Re: SIP Approval & Minor Modification LANL Stormwater Individual Permit - NPDES Permit No. NM0030759

Dear Mr. Thomson and Mr. Bishop:

The Environmental Protection Agency (EPA) has reviewed the updated 2022 Sampling Implementation Plan (SIP) for the Los Alamos National Laboratory Stormwater Individual Permit, NPDES Permit No. NM0030759, submitted electronically on June 22, 2023. Based on these updates, the EPA is approving the 2022 SIP and including it as attachment E-1 to Permit No. NM0030759 via a minor modification to the Permit under Part I.E.2 of the Permit and 40 C.F.R. § 122.63(b).

We cordially ask that you include the attached pages in your permit. Should you have any questions regarding the final permit, please feel free to contact Ruben Alayon-Gonzalez of the NPDES Permitting Section at the above address or by telephone: (214) 665-2785, or by E-mail: alayon-gonzalez.ruben@epa.gov.

Sincerely yours,

Brent E. Larsen
Supervisor
NPDES Permitting and Wetlands Section
