

Sec. 4-16. Right of entry of city employees; search warrants.

(a) In the performances of their duties, the director and other employees of the Bureau are hereby authorized to enter upon and into premises or buildings with permission of the owner or occupant thereof to make inspection of all the premises or building, to collect and preserve evidence of all facts of violation of these regulations, or to perform any duty imposed upon them by this regulation.

(b) Alternatively, the director or other employees of the Bureau or any other law enforcement officer may obtain a search warrant from the city court of the municipality if the premises lie within a municipality which has a city court, or from the state court of the county, as other search warrants are issued upon a showing of probable cause to believe that the provisions of this regulation or the rules and regulations thereof have been or are being violated, and may thereafter enter upon or into the premises or buildings and obtain, collect and preserve evidence or perform any duty imposed upon them by this chapter.
