Dear Ms. Trine:

Re: Delegation Update, 40 CFR 60 and 40 CFR 63

This letter is to notify your office of amendments to state rules to enforce federal standards promulgated under Section 112 (National Emission Standards for Hazardous Air Pollutants (NESHAPS)) and Section 111(c) (New Source Performance Standards (NSPS)) of the Clean Air Act. The delegation mechanism for NESHAPS resides with U.S. EPA's final rule addressing delegation of authority (65 FR 55809, September 14, 2000) and final rule approving Indiana's Section 112(l) Program of Delegation (62 FR 36460, July 8, 1997) and for NSPS with Indiana's delegation memo dated April 5, 1988.

U.S. EPA issued final rules in July 1997, March 2000, April 2004, January 2006, August 2006, September 2006 (2), and July 2007, delegating Indiana implementation and enforcement authority for Section 112(l) standards promulgated through those dates, respectively.

NESHAPS

This notification covers those Section 112 standards adopted into Indiana Administrative Code at 326 IAC 20. LSA rulemaking #11-472 will be effective on April 27, 2012, amending the definition to references to the [CFR at 326 IAC 1-1-3](#) to mean the July 1, 2011 edition. This annual update is the process that Indiana uses to update NESHAPS incorporated by reference at 326 IAC 20 to include amendments to NESHAPS made at the federal level. The Industrial, Commercial, Institutional Boilers and Process Heaters NESHAP at 40 CFR 63, Subpart DDDDD was amended on March 21, 2011 (76 FR 15607), but subsequently stayed on May 18, 2011, and therefore it is not included as part of the 2011 CFR annual update. A complete list of previously delegated Section 112 standards (Enclosure A) is also enclosed.

NSPS

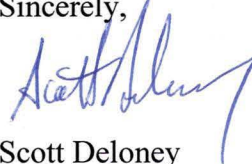

This notification also covers NSPS standards adopted into Indiana Administrative Code at 326 IAC 12. LSA rulemaking #11-472 will be effective on April 27, 2012, amending the definition to references to the [CFR at 326 IAC 1-1-3](#) to mean the July 1, 2011 edition. This annual update is the process that Indiana uses to update 326 IAC 12, which incorporates by reference 40 CFR 60, to include amendments to NSPS made at the federal level. The Commercial and Industrial Solid Waste Incineration NSPS at 40 CFR 63, Subpart CCCC was amended on March 21, 2011 (76 FR 15703), but subsequently stayed on May 18, 2011, and therefore it is not included as part of the 2011 CFR annual update.

The following NSPS standards were amended or added at the federal level between July 2009 and July 2011:

<u>NSPS</u>	<u>Part 60</u>	<u>FR Date(s)</u>
Hospital/Medical/Infectious Waste Incineration	Ec	10/6/09 and 4/4/11
