

How to find resources at colleges and universities (CU):

1. Student Volunteers, Fellowships, Practicums, & Work Study

- Contact “Campus Life” or “Student Services” at CU; search for the above terms and the following terms at the local CU: “civic engagement” “community service” “community engagement” “local organizations”

2. Service Learning Classes

- Contact “Campus Life” at CU; search for the following terms at the local CU: “service learning class” “community engaged learning” “community scholars”

3. Capstone Projects & Theses

- Search for the following terms at the local CU: “practicum” “internship” “capstone” “thesis”
- EPA’s College/Underserved Community Partnership Program: <https://www.epa.gov/environmentaljustice/collegeunderserved-community-partnership-program>
- College and Community Partners Program: <https://c2p2works.com/>

1. Faculty (Professors & Scientists)

- Search for the local CU website for the content area of interest, starting broad then narrowing (e.g., “environment” “pollutant” “exposure” “air pollution” “asthma”)

2. Research Centers

- Go the national websites, find centers in your region, search for “community engagement” or explore local center’s website for content experts
- **CTSA:** <https://clic-ctsa.org>
- **Prevention Research Centers:** <https://www.cdc.gov/prc/center-descriptions/index.htm>
- **Prevention Research Centers:** <https://www.cdc.gov/prc/center-descriptions/index.htm>
- **Superfund Research Centers** <https://tools.niehs.nih.gov/srp/outreach/outreach2.cfm>

3. Today’s Presenters:

- Sacoby Wilson, Director, Center for Community Engagement, Environmental Justice, and Health (CEEJH) <https://www.ceejh.center/> (University of Maryland)
- Melanie Pearson, Director of Community Engagement, Emory University’s HERCULES Exposome Research Center: <https://emoryhercules.com/community/>
