

Navigating the Create a Report Workflow

This job aide guides you through the report creation process from the MyCEDRI Dashboard. From the MyCEDRI dashboard click the 'Create a Report' button to start a new report (Exhibit 1).

The screenshot shows the MyCEDRI dashboard interface. At the top, there is a navigation bar with the EPA CEDRI logo and the text "(Compliance and Emissions Data Reporting Interface)". The user is logged in as Tom Wible, a Certifier. Below the navigation bar, there is a section titled "What would you like to do?" with four main buttons: "Create a Report" (highlighted with a red box), "Complete Reports Under Development", "View Submitted Reports", and "Manage Facilities". To the right of these buttons are "My Notifications" and "My Resources" sections. The "My Facilities" section contains a table with the following data:

EPA Registry ID	Program ID	Facility Name	Facility Address
11000242353	CEDRI1601	EXXON CO USA #20796	17200 LEE JACKSON MEMORIAL HWY FAIRFAX, VA 22033 FAIRFAX COUNTY

At the bottom of the dashboard, there is a footer with contact information and a logo.

Exhibit 1

The first step in the Create Report workflow is selecting the type of report you are submitting by clicking the applicable report type in the 'Select Report Type' window (Exhibit 2).

CEDRI has two reporting workflows:

1. Electronic Report Tool (ERT) workflow used to submit 'Performance Test / Evaluation Reports'
2. Non-ERT workflow used to submit "Notification Reports", 'Periodic Reports', and 'State/Local/Tribal Rule or Permit' reports.

Both workflows begin with the same Step 1: Select Report Type (Exhibit 2). Depending on the Report Type selected the applicable workflow is initiated.

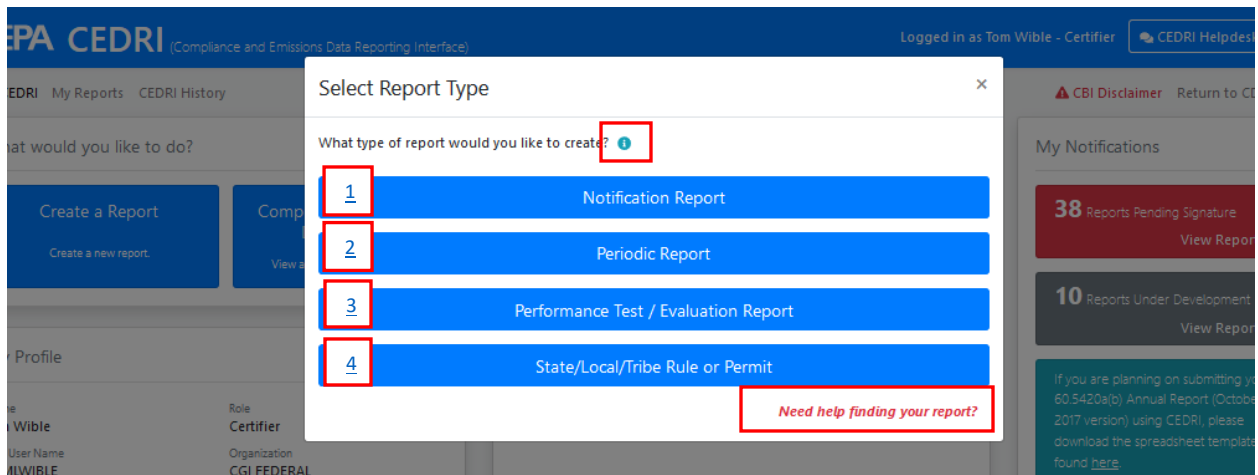

Exhibit 2

1. [Notification Report](#)
2. [Periodic Report](#)
3. [Performance Test / Evaluation Report](#)
4. [State/Local/Tribal Rule or Permit](#)

If you are unsure of which Report Type to select, click the Help icon (i) to view 'Report Type Examples' or click the "Need help finding your report?" to view a downloadable list of reports you may submit using CEDRI. Reports are organized by regulation part, sub-part, sector and source category.

Non-ERT Reporting Workflow

Selecting 'Notification Report', 'Periodic Report', or 'State/Local/Tribal Rule or Permit' (Exhibit 2), takes you to the second step of the Create Report workflow (Exhibit 3) where you may select one or more reports to submit. State/Local/Tribe Rule or Permit gives the choice Other Report from the drop down menu

Note: There are three sub-steps to selecting reports:

1. Enter search criteria to locate the report(s) to be submitted (Exhibit 3).
2. Search for Reports you wish to submit (Exhibit 4).
3. Add report(s) from the 'Search Results' to your 'Selected Reports' list (Exhibit 5).

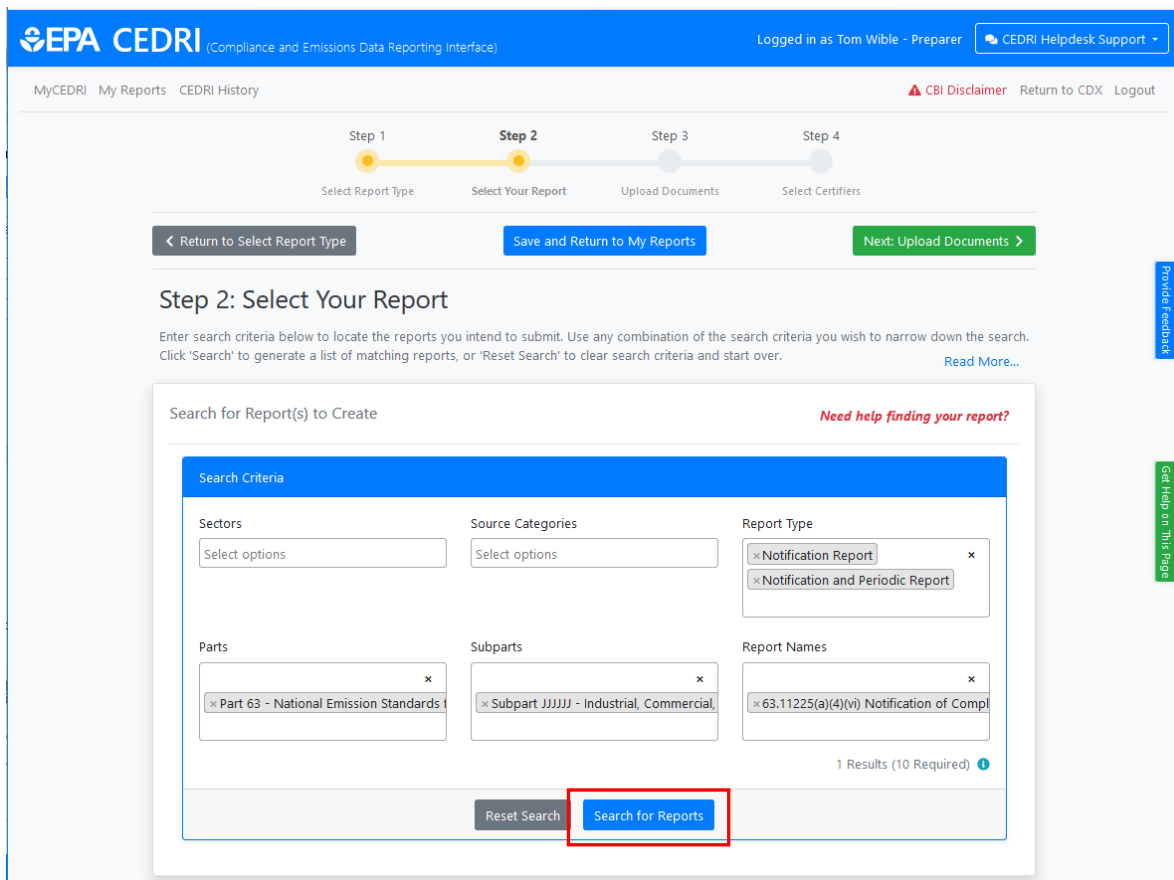

Exhibit 3

The following search criteria is available to locate the reports you intend to submit to EPA:

Criteria	Description
Sectors	Industry sector in which your facility operates
Source Categories	Industry group classification for facilities emitting toxic air pollutants
Report Type	Automatically populated based on Report Type selection.
Parts	40 CFR Regulation Part
Subparts	40 CFR Regulation Subparts
Report Names	Citation reference from applicable 40 CFR Part/Subpart

Follow the steps to create, name and upload Other Report to CEDRI, then submit.

After entering your search criteria, click 'Search for Reports' (Exhibit 3) to display selected reports in the 'Search Results' table (Exhibit 4).

Click the 'Next: Select Your Reports' button (Exhibit 10), and you are taken to the 'Select your Reports' page (Exhibit 11). To specify the reports satisfied by the ERT file you must first search for the reports using the 'Sectors', 'Source Categories', 'Parts', 'Subparts' and/or 'Report Names' search criteria. Not all criteria are required, but enough criteria must be specified to limit search results to no more than 10 reports.

- Search criteria may be cleared by clicking 'Reset Search' (Exhibit 11).
- After selecting desired fields, click 'Search for Reports' (Exhibit 11) to select the report(s) satisfied by your submission.

Note: A single ERT file may satisfy multiple reporting requirements. Select all reports that correspond to the 40 CFR reporting requirement being satisfied by the ERT. Click "*Need help finding your report?*" to view / download a list of 40 CFR reporting requirements supported by CEDRI.

Exhibit 11

Reports satisfying your search criteria are displayed in the Search Results section of the page (Exhibit 12). Click the 'New Search' button if the reports you are looking for are not listed.

Select all applicable reporting requirements and click then 'Add' in the Action column. This adds the reporting requirement to the Selected Part(s) and Subpart(s) section of the page. These reports are added to your submission as the reporting requirements satisfied by the ERT file previously uploaded.

Step 3: Select Your Reports

Enter search criteria below to locate the citation references for the ERT file loaded in the previous step. Click 'Search' to generate a list of matching reports, or 'Reset Search' to clear search criteria and start over.

Note: For both workflows (ERT or non-ERT) Step 4 is the same process for all report types.

Selecting 'Next: Notify Certifier' or 'Next: Sign and Submit' takes you to Step 4 of the workflow where you:

1. Specify the facility submitting the report.
2. Allow access to other Preparers for the facility.
3. Notify Certifiers for the facility the reports are ready to submit.
4. Review the report(s) being submitted.

This step is explained for both workflows in [Workflow Step 4 - Reviewing and Submitting Reports](#).

Workflow Step 4 - Reviewing and Submitting Reports

The final step of the reporting workflow differs slightly by role. Instructions for completing the final step are presented each time this step of the workflow is entered (Exhibit 14). Click 'OK' to proceed with Step 4.

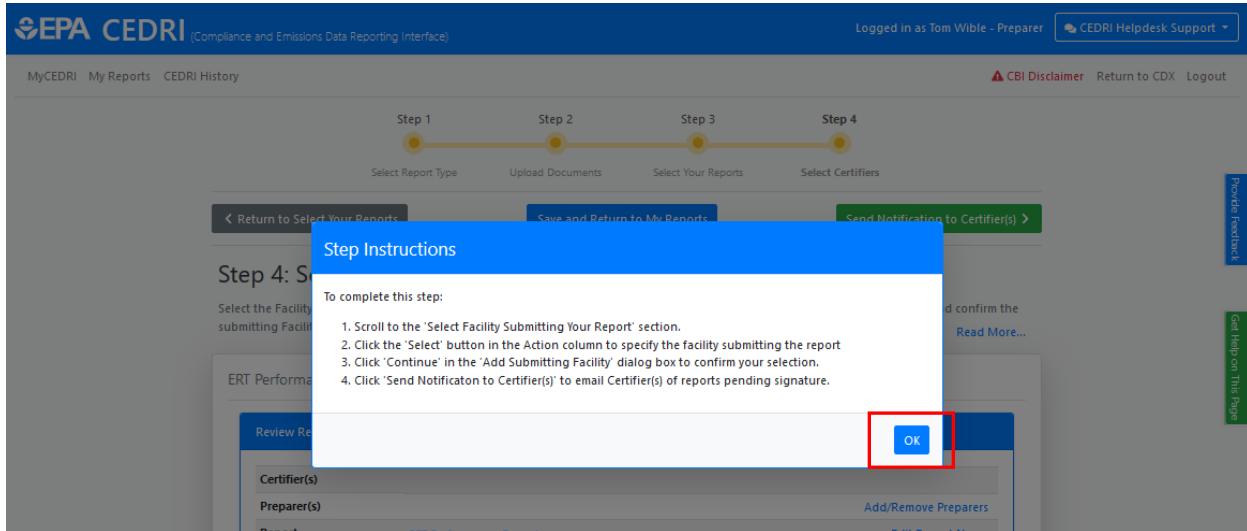

Exhibit 14

Both roles must first specify the facility submitting the report so that Certifiers and if necessary, additional Preparers, may be given access to the report(s).

Once the facility submitting the report(s) is specified the available actions differ by role:

Select Facility Submitting Your Report

Since multiple reports may be included in a submission, and multiple facilities may be included in each report, the facility submitting the report(s) must be identified. This allows CEDRI and CDX to provide access control to users associated with the specified facility.

To specify the facility, in the 'Select Facility Submitting Your Report' section, click the 'Select' button next to the Facility Address to specify the facility (Exhibit 15). Only one facility may be selected. To change your selection click the 'Select' button for a different facility. If only one facility is listed, you may not de-select the facility.
