US ERA ARCHIVE DOCUMENT

Proceedings for U.S. EPA's 2016 Recreational Waters Conference

# **Contents**

|       | Agenda   | 1    |
|-------|--|------|
| Day O | One One  |      |
|       | Session 1: Welcome Speakers  | 7    |
|       | Session 2: Trends in Beach Management  | . 13 |
|       | Session 3: Recreation Water Monitoring and Implementation Challenges/Successes | . 33 |
|       | Session 4: Citizen Science   | . 62 |
| Day 2 |  |      |
|       | Session 5: Epidemiology and Quantitative Microbial Risk Assessment             | . 91 |
|       | Session 6: Advances in Alternative Indicators and Measurement                  | 101  |
|       | Session 7: Pollution Source Identification, Tracking, and Sanitary Surveys     | 120  |
|       | Session 8: Harmful Algal Blooms Impact   | 140  |
| Day 3 |  |      |
|       | Session 9: Restoration and Remediation of Beaches                              | 163  |
|       | Session 10: Predictive Modeling and Forecasting                                | 182  |
|       | Poster Presentations   | 202  |
|       | List of Attendees  | 257  |

## U.S. EPA's 2016 Recreational Waters Conference Agenda

April 12–15, 2016 New Orleans, Louisiana

#### Tuesday, April 12, 2016 (Preconference Meetings and Activities)

| 8:00-6:00   | Registration  |
|-------------|---|
| 8:00-10:00  | Introduction to Federal and State Programs that Protect Human Health in Recreational Waters |
| 10:30-12:00 | Evaluating Water Quality at your Beach through Sanitary Surveys and Monitoring Data         |
| 1:30-3:00   | Data Submission and Verification  |
| 1:30-3:00   | Rapid Method: Quantitative Polymerase Chain Reaction  |
| 3:30-5:00   | Predictive Tools Forum  |
| 3:30-5:00   | qPCR Continued—Implementation Experiences   |

### Wednesday, April 13, 2016

| 7:00-4:00  | Registration  |
|------------|---|
| Session 1: | Welcome Speakers Session Chair: Tracy Bone, U.S. Environmental Protection Agency  |
| 8:30-8:45  | EPA Welcome<br>Tracy Bone, U.S. Environmental Protection Agency   |
| 8:45-9:05  | Protection of Recreational Waters Ellen Gilinsky, U.S. Environmental Protection Agency  |
| 9:05-9:45  | The Continuing Recovery and Renaissance of Lake Pontchartrain and Its Rivers Andrea Bourgeois-Calvin, Lake Pontchartrain Basin Foundation |
| 0.45 40.00 |   |

9:45-10:00 **Q & A** 

10:00-10:20 **BREAK** 

| Session 2:                                       | Trends in Beach Management  |
|--|---|
|  | Session Chair: Julie Kinzelman, Racine Department of Health   |
| 10:20-10:35                                      | The Broader Context of Beach Monitoring John Wathen, U.S. Environmental Protection Agency   |
| 10:35–10:50                                      | Providing and Promoting Recreational Water Quality Information through Mobile and Social Technology Trevor McProud, New York City Department of Health and Mental Hygiene   |
| 10:50-11:05                                      | Monitoring, Detection, and Management of Hazardous Algal Blooms in Freshwater Lakes East of San Francisco Bay Matthew Graul, East Bay Regional Park District  |
| 11:05–11:20                                      | Digging in: Understanding the Causes, Impacts, and How Best to Address Excessive Seaweed Accumulation on Maine's Coastal Beaches Keri Kaczor, University of Maine Cooperative Extension, Maine Sea Grant  |
| 11:20–11:35                                      | The Changing Geographic Distribution of Climate-Sensitive Pathogens in Recreational Water  Jonathan Yoder, Centers for Disease Control and Prevention   |
| 11:35-11:50                                      | Q & A   |
| 11:50-1:20                                       | LUNCH (on your own)   |
|  |   |
| Session 3:                                       | Recreation Water Monitoring and Implementation Challenges/Successes   |
| Session 3:                                       | Recreation Water Monitoring and Implementation Challenges/Successes<br>Session Chair: John Griffith, Southern California Coastal Water Research Project   |
| Session 3:<br>1:20–1:35                          | ,   |
|  | Session Chair: John Griffith, Southern California Coastal Water Research Project  Monitoring Beaches Statewide in Michigan for <i>E. coli</i> with qPCR (USEPA Draft Method C)  |
| 1:20-1:35  | Session Chair: John Griffith, Southern California Coastal Water Research Project  Monitoring Beaches Statewide in Michigan for E. coli with qPCR (USEPA Draft Method C)  Shannon Briggs, Michigan Department of Environmental Quality  Rapid Analyses of Water Quality at Five Chicago Beaches, 2015  |
| 1:20–1:35<br>1:35–1:50                           | Session Chair: John Griffith, Southern California Coastal Water Research Project  Monitoring Beaches Statewide in Michigan for E. coli with qPCR (USEPA Draft Method C)  Shannon Briggs, Michigan Department of Environmental Quality  Rapid Analyses of Water Quality at Five Chicago Beaches, 2015  Abhilasha Shrestha, University of Illinois, School of Public Health  Application of Rapid qPCR-Based Tests for Enterococci (Method 1611) in Hawaiian Coastal Waters   |
| 1:20–1:35<br>1:35–1:50<br>1:50–2:05              | Session Chair: John Griffith, Southern California Coastal Water Research Project  Monitoring Beaches Statewide in Michigan for E. coli with qPCR (USEPA Draft Method C) Shannon Briggs, Michigan Department of Environmental Quality  Rapid Analyses of Water Quality at Five Chicago Beaches, 2015 Abhilasha Shrestha, University of Illinois, School of Public Health  Application of Rapid qPCR-Based Tests for Enterococci (Method 1611) in Hawaiian Coastal Waters  Marek Kirs, University of Hawaii  Multi-Laboratory Survey of U.S. EPA Enterococci qPCR Methods Acceptability for Analyses of U.S. Coastal and Inland Waters  |
| 1:20–1:35<br>1:35–1:50<br>1:50–2:05<br>2:05–2:20 | Session Chair: John Griffith, Southern California Coastal Water Research Project  Monitoring Beaches Statewide in Michigan for E. coli with qPCR (USEPA Draft Method C) Shannon Briggs, Michigan Department of Environmental Quality  Rapid Analyses of Water Quality at Five Chicago Beaches, 2015 Abhilasha Shrestha, University of Illinois, School of Public Health  Application of Rapid qPCR-Based Tests for Enterococci (Method 1611) in Hawaiian Coastal Waters Marek Kirs, University of Hawaii  Multi-Laboratory Survey of U.S. EPA Enterococci qPCR Methods Acceptability for Analyses of U.S. Coastal and Inland Waters Richard Haugland, U.S. Environmental Protection Agency  Towards Field-Portable Instrumentation for Real-Time Water Quality Monitoring Using Digital Droplet PCR |

| Session 4: | Citizen Science   |
|------------|---|
|            | Session Chair: Ibrahim Goodwin, U.S. Environmental Protection Agency  |
| 3:10-3:25  | Keeping It Real: Creating and Managing Citizen Monitoring Programs for the Collection of Actionable Data Concerning Contact Recreation Water Quality Standards and Watershed Management  Erick Burres, California State Water Resources Control Board, Clean Water Team |
| 2.25 2.40  |   |
| 3:25–3:40  | The Surfrider Foundation's Blue Water Task Force: Citizen Science Applied to Enhance the Coverage and Effectiveness of State and Local Beach Programs  Mara Dias, Surfrider Foundation  |
| 3:40-3:55  | How's the Water? Using Community Science to Measure Fecal Indicator Bacteria and Improve Water Quality in the Hudson River Watershed  Dan Shapley, Riverkeeper  |
| 3:55-4:10  | Leveraging Volunteer Hours for Water Quality Restoration Michael Meyer, Chattahoochee Riverkeeper   |
| 4:10-4:25  | Our MS4 Permit—Reframing the Permit's Ownership through Citizen Science Jennifer McDonnell, Arlington County Department of Environmental Services   |
| 4:25-4:40  | Q & A   |
| 4:40-7:00  | Poster Session (Foyer of Ile de France Ballroom)  |
| Thursday,  | April 14, 2016  |
| 8:00-4:00  | Registration  |
| Session 5: | Epidemiology and Quantitative Microbial Risk Assessment   |
|            | Session Chair: John Ravenscroft, U.S. Environmental Protection Agency   |
| 8:30-8:45  | Acute Illness Associated with Ocean Exposure and Fecal Indicator Bacteria during Dry and Wet Weather: A Longitudinal Cohort Study of Surfers in San Diego, California  Ayse Ercumen, University of California—Berkeley  |
| 8:45-9:00  | Development of Site-Specific REC Criteria for a Tidal Creek using Peer-Reviewed, Stakeholder-Led QMRA Process  Dustin Bambic, Paradigm Environmental  |
| 9:00-9:15  | Preliminary Evidence for Asymptomatic Norovirus Infection Transmission Associated with Swimming at a Tropical Beach Timothy Wade, U.S. Environmental Protection Agency  |
| 9:15-9:30  | Evaluation of the Dry and Wet Weather Recreational Health Risks in a Semi-Enclosed Marine Embayment in Southern California  Sunny Jiang, University of California—Irvine  |
| 9:30-9:45  | Human-Associated Fecal qPCR Measurements and Simulated Risk of GI Illness in Recreational Waters Contaminated with Raw Sewage   |

9:45-10:00 Q & A 10:00-10:30 **BREAK** Session 6: Advances in Alternative Indicators and Measurement Session Chair: Stephen Weisberg, Southern California Coastal Water Research Project 10:30-10:45 Evaluation of Three Culture-Based Methods for Enumeration of Coliphage from **Ambient Waters** Asja Korajkic, U.S. Environmental Protection Agency 10:45-11:00 Coliphage Levels in the Effluents of Wastewater Treatment Plants Discharging Nearby **Great Lakes Beaches** Marirosa Molina, U.S. Environmental Protection Agency Advances in Measurements and Indicators for Determining Shellfish Growing Area 11:00-11:15 Classifications Adjacent to Wastewater Treatment Plant Outfalls Yaping Ao, U.S. Food and Drug Administration 11:15-11:30 Coliphages as Indicators of Gastrointestinal Illness in Recreational Waters: A Pooled **Analysis of Six Prospective Marine Beach Cohorts** Jack Colford, Jr., University of California—Berkeley 11:30-11:45 EPA's Development of Recreational Water Quality Criteria for Coliphage: Updates and **Experts Coliphage Workshop Overview** Sharon Nappier, U.S. Environmental Protection Agency 11:45–12:00 Q & A 12:00-1:30 LUNCH (on your own) Session 7: Pollution Source Identification, Tracking, and Sanitary Surveys Session Chair: Orin Shanks, U.S. Environmental Protection Agency 1:30-1:45 Florida Beach Geomorphology and Beach Management Practices Correlate with **Enterococci Percent Exceedances** Helena Solo-Gabriele, University of Miami 1:45-2:00Source Tracking of Ankle-Depth Water Quality Impairment at Freshwater Beaches in Ontario, Canada Thomas Edge, Environment Canada 2:00-2:15 Sources of Enterococci and their Relation with Environmental Factors at an Inland Beach Asli Aslan, Georgia Southern University 2:15-2:30 Temporal Stability of Fecal Bacteria and Microbial Source Tracking Markers in Water: **Implications for Source Allocation Using MST Markers** Mia Mattioli, Emory University 2:30-2:45 Exploring the Microbiome for New Approaches to Microbial Source Tracking Sandra McLellan, University of Wisconsin—Milwaukee 2:45-3:00 Q & A

| 3:00–3:30  | BREAK   |
|--|---|
| Session 8:   | Harmful Algal Blooms Impact   |
|  | Session Chair: Virginia Roberts, Centers for Disease Control and Prevention   |
| 3:30-3:45  | Cyanobacterial Blooms in Freshwater and Potential Health Impact in the United States Jiyoung Lee, Ohio State University   |
| 3:45-4:00  | Application of a Linked Hydrodynamic-Harmful Algal Bloom Model for Assessment of Management Scenarios to Impaired Long Island Embayments Raghav Narayanan, Anchor QEA   |
| 4:00-4:15  | Recreational Risk Management of Surface Waterbodies: Cyanobacteria Surveillance in Massachusetts Michael Celona, Massachusetts Department of Public Health  |
| 4:15-4:30  | Cyanotoxin Ambient Water Quality Criteria for Recreational Waters<br>John Ravenscroft, U.S. Environmental Protection Agency   |
| 4:30-4:45  | Anatoxin-a Poisoning in a Dog Associated with Exposure to a Minnesota Lake,<br>June 2015<br>Stephanie Gretsch, Minnesota Department of Health   |
| 4:45-5:00  | Q & A   |
| Friday. An   | oril 15, 2016   |
|  |   |
| 7:30–12:00   | Registration  |
| 7:30–12:00   |   |
| 7:30–12:00   | Registration  |
| 7:30–12:00   | Registration Restoration and Remediation of Beaches   |
| 7:30–12:00<br>Session 9:                                       | Registration  Restoration and Remediation of Beaches  Session Chair: John Wathen, U.S. Environmental Protection Agency  Developing and Implementing a "Healthy Beaches Action Plan"   |
| 7:30–12:00  Session 9: 8:00–8:20                               | Restoration and Remediation of Beaches Session Chair: John Wathen, U.S. Environmental Protection Agency  Developing and Implementing a "Healthy Beaches Action Plan" Sarah U'Ren, The Watershed Center Grand Traverse Bay  E. coli Decrease in Southern and Western Lake Michigan: Management, Meteorology, or Mussels?   |
| 7:30–12:00  Session 9:  8:00–8:20  8:20–8:40                   | Restoration and Remediation of Beaches Session Chair: John Wathen, U.S. Environmental Protection Agency  Developing and Implementing a "Healthy Beaches Action Plan" Sarah U'Ren, The Watershed Center Grand Traverse Bay  E. coli Decrease in Southern and Western Lake Michigan: Management, Meteorology, or Mussels? Richard Whitman, formerly with U.S. Geological Survey  Turbulence and Triumph: Tackling the Complex Challenges Related to Healthy Beaches   |
| 7:30–12:00  Session 9: 8:00–8:20 8:20–8:40 8:40–9:00           | Restoration and Remediation of Beaches Session Chair: John Wathen, U.S. Environmental Protection Agency  Developing and Implementing a "Healthy Beaches Action Plan" Sarah U'Ren, The Watershed Center Grand Traverse Bay  E. coli Decrease in Southern and Western Lake Michigan: Management, Meteorology, or Mussels? Richard Whitman, formerly with U.S. Geological Survey  Turbulence and Triumph: Tackling the Complex Challenges Related to Healthy Beaches Kathleen Bell, University of Maine School of Economics  The Multidimensional Benefits to Beach Remediation and Restoration  |
| 7:30–12:00  Session 9: 8:00–8:20 8:20–8:40 8:40–9:00 9:00–9:20 | Restoration and Remediation of Beaches Session Chair: John Wathen, U.S. Environmental Protection Agency  Developing and Implementing a "Healthy Beaches Action Plan" Sarah U'Ren, The Watershed Center Grand Traverse Bay  E. coli Decrease in Southern and Western Lake Michigan: Management, Meteorology, or Mussels? Richard Whitman, formerly with U.S. Geological Survey  Turbulence and Triumph: Tackling the Complex Challenges Related to Healthy Beaches Kathleen Bell, University of Maine School of Economics  The Multidimensional Benefits to Beach Remediation and Restoration Greg Kleinheinz, University of Wisconsin—Oshkosh |

#### Session 10: Predictive Modeling and Forecasting

Session Chair: Mike Cyterski, U.S. Environmental Protection Agency

10:15-10:30 Implementing Predictive Models: Practical Advice and New Tools

Adam Mednick, University of Wisconsin Sea Grant Institute

10:30-10:45 California Beach Water Quality Nowcasting

Leslie Griffin, Heal the Bay

10:45-11:00 Predictive Modeling and Forecasting of Water Quality at Recreational Beaches along

**Gulf of Mexico Coast** 

Zhiqiang Deng, Louisiana State University

11:00-11:15 Using Probabilities of Enterococci Exceedance and Logistic Regression to Evaluate Long-

**Term Weekly Beach Monitoring Data** *Jay Fleisher, Nova Southeastern University* 

11:15–11:30 Development of a Predictive Spatial Model to Understand the Connection between

Rainfall Events and Beach Water Quality Lance Larson, Natural Resources Defense Council

11:30–11:45 **Q & A** 

11:45–12:00 Conference Wrap-Up

Sara Hisel-McCoy, U.S. Environmental Protection Agency
