

Community Update #82 Pompton Lakes Study Area Pompton Lakes, New Jersey

Pompton Lake Dredging

Community Update

May 2018

EPA CLEANUP ACTIVITIES

Basic Site Information—2018

The scope of work in 2018 involves placement of the eco-layer in the Island Area and the ABD as well as site restoration. Hydraulic dredging, processing and off-site disposal of sediment containing mainly mercury and lead in a 36-acre area within Pompton Lake called the Acid Brook Delta (ABD) is complete. The work will be performed by The Chemours Company FC, LLC., through its contractor, Sevenson Environmental Services with EPA/NJDEP oversight.

*EPA continues its presence at
Borough Hall Thursdays from
10a.m. till 4p.m.*

EPA's 82nd update is to inform the community of the progress of activities related to the dredging performed on the 36-acre portion of the Pompton Lake Study Area known as the Acid Brook Delta (ABD).

Activities performed (week of May 21st):

- ◆ Completed hydraulic placement of eco-layer material in ABD and demobilized that equipment.
- ◆ Continued mechanical placement of eco-layer material in ABD.
- ◆ Continued work associated with eco-layer placement and restoration at Island Area.
- ◆ Initiated activities onsite to prepare for restoration of Uplands and ABD shoreline.
- ◆ Continued air (dust) monitoring and lake turbidity monitoring in accordance with work plan.
- ◆ Continued work activities in accordance with NJDEP-issued permits.

Activities scheduled (week of May 28th):

- ◆ Continue placement of ecological layer (4-inch lift) within the ABD.
- ◆ Continue eco-layer placement/restoration activities at the Island Area.
- ◆ Continue activities onsite for restoration of Uplands and ABD shoreline.
- ◆ Receive trucks delivering ecological material on a daily basis.
- ◆ Continue routine inspection of site work areas per approved permits and for safety purposes.
- ◆ Continue lake turbidity/perimeter air (dust) monitoring.
- ◆ Continue demobilization of equipment.
- ◆ Link contains perimeter monitoring (dust), turbidity, and wind direction plots. <http://pomptonlakesworks.com/environmental-monitoring/>

Notes:

There will be NO WORK conducted on Saturday, May 26th or on Memorial Day, May 28th.
