

U.S. EPA Great Lakes National Program Office – Great Lakes Restoration Initiative 2023 Request for Applications to Create Great Lakes Environmental Justice Grant Programs (GLEJGPs) Revisions

Modification – July 21st, 2023

III.C – Threshold Eligibility Criteria

On page 24, item i.x. was changed *from*:

Applications focused only on monitoring and scientific research will not be considered.

to:

Applications focused only on monitoring will not be considered. Scientific research activities will not be considered.

On page 24, the following items is added under the heading **Ineligible activities**:

- *Applications focused solely on monitoring activities;*
- *Activities related to septic system inspection, maintenance, repair, replacement, or installation.*

The purpose of these changes is to clarify that work related to scientific research and septic systems is ineligible for funding, and projects focused solely on monitoring are not eligible under this Request for Applications.

Modification – August 4th, 2023

On page 1 (and mentioned on page 25, 26), the **Closing Date and Deadline for submitting applications** was changed from:

August 11, 2023, 11:59 Eastern Standard Time (EDT)

To:

September 15, 2023, 11:59 Eastern Standard Time (EDT)

On page 1, the **Expected notification** to selected applicant was changed from:

October 2023 (Estimated)

To:

November 2023 (Estimated)

On page 1, the **Expected announcement** of award was changed from:

January 2024

To:

February 2024

The purpose of these changes is to reflect the extension of the deadline for submitting applications to the RFA to allow additional time for potential applicants to complete their applications.

Modification – August 8th, 2023

Modification 3 corrected clerical errors and incorporated Modifications 1 and 2 into a single document.
