

Growing Grassroots: Building Capacity for Environmental Justice Work in the Southeast

We invite you to attend the third of five webinars created to forge collaborative relationships to benefit communities and promote sustainable growth. During this webinar, we hope you will learn about :

- ◆ Local, State and Federal agency missions, roles and responsibilities, and how these agencies work together in partnership with communities. Tools for win-win relationships (i.e., Appreciative Inquiry, conflict resolution, mini-listening sessions and collaborative problem-solving model and other outreach efforts).

and participate in:

- ◆ A listening session on how agencies can better work with communities.

Topic: Navigating and Getting to Know Your Local, State, and Federal Environmental Agencies

July 29, 2021 | 6:00 - 7:45 p.m. EST
