

## **July 29th Meeting Notes**

### **PPDC Emerging Technologies Workgroup Meeting Notes**

- The group approved past meeting notes for June 3<sup>rd</sup> and June 30<sup>th</sup>
- Representatives from AMVAC gave a presentation on their SIMPASS system, including Smart Cartridges, closed refillable containers, and What is Ultimus.
- Representatives from Greeneye Technology introduced themselves to the group and presented to the workgroup on their use of artificial intelligence in their selective spraying system.
- White Paper/Thoughts for next meeting: a reminder, in the form of a meeting invitation, was sent to the group, for everyone to try to have their entries into the outline document by August 20th, en route to a final draft to share with the PPDC on October 8th.
