity accounts for approximately 28% of the total drilling activity in the Barnett Shale.

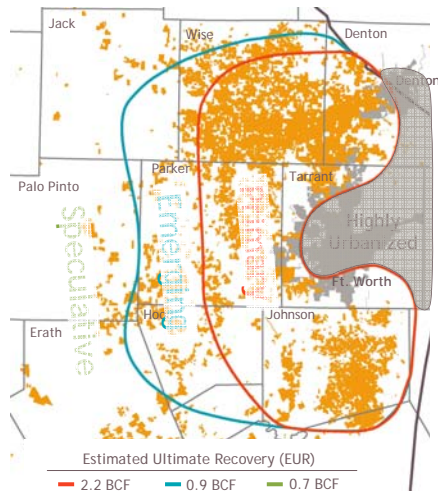

Devon Barnett Shale Net Production

Through December 31, 2008

Barnett Shale

Devon's Superior, First-Mover Position

Net Acreage

- Primary: 518,000 acres (73%)
- Emerging: 117,000 acres (16%)
- Speculative: 80,000 acres (11%)
- Total: 715,000 acres

Q4 '08 net production: \approx 1.2 BCFED

Producing wells: > 3,800

2008 activity: Drilled 659 wells

2009 plans: Drill 170 - 200 wells
