EPA-R9-2018-008439	Mrs. Sandra L Demoruelle		Aloha, I request two copies of the Pahala and Naalehu environmental review documents named above be sent to me for placement in the Kau Libraries. Thank you, Sandra Demoruelle, President Friends of the Ka'u Libraries P.O. Box 588, Naalehu HI 96772-0588 The County of Hawaii Department of Environmental Management (COHDEM), in compliance with the Naalehu Project Schedule (the Consent Order (AOC) Attachment B Table 1 dated 4/20/2017, ID# 6 "3 HRS 343 EA/PER for Naalehu - B&C (Contract 2), has stated that they have performed an Environmental Site Assessment (ESA) and Preliminary Engineering Report (PER) for this wastewater treatment plant (WWTP) and began the "EA Process" on 11/30/17. No reason is given for an "EA Process" when AOC comments pointed to significant EIS triggers back in May 2017 - but the important point is the COHDEM and Brown & Caldwell (B&C) are proceeding on two Ka'u WWTP projects with no publication of notice in The Environmental Notice (TEN)! Please insist that all environmental review documents be made available to the community as required by Hawaii statutes. Thank you for your concern with these over-priced, unwanted WWTPS that will be forever an albatross for the COH taxpayers. The community all agreed on LCC conversion to septic for \$3,600,000 with the 2007 FEA - which has never been withdrawn on TEN. COHDEM "scrapped" that LCC solution and went for 2 full-size secondary WWTPs with absolutely no TEN notice - and now they are denying the community access to the environmental review documents underlying their current 2018-19 CIP project budget decisions. Thank you so much for your help in getting us these UIPA requested records. Sincerely, Sandra Demoruelle	6/4/2018

EPA-R5-2018-008231	Abigail R Shurtieff	Tower Engineering Professionals, Inc.	NRC Report #910144 My company is performing a Phase I Environmental Site Assessment (ESA) for an existing communications tower in Wayne County, Michigan. As part of that process we look for records of potential environmental concern, and the company that we use found a record on the parent property of the tower, which I'd like to see if you have any additional information on and/or would know who to contact about the issue. The property in question is located at 9750 Belleville Road, Belleville, MI 48111 and is occupied by Waterworks Car Wash. A call was placed and filed in the EPA's Emergency Response Notification System (ERNS) on 06/22/2009 stating that "various car washing chemicals were being dumped on the property. Particularly, the caller said various chemicals are "poured out on rainy days when the car wash is closed" and that dumping occurred at the back of the property (where there is a storm-water retention pond). The report I have lists land and soil as the primary mediums of concern, but I'm much more inclined to think storm-water runoff and particularly the pond on the property would have been affected. My question is "do you have any additional information on what action was taken in response to the ERNS call?"	6/1/2018

EPA-R9-2018-008200	Lindsay Garner	HSG, LLC	Hello, My name is Lindsay Garner and I work for HSG, LLC, a contractor to the Federal Government. HSG is currently preparing a Potentially Responsible Party (PRP) Search Report for the U.S. National Park Service (NPS) regarding two right of ways (ROWs) known as CARI-01328 and CACA-00390. These ROWs deliver water and electrical service to the Goldome Mill site (EPA ID: CAN000908600), which had a removal action completed. I have reviewed the Administrative Records for the Goldome site available online at https://cumulis.epa.gov/ . Are there other files (including confidential, sensitive, privilege, other) for the Goldome Mill site that the U.S. Environmental Protection Agency could provide to HSG, as a government contractor, or directly to the U.S. NPS (i.e., David Burdette, NPS Project Manager) as relevant information regarding the target ROWs could potentially be included with the Goldome Mill files. For example, if excavation work was completed at the Goldome Mill, underground services may have been located, documented, etc. If further information is needed, please do not hesitate to contact me. Thank you, Lindsay Garner	5/31/2018

EPA-HQ-2018-008193	Ms. Joelle M Strom	University of Cincinnati	In an effort to determine a safe threshold level of airborne manganese, Dr. Erin Haynes at the University of Cincinnati is undertaking a project investigating the historic levels of manganese pollution in Marietta, OH. I am gathering data for this analysis, and attempted to access the Emissions Inventory System, although this database appears to be closed to the public. For our analysis, we need the manganese (or manganese compound) emission report for Eramet Marietta Incorporated. The address of this industry is 16705 OH-7, Marietta, OH 45750. An ideal data set would include monthly and annual emissions data for this point source from January 1999 to December 2013. All supplementary information in the report about stack diameter, stack height, gas temperature, etc. is important for our analysis. The reports for each individual stack at the refinery at each time point, as well as the fugitive emissions reports at each time point, are necessary. I am requesting these emissions reports for our public health research.	5/31/2018

EPA-R5-2018-008150	Mr. Tony Kollasch	SCS Engineers	I am looking for a report referenced in a journal related to a Chicago Incinerator (possibly the Chicago SW Incinerator at 1500 Pershing?). The report was prepared by Dames & Moore in 1995, and had a title that resembled "RCRA Facility Investigation - Final Report". Can you help locate this report? We are doing research on heavy-end hydrocarbons in manufactured gas and in process ash. The document may play a role in a lawsuit by an Illinois municipality. Thanks.	5/30/2018
EPA-R3-2018-008107	Phil Gray	ATC Group Services	Target Property: 834 North Easton Road, Plumstead Township, Bucks County, PA 18902 To Whom It May Concern, ATC Group Services (ATC) is conducting a review of government regulatory databases to identify recognized environmental conditions associated with the above referenced parcel in Plumstead Township, Bucks County, PA. Through the EPA's Informal Review Process, ATC is respectfully requesting any information regarding known environmental conditions at these property. Specifically, we are requesting information regarding discharges to the property (if any), the presence of any contaminants on the property and above/under-ground storage tanks on the property. If such information exists, we would appreciate the opportunity to review it at your earliest convenience. Thank you.	5/30/2018

EPA-R6-2018-008144	Soren Gisleon	Herman, Herman & Katz	My office is looking for any and all documentation on the Release of any and all hazardous materials, including but not limited to, lubricating oil and diesel exhaust fluid from the Lard Oil facility located at 914 Florida Avenue, SW, Denham Springs, Louisiana occurring on August 13, 2016 & August 19, 2016 that may be in the possession or control of the US EPA. (1) we would like our FOIA request to include CBI; (2) no need for it to be substantiated but would like an index of withheld information; (3) we would like a Denial Log; (4) we will increase our fee commitment to \$1,000. We authorize production of these materials in electronic format. Any information would be greatly appreciated. Feel free to contact me by email or phone should you have any questions.	5/30/2018

EPA-R2-2018-008101	Ms. Jennifer Tharp	Squire Patton Boggs	This is a request under the Freedom of Information Act (FOIA), 5 U.S.C. § 552 and implementing regulations in Part 2 of Title 40 of the Code of Federal Regulations. I am requesting copies of all records that contain information having anything to do with the Limetree Bay Terminals (LBT) facility and air permitting within the past three years. Such records could include, without limitation, information pertaining to projects regarding the restart of idled refinery units as part of the MARPOL Project; an independent LBT project to produce Renewable Diesel Fuel; and LBT's addition of a deeper water loading configuration to its facility. Please search for responsive records regardless of format, medium, or physical characteristics. We seek records of any and all kind, including but not limited to, electronic records, audiotapes, videotapes, photographs, and computer printouts. If you believe that some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable, non-exempt portions of the requested records. See 5 U.S.C. § 552(b). If it is your position that a document contains non-exempt portions of records and that those non-exempt portions are so dispersed throughout the documents as to make segregation impossible, please state what portion of the document is non-exempt, and how the material is dispersed through the document. Mead Data Central v. Department of the Air Force, 455 F.2d 242, 261 (D.C. Cir. 1977). If a request is denied in whole, please state specifically that it is not reasonable to segregate portions of the record for release. If you have any questions regarding this request, please contact me. I look forward to receiving your response, and thank you for your consideration of this request.	5/29/2018

EPA-R3-2018-008081	Darryl Bates	Magnate LLC	Magnate LLC respectfully requests the following information to do with the EPA operation at 523 Aileen Road, Edinburg VA. 22824; in order to complete the record: Who originally contacted you, pertaining to the conditions at 523 Aileen Road, Edinburg Va. And from what agency was he / she , the representative thereof? Is it unusual for EPA to be present for an illegal dumping complaint? Who made the decision to request permission from Magnate LLC to inspect property? What part of the "risk" findings were found on second testing trip, (Nov, 15-16) that weren't found on the first testing trip, (May 5-6)? Who or whom did you have communication with from local authorities concerning the your testing between your first trip and second trip and when? Who or whom made the determination to move October 11, 2017 meeting from Aileen site to DEQ offices in Harrisonburg? Is it common practice for EPA to use "Super Fund" money to remedy one piece of deteriorating asbestos pipe wrap. a small piece of asbestos pipe wrap used to contaminate a 100 ton pile ofTectum with a history of being asbestos and PBC free, and to remediate a basement of PBCs and asbestos debris that could be easily sealed off from humans, water and air?	5/29/2018
EPA-R2-2018-008078	Mrs. Jacqueline G Bruce	Tetra Tech, Inc.	Freedom of Information Act Request 44 County Road 7, Copake, NY 12521 Dear Records Access Officer: (1) Please email the following records if possible: Tetra Tech Inc. (Tetra Tech) is conducting a Phase I Environmental Site Assessment (ESA) at the above-mentioned property. This investigation is being conducted in order to identify evidence of any recognized environmental conditions (REC) that may have an adverse environmental impact upon the subject property. Tetra Tech is requesting any records you may have concerning the property of interest. Any assistance from your office would be greatly appreciated. (2) If all the requested records cannot be emailed to me, please inform me by email of the portions that can be emailed and advise me of the cost for reproducing the remainder of the records requested (\$0.25 per page or actual cost of reproduction). (3) If the requested records cannot be emailed to me due to the volume of records identified in response to my request, please advise me of the actual cost of copying all records onto a CD or floppy disk. (4) If my request is too broad or does not reasonably describe the records, please contact me via email so that I may clarify my request, and when appropriate inform me of the manner in which records are filed, retrieved or generated. If it is necessary to modify my request, and an email response is not preferred, please contact me at the following telephone number: 845-695-0273. If for any reason any portion of my request is denied, please inform me of the reasons for the denial in writing and provide the name, address and email address of the person or body to whom an appeal should be directed. Thank you in advance for spending time on this matter.	5/29/2018
EPA-R9-2018-008607	Mr. Francisco Da Costa	Environmental Justice Advocacy	Please provide me all information - pertaining to Community Benefits - all grants and other monies provided to the various entries - as mentioned in the attached two document - all this and what else available under the Freedom of Information Act and Privacy Act. To be more specific all Community Benefits handled by Dwayne Jones, Masood Ordikani, and Juliet Ellis - the amount of disbursements made to the heads of the entities. One of the attached document have their names - you just have to do down the line and do due diligence. I am specifically interested in millions of dollars given to Young Community Developers - and expanded by Walton Shamann - he is running for District 10 and his main benefactor is Dwayne Jones using tax payers money as a tool - acting as a consultant and pandering. You have in the past not been transparent - I leave the Federal Bureau of Investigation and the SF Controller's Office to do the heavy lifting - when it comes to the investigation per se. What is important to note - as we follow the money - empirical data is critical to send these crooks to jail. Scum of the Earth. Therefore I am asking you do due diligence - provide me in toto - what I am requesting -we have a team now working on the crooks - corrupt to the core - embedded at 525 Golden Gate Avenue - the headquarters of SF Public Utilities Commission. Attached to this email again - are all the beneficiaries - I have the boiler plate agreement - please provide me the actual signed agreements. You just have to go down the list of the two attachments and do your best. My main aim to find out what is the grant really about and how are these corrupt entities - most of them NOT respected by the suffering community - going to expand the grants. All these grant monies are tax payers money - and these crooks embedded in 525 Golden Gate Avenue and making hay while the sun shines. This nonsense has been going on since 2012 - and must come to an end.	5/29/2018

EPA-R10-2018-008074	Jeff Callis		Good Morning, In October of 2014, the EPA, along with the Nuclear Regulatory Commission and the Idaho Department of Environmental Quality, became involved when radioactive materials were found in an apartment unit at the Renaissance Apartments at Hobble Creek in Boise, Idaho. Two vehicles belonging to the renters of the apartment unit needed to be cleaned by the EPA of radioactive contamination. Could you tell me the year, make, and model of the two vehicles that needed to be cleaned? My request is that I be given information (notes) related to the vehicles that were owned by the residents of the apartments and cleaned by the EPA. I live in REDACTED and want to be assured that when me or anyone in my immediate family might buy a car from the used-car market that we are able to avoid unintentionally buying one of the cars that needed to be cleaned because of that incident.	5/29/2018

EPA-R7-2018-008044	Mr. Christopher Ball	Foley and Mansfield	We are requesting certified copies of all records related to inspections the EPA conducted at the facility located at 6040 N. Lindbergh Blvd., Hazelwood, Missouri. The facility operated under three different names: Kroger, Schnuck's Dairy, and Prairie Farms Dairy. We would like all records related to inspections during the years 1970 - 1995. Thanks for asking! Since this facility is a dairy, I was looking for any inspections that might reference the cleanliness or uncleanliness of the site itself. I know that is not necessarily the EPA's purview, but if there was some sort of contamination of the facilities air of the structure itself, that was what I was hoping to capture. I had made a previous request specific to records of asbestos at the site, but I wanted to make a broader request to see if I could capture the general cleanliness of the inside of the facility in question. So, I am guessing that I'd probably be looking for inspections relating to the air, etc.	5/25/2018

EPA-R4-2018-008020	Alexander Ross	United Consulting	We are conducting a Phase II evaluation of the environmental contamination and exposure related to the historic facility located at 1121 Allene Avenue, Atlanta, Georgia, Fulton County, 30310. In operation under the name J & W Pallet and Drum Company. As the target of concern is the underway 'Atlanta Beltline, Southern Corridor Expansion', an extensive public multi-use trail to span around Atlanta proper, we seek to more fully understand the potential of exposure and therefore obtaining additional records. Through standard regulatory review, provided by private third-party research, the facility was listed on the CERCLIS databases (ID # 0407788). If at all possible it would be immensely useful to have access to underlying reports concerned with the CERCLIS status of the site, specifically as it relates to contaminant monitoring, previous groundwater modeling, or current status of anticipated/executed actions.	5/24/2018

EPA-HQ-2018-007923	Ms. Jeralyn Moran		I understand that you, the EPA, are barring the Associated Press, CNN and the environmental-focused news organization E&E from a national summit on harmful water contaminants. This is WRONG! I hear they were not invited and there was no space for them, but gave no indication of why they specifically were barred. PLEASE COMMUNICATE TO ME WHY THIS DECISION IS IN PLACE. The health of our Environment depends on inclusive, long-view decisions - this includes transparency for all Americans who care about the future. I am ashamed of our Country at this terrible time under the Trump Administration, and will do all I can to stop this damage.	5/22/2018

<p>Dear FOIA Officer: Pursuant to the federal Freedom of Information Act, 5 U.S.C. &sect; 552, I request access to and copies of the Environmental Protection Agency (EPA) Region 3 headquarters visitor log from January 1, 2018 to date of processing. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Through this request, I am gathering information on those meeting with EPA officials and staff that is of current interest to the public because of concerns around government accountability and transparency. This information is being sought on behalf of ThinkProgress for dissemination to the general public. I would like to receive all information in a digital format (.pdf, .doc, .docx, .xls). Please waive any applicable fees. Release of the information is in the public interest because it will contribute significantly to public understanding of government operations and activities. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a journalist and this information is of timely value, I would appreciate your communicating with me by telephone, rather than by mail, if you have questions regarding this request. I look forward to your reply within 20 business days, as the statute requires. Thank you for your assistance. Sincerely, Kyla Mandel</p>

EPA-R4-2018-007848	Alexander Ross	United Consulting	We are conducting a Phase II evaluation of the environmental contamination and exposure related to the historic facility located at 72/78/80 Milton Avenue, Atlanta, Georgia, Fulton County, 30315. In operation under the name “U.S. Plating & Bumper Service“. As the target of concern is the underway 'Atlanta Beltline, Southern Corridor Expansion', an extensive public multi-use trail to span around Atlanta proper, we seek to more fully understand the potential of exposure and therefore obtaining additional records. Through standard regulatory review, provided by private third-party research, the facility was listed on the CERC-NFRAP database (ID “ 0405958). If at all possible it would be immensely useful to have access to underlying reports concerned with the precise status of the site, specifically as it relates to historic contaminant monitoring, previous groundwater modeling, or status updates.	5/21/2018

EPA-R4-2018-007847	Mr. Alexander Ross	United Consulting	We are conducting a Phase II evaluation of the environmental contamination and exposure related to the historic facility located at 1214/1246 Allene Avenue, Atlanta, Georgia, Fulton County, 30310. In operation under the names ESB, Inc. and/or EXIDE Technologies. As the target of concern is the underway 'Atlanta Beltline, Southern Corridor Expansion', an extensive public multi-use trail to span around Atlanta proper, we seek to more fully understand the potential of exposure and therefore obtaining additional records. Through standard regulatory review, provided by private third-party research, the facility was listed on the GA-SHWS and CERCLIS databases. If at all possible it would be immensely useful to have access to underlying reports concerned with the CERCLIS status of the site, specifically as it relates to contaminant monitoring, previous groundwater modeling, or current status of anticipated/executed actions. Thank you very much for your time!	5/21/2018

EPA-R2-2018-007792	Ms. Yessenia Funes	Gizmodo Media Group	On Sept. 20, Hurricane Maria hit the island of Puerto Rico. EPA Public Affairs Specialist Elizabeth Sundin informed us that the Battery Recycling Superfund site in Arecibo, Puerto Rico, suffered some flooding in the hurricane's wake. In light of this knowledge, the concern residents of Arecibo has voiced to us, and prior incidents related to the Battery Recycling Company's site (before becoming a Superfund) where the EPA knew lead was leaching and failed to act in a timely manner to avoid a health crisis, we seek to shed light on the extent of the flooding that occurred after Hurricane Maria, and any contamination that may have resulted from it. Requested Records We request that EPA produce the following communications between it and the Junta de Calidad Ambiental, including but not limited to its governing board members and employees, within twenty business days and further seek expedited review of this request for the reasons identified below. 1. Communications related to the clean up of the Battery Recycling Superfund site after Hurricanes Irma and Maria that occurred both before or after the hurricane 2. Communications regarding any water, soil, or any other environmental contamination concerns as a result of Hurricanes Irma or Maria. 3. Communications highlighting any concerns officials had about the Battery Recycling Superfund site during this time that does not relate to Hurricanes Irma or Maria Please provide all responsive records from September 9, 2017, through the date of the search. The search for responsive records should include all individuals and locations where records are likely to exist.	5/17/2018

EPA-R2-2018-007679	Weihong Han		<p>To whom it may concern, I'm a researcher at LDEO of Columbia University, we're working on the impact of wildfire smoke transported from long-range on NYC air quality. Currently, we get some significant results about the wildfire smoke's impacts on NYC air, especially PM2.5. For enhancing our research proof, we have to collect and analyze more cases. The key part in our research is the impact of wildfire smoke on PM2.5 speciation concentration. We found that EPA daily PM2.5 speciation of EPA monitoring site named "Queens College" located at Queens, NYC existed missing during April 2017 to October 2017 (from this link: https://aqs.epa.gov/aqsweb/airdata/download_files.html). We don't know what happens to this. We're wondering if we can get EPA daily PM2.5 speciation of "Queens College" during April 2017 to October 2017. If so, what material should we offer? Best,</p>	5/14/2018

EPA-R9-2018-007585	Scott Pham		Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552 et seq., I request copies of the following records: All entries for the digital calendar of Acting Regional Administrator Alexis Strauss for the dates between 05-01-2016 and the date which this request is fulfilled These entries are what Ivan Lieben has referred to as the "underlying entry for each calendar item." Please see attached emails for more information. I request these records in their native digital format, and not printed out, or converted to PDF files, or otherwise processed in a manner that would decrease the quality, quantity, or accessibility of the original information the records represent. A daily, weekly or monthly summary of the calendar would not be responsive to this request. Acceptable native formats typical of digital calendar output would include, but are not limited to, CSV, ICS and XLSX. If you determine that any fields in the requested data are exempt from disclosure, please redact those fields, specify the statutes that exempt them, and release all other segregable parts. I am comfortable working with very large databases in many standard formats, including SQL, CSV, XML, and Access. Upon request, I would be happy to provide a USB thumbdrive or external hard drive to facilitate the release of these records. Under the FOIA Improvement Act of 2016, agencies may withhold information "only if . . . disclosure would harm an interest protected by an exemption" if "disclosure is prohibited by law." If you withhold any of these records, I request as required by the FOIA that you identify the reasonably foreseeable harm that would result from the release of the records. I am a journalist at BuzzFeed News. The requested records will inform my reporting, and I intend to use these records to inform the general public. Accordingly, I request to be categorized as a representative of the news media, per 5 U.S.C. § 552(a)(4)(A)(ii).	5/11/2018

EPA-HQ-2018-007427	Austin K Oakley		I'd like to see the research behind why Diesel Exhaust Fluid (DEF) is beneficial to the environment from an overall perspective? I'm sure there was research into how DEF is more beneficial to the environment compared to all of the negatives involved with it (energy to produce, plastic containers, plastic DEF tanks, lower efficiency diesel engines, more waste based off of lower engine life..etc). I don't think there is any way you can justify DEF as being better for the environment overall, as there is a lot more pollution involved with requiring DEF. Thank you. Statistics are easily faked or altered to give an end of results. Please send all research to justify an overall basis, with references to actual research/data taken on the matter.	5/7/2018

EPA-HQ-2018-007424	Dr. Esme Fuller-Thomson		Re: Freedom of Information Act Request Dear Sir or Madam: This is a request under the Freedom of Information Act. I request that a copy of the documents containing the following information: county, state and national data for the whole US on air quality with respect to the following three factors 1) air lead (pb) levels; 2) particulate matter 10 micrometers or less in diameter (PM10), and 3) particulate matter 2.5 micrometers or less in diameter (PM2.5), and 4) ozone to be provided to me for each of the years 1960 to 2016 (or for all of those years in which this information is available if data gathering began after 1960). Quarterly or yearly data would be sufficient. If this information is available in electronic form, that would be extremely helpful. These data will be used in an unfunded research project I am working on to examine the association between trends in these air pollutants and trends in childhood blood pressure in the US from 1960 to 2016. I intend to publish the results in a peer-reviewed academic paper. In order to help to determine my status to assess fees, you should know that I am a US academic researcher employed by the University of Toronto, a non-commercial scientific institution, and this request is made for scholarly purposes and not for a commercial use. Yours sincerely, Esme Fuller-Thomson, PhD, Professor & Sandra Rotman Endowed Chair, Univ. of Toronto	5/7/2018
EPA-R2-2018-007431 EPA-R5-2018-007425	Diana Lennon Ms. Dee S Allison	JM Sorge, Inc. Environmental Operations, Inc. EPA-2018-007423	Taylor S Amarel		To Whom It May Concern: Pursuant to the Freedom of Information Act, I hereby request the following records: I would like to obtain all emails sent to, from, or copied to Scott Pruitt, from January 1, 2017 to Present Day containing any of the following non-case-sensitive key-strings: "soundproof"; "Israel"; "Morocco"; or "S508"; The requested documents will be made available to the general public, and this request is not being made for commercial purposes. In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not. Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires. Sincerely, Taylor S Amarel	5/7/2018
EPA-2018-007437	Ms. Miranda C Green	Freelance Reporter	I'm requesting all communications between "Michael Abboud" and "Healy Baumgardner-Nardone" and/or "Healy Baumgardner" from March 1, 2018 to May 7, 2018. I'm seeking all correspondence in regards to requests from the letter regardless of format including but not limited to, emails, letters, texts, call transcripts and voicemails. The public has an urgent need for information about the correspondence because it may shed light on how agency policy is shaped and decisions are made. I am making this request on behalf of The Hill and the records disclosed pursuant to this request will be used in the preparation of news articles for dissemination to the public. Please waive all fees in connection with this request because the disclosure of the requested information is in the public interest and is likely to contribute significantly to public understanding of the operations and activities of the government. I would appreciate your communicating with me by telephone or email, rather than mail, if you have any questions about this request. I declare under penalty of perjury that the foregoing is true and correct. Executed on May 7, 2018. Sincerely, Miranda Green, Reporter, The Hill	5/7/2018
EPA-R7-2018-007432	Fred Lawrence		Please provide groundwater investigation reports with contamination plumes and direction of groundwater flow; including the 2016 and 2017 groundwater monitoring reports. The property I was inquiring about is: Harcos Chemicals Inc, 2040 West River Drive, Davenport, IA 52802, IAD022100671. I am doing an environmental assessment on the west-adjointing property, 2060 West River Drive. There are multiple monitoring well clusters on my subject property, apparently due to a release on the Harcos property. The database indicates that the facility is currently regulated by EPA Region 7 regarding this issue. My client wants to know the most recent concentrations of contaminants of concern and the direction of groundwater flow. If the incident is considered closed, we would like a copy of the EPA closure letter.	5/7/2018

EPA-HQ-2018-007414	Mr. Eric Lipton	The New York Times	This is a request for copies of records under the Freedom of Information Act. The custodian for this request is the Office of Administration and Resource Management. Please do not construe the subject of this request to mean that I am concerned with records in the Office of the Administrator. I am requesting copies of records that related to events at 223 C St. NE, Washington, DC on March 29, 2017. This includes: i. Records mentioning the names Vicki Hart or J. Steven "Steven" Hart; i. Records mentioning the address 223 C Street NE., Washington, DC. i. Records relating to events at this address on March 29, 2017; i. Records of payments to Vicki Hart, Steven Hart, or 223 C St LLC; i. Records of requests for reimbursement related to Vicki Hart, Steven Hart, or 223 C St LLC; and, i. Records of communications with or mentioning Vicki Hart, Steven Hart, or 223 C St LLC in either electronic or physical format. Per EPA records management policy, electronic messages such as text messages are agency records which must be preserved made accessible under the Freedom of Information Act. As such, a satisfactory search for responsive records includes a search for records created by the individuals listed above using any of the following services: Google Chat, Skype for Business, IBM Sametime, Novell Groupwise Messenger, Facebook Messaging, iMessage; Short Message Service and Multimedia Messaging Service on devices, such as Blackberry, Windows, Apple or Android devices; Google Voice, Twitter Direct Message, Slack, Snapchat, WhatsApp, Pigeon, Yammer, Jive, or other internal collaboration networks. It is my understanding that, in previous administrations, Agency employees referred to principals by their initials, acronyms, nicknames, pseudonyms, or aliases. For example, President Clinton was sometimes referred to as "WJC" and President Barack Obama was referred to as "BO." In 2013, it was reported that former EPA Administrator Lisa Jackson	5/7/2018

EPA-R4-2018-007360	Ms. Pamela H Germanos	Motley Rice LLC	Victor Mill plant, J. P. Stevens possibly listed as the owner, Greer, SC (Spartanburg County) located at 250 Victor Avenue, Greer, SC which had the plant evaluated for possible contaminants. We need any and all documents regarding this site reconnaissance in Phase I ESA and Phase II which may have been performed by Tetra Tech in 2008. See below: URS Corporation (URS) and SCDHEC personnel conducted a site reconnaissance for a Phase I ESA on September 12, 2007. It was noted during the site reconnaissance that most of the former Victor Mill building structures had been demolished, and the majority of the site surface was covered with demolition debris. Three aboveground storage tanks were also observed; however, there was no evidence of staining or spillage. Additional observations made during the reconnaissance included several unlabeled transformer-type structures among the debris within the interior of the site. URS was not able to obtain any information regarding the past uses of the transformer type instructions or whether they contained polychlorinated biphenyls. URS identified three on-site RECs as described in the report. URS also listed several other concerns, which required additional investigation to determine if RECs existed, particularly buried lead-based paint and asbestos contamination. After completing the Phase I ESA in September 2007, URS recommended that a Phase II ESA be conducted to determine whether soil and/or groundwater underlying the site were impacted by the textile facility.	5/4/2018
EPA-HQ-2018-007376	Mr. John Templon	BuzzFeed News	May 4, 2018 U.S. Environmental Protection Agency National Freedom of Information Officer U.S. Environmental Protection Agency 1200 Pennsylvania Avenue, NW (2822T) Washington, DC 20460 To Whom It May Concern: Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552 et seq., I request the database schema or record layout for the Superfund Enterprise Management System. I am seeking documentation containing information about the tables and columns inside the database that is the backend for this system. This information is being sought on behalf of BuzzFeed News for informing the general public. I request these documents in their original digital format. Please send these files via email or FTP upload. I understand that some of the fields may be related to network security information. Because this information is being sought on behalf of BuzzFeed News for informing the general public I am not interested in receiving the information related to these fields. If you determine that any information is exempt from disclosure, please identify the parts that are exempt, specify the statutes that exempt them, and release all other segregable parts. Please waive any applicable duplication fees. Release of this information is in the public interest because it will contribute significantly to the public understanding of the process for cleaning up Superfund sites in the United States. As I am making this request as a journalist and this information is of timely value, I would appreciate you communicating with me by telephone or electronic mail, rather than by postal mail. I look forward to your reply within 20 business days, as the statute requires. Please let me know if there are any clarifications I can make to make this request easier and/or quicker to complete. My email address and phone numbers are listed above. Sincerely, John Templon	5/4/2018

This statute provides for the employment of special consultants (209(f)) or fellowships (209(g)) without regard to the civil service laws. Specifically, I request records EPA enterprise HR systems, or other relevant systems, that contain the names, occupations, positions, and compensation (including any salaries, bonuses, incentive payments, or other non-salary payments) of personnel compensated under these provisions between Oct. 1, 2015 and the date at which this search is commenced.	4/30/2018
EPA-2018-007156	Dana Liebelson		Good afternoon, under FOIA, I request copies of the following materials: 1. Copies of the complaints made to EPA's OIG hotline from January 1, 2018 to the present. Please include the summary of the allegation, and as much information as possible without violating privacy regulations. (For example, excluding/redacting names of complainants and alleged offenders is fine, if necessary to protect privacy.) I am only looking for those complaints where an OIG investigation or audit was opened, the matter was referred to EPA management, or the matter was referred to another federal agency. If the complaints are not sorted this way, then please send all complaints. This information is being sought on behalf of the Huffington Post for dissemination to the general public (though I will not be releasing information that would compromise privacy of individual complainants, like names.) By making this request, I am gathering information because of the public interest in fraud and abuse reported to EPA. Please waive any applicable fees. Release of the information is in the public interest because it will contribute significantly to the public's understanding of what kind of complaints are being made to EPA's OIG. Whatever records are available immediately, should, if possible, be furnished immediately; others as they become available. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not. Should my request be denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the law and release all segregable portions of otherwise exempt material, as well as the name and address of the person or body to whom an appeal should be directed. I reserve the right to appeal your decision to withhold any information. As I am making this request as a daily journalist and this information is of timely value, please contact me by telephone or e-mail, rather than by mail, if you have questions	4/30/2018

EPA-R6-2018-007148	Ms. Lenore West	Baron & Budd, P.C.	I am looking for documents that relate to asbestos at the IMC facility in Sterlington, LA, from 1971 to 1995. It may not be important within the scope of this request, but there were several IMC plants involving the production of ammonia, methanol and nitroparaffin (NP). Below is the history of the Sterlington Plants: * 1930s The original ammonia plant and the methanol plant were built by the government. Eventually, Commercial Solvents Corporation (CSC) took ownership and operation of these two plants. * 1955 The nitroparaffin plant (NP) was built. There was also a nitroparaffin derivative by-product plant. * 1975 Int'l Minerals and Chemical Corp. (IMC) acquired the plants from CSC. * Mid-70s 1st new ammonia plant was built and the original ammonia plant was closed. * 1980s 2nd new ammonia plant was built in the location of the closed methanol plant. * 1982 The Angus Chemical Company purchased the NP portion of the facility from IMC and contracted with IMC to operate the plant. * 1991 There was an explosion at the NP plant that killed 8 people. * 1991/92 Angus took control of the NP plants post-explosion and erected a fence between NP and the ammonia plants. * 1992 Koch Industries purchased the two ammonia plants from IMC. The ammonia plants closed in the 2000s. I tried to attach NIOSH report from March 1992, but it would not load. Maybe I can email it to you directly. I need to know if there are more documents on file re: investigations, inspections, reports of infractions, recommendations, etc. Thank you!	4/30/2018

EPA-HQ-2018-007139	Mr. William P Minervini		The Jan. 2018 issue of the journal "Water Environment Research" has the following article by two engineers at the Urban Watershed Research Facility (UWRF) operated by U.S. EPA's Office of Research and Development in the Edison Environmental Center (EEC) in Edison, NJ: A. Selvakumar; T. P. O'Connor (2018) "Organism Detection in Permeable Pavement Parking Lot Infiltrates at the Edison Environmental Center, New Jersey." Water Environ. Res., 90, 21-29. Three types of pavements were monitored at the EEC for indicator organisms. 16 sampling events were conducted in 2015-2016. I request the following additional information: 1. The manufacturer's name(s) and model(s) of the programmable automatic samplers and 0.1-mm tipping bucket rain gauge used in this research. 2. For each of the 16 sampling events, the indicator organism concentrations in each of the flow-weighted drainage pipe and surface runoff samples. 3. For each of the 16 sampling events, the rain depth and event temperature (air temperature) assigned to the event by this January 2018 article's authors (or by U.S. EPA's contractor, PARS Environmental Inc.). 4. For each of the 16 sampling events, the date, time of day, and sample volume when each discrete sample was collected by the automatic sampler at curb cut 4. 5. For each of the 16 sampling events, the total sample volume collected by the automatic sampler at curb cut 4, and the total sample volume collected by the automatic sampler at curb cut 5. 6. For the period from June 2015 through February 2016 inclusive, the records of rain measured using the 0.1-mm tipping bucket rain gauge as recorded with the data logger, and the daily and hourly air temperature measured at the UWRF weather station. 7. Any project report, other than this January 2018 article, that discusses the methods and results (for the entire period between July 2015 and Feb. 2016) of the research summarized in this Jan. 2018 article.	4/30/2018

EPA-HQ-2018-007138	David Marlowe	Pacific Alternative Energy Resource LLC	Relating to: Renewable Identification Numbers (RINs) under the Renewable Fuel Standard Program & EPA moderated transaction system (EMTS) is a database of record for all transactions involving RINs. Regarding RIN Generator Global Alternative Fuels and/or Rio Valley Biofuels located at 3500 Doniphan Dr El Paso, TX 79922. Our company Pacific Alternative Energy Resource LLC (PAER) sold these biodiesel producers around 800,000 gallons of feedstock in 2013/2014 for which we did not provide the required paperwork for generating RINs and source/origin verification. GAF and RVB merged sometime during this period. GAF's then controller Wesley Melvin was a felon convicted of forgery, embezzlement and evidence tampering and has since committed suicide. We are concerned GAF/RVB forged documents and paperwork around the feedstock PAER sold them, so they could generate RINs for the biodiesel they produced from non compliant feedstock. PAER needs to obtain all RINs related information from GAF/RVB for 2013 and 2014, the RINs credits generated, assigned, sold, retired, etc. PAER currently has lawsuit filed against GAF/RVB and this information is needed as part of the ongoing litigation. EPA-R5-2018-007082	Astrea Taylor	Ohio EPA	<p>Could you please send me any information you may have about the address 810 West Second Street, Xenia, Greene County, Ohio, 45385? It may be known as "Tudor's Biscuit World" or "Former Capitol Cleaners." The owner swears he has a vapor mitigation system, and that U.S. EPA assisted in the installation. However, we have no record of this, and when asked, he has not been forthcoming in any evidence of this. It is unclear from the outside of the building that he has a vapor mitigation system. Additionally, PCE vapor concentrations in nearby soil gas are above chronic response action levels for a commercial/industrial worker. Contact me if you have any questions. Thank you.</p>	4/26/2018

EPA-R5-2018-006936	Miss Bernice Brewer		<p>187 Blue Jay Drive Sauk Village IL 60411 April 23, 2018 US Environmental Protection Agency FOIA Section/Safe Drinking Water (SDWA) 77 West Jackson Chicago IL 60604 RE: FOIA REQUEST To whom it may concern: Under the Freedom of Information Act, I am requesting information about Well #3. Below is a list of lab results that show concentration levels (vinyl chloride) for Well#3 have exceeded the federal and state guidelines since April 2012. Even though ILEPA through a consent decree required Sauk Village to install air stripping for our wells to control levels of vinyl chloride and dichloroethylene, air stripping is not working. The following list of lab results that show levels of contamination are well above state and federal guidelines. I am requesting any information as to what Sauk Village IL is doing and required to keep contamination levels in check. In addition, I would like to see any records that show Sauk Village, ILEPA or US EPA have notify residents that high levels of contaminate have been found in their drink water once again. EPA-HQ-2018-006943	Ms. Maria I Zamudio	American Public Media	<p>Under the Freedom of Information Act (5 U.S.C. Section 552), I am requesting the entire database behind the SDWIS Fed Reporting Services system, including but not limited to the fields listed online and any other fields available in the database but are not shown in the online interface. https://ofmpub.epa.gov/apex/sfdw/f?p=108:200::::: I am requesting historical SDWIS data going back to 2004. Per privacy exemptions I donã€t need the columns in the database containing confidential business information and location data. Iã€m a reporter for American Public Media, a non-profit news organization. I am requesting a waiver of all fees under 5 U.S.C. Section 552(a)(4)(A)(iii). This request is made as part of news gathering and not for commercial use. If there are any fees for searching or copying these records, please inform me if the cost will exceed \$25. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the publicã€s understanding of water use. I believe I meet the criteria for a fee waiver recognized by the U.S. Justice Department - in its policy guidance of April 1987 - and by the federal courts. See Project on Military Procurement v. Department of the Navy, 710 F. Supp. 362 363, 365 (D.C.D. 1989). My request concerns the operations or activities of government because [Per the Justice Department guidelines, this information is vital for the public. The public deserves to know about any contaminants in their water. I look forward to your response within the 20 working days, as outlined by the federal statute. Thank you in advance, Maria Ines Zamudio</p>	4/23/2018

EPA-R2-2018-006778	Matthew Oleske	Langan	Langan Engineering, Environmental, Surveying and Landscape Architecture, D.P.C. (Langan) is currently conducting a Phase I Environmental Assessment of the above-referenced property. As part of the assessment, we are requesting a general records search for the above-referenced property. Please consider this a formal Freedom of Information Law (FOIL) request for records regarding buildings, construction, chemical spills, underground storage tanks (USTs), monitoring wells, ground water sampling, asbestos abatement, radon, hazardous materials, and any other documents that your department may have regarding the above-referenced property. The subject property is designated as Block 1241, Lot 11 according to the New York City Department of Finance and is bound to east by Broadway, to the north by a 15-story residential building followed by West 94th Street, to the south by a five-story mixed-use commercial and residential building followed by West 93rd Street, and to the west by a five-story residential building. According to the information we have available at this time, the approximately 7,550 square foot site contains a one-story commercial building with a single basement level and is currently vacant. The site was most recently used for retail/commercial store fronts associated with addresses 2503-2505 Broadway and 2505-2509 Broadway. Based on records maintained online by the City Planning Commission, the subject property is zoned for commercial use (C4-6A) and is within the Broadway/Upper West Side Special Enhanced Commercial District (EC-3). If possible, please email (moleske@langan.com) or fax a response to (973) 560-4901 and/or send a hard-copy response to my attention. Please contact me at (973) 560-4273 if there are any questions regarding this request. Thank you in advance for your assistance.	4/18/2018

EPA-R6-2018-006760	Ryan Gibson		Hello, I am requesting from the EPA, all data that can be released concerning Texas critical infrastructure sites that report an incident involving a drone/unmanned aerial system (UAS)/sUAS/unmanned aerial vehicle (UAV) flying within proximity to and/or above a site, or if an incident was reported that involved a crash, suspicious activity, taking of video of photographs with a drone, or encounter with the above aircraft. I am a doctoral candidate trying to collect information on the above topic for a dissertation. I would like data from January 1, 2009 through January 1, 2018 for the entire state of Texas. I am not concerned with the name or specific address of the site and understand if it has to be redacted. What will aid me in my research is the city, critical infrastructure sector (water/waste water treatment plant) and the date/year of the incident reported, and if possible, what the encounter entailed (fly over, crash, suspicious activity, photography, etc.). A PDF or excel sheet will suffice.	4/17/2018
EPA-HQ-2018-006720	Dr. Edson Severnini	Carnegie Mellon University	I am an Assistant Professor of Economics and Public Policy at Carnegie Mellon University, and am working on several research projects on the historical and contemporaneous health effects of exposure to hazardous air pollutants. I would like to request all the hourly and daily monitor readings of all hazardous air pollutants in the U.S. since the 1950s. In the past, I obtained similar data for all criteria pollutants, but forgot to include the hazardous air pollutants.	4/17/2018
EPA-HQ-2018-006753	Kevin Bogardus	E&E News	I request a copy of the October 17, 2017 memorandum from William Stull, EPA Special Agent on EPA Administrator Scott Pruitt's Protection Services Detail, to Pasquale "Nino" Perrotta, the PSD's Special Agent in Charge, as described in the April 10, 2018 letter by Sens. Tom Carper and Sheldon Whitehouse to Sen. John Barrasso. Please click on this link for more detail on this memo (https://www.eenews.net/assets/2018/04/10/document_gw_07.pdf). Responsive records to my request will likely be found in EPA's PSD, housed in EPA's Office of Criminal Enforcement, Forensics and Training.	4/17/2018

EPA-2018-006752	Ms. Miranda C Green	Freelance Reporter	I'm requesting all documents and written correspondence between the Office of the Secretary--which includes Administrator Scott Pruitt and all members of his communications staff, including Jahan Wilcox and Liz Bowman--that includes the words "Rose Bowl" between January 1, 2017 and January 31, 2018. The request comes amidst reports that the administrator attended the 2018 Rose Bowl game in Pasadena, California. Reports came from a letter that Democratic Sen. Sheldon Whitehouse sent to EPA's inspector general on April 3. Link: https://www.cnn.com/2018/03/30/politics/epa-pruitt-travel-whitehouse-rose-bowl-disneyland/index.html I'm seeking all correspondence regardless of format. The public has an urgent need for information about the Administrator attendance at the game because tax payer provided security detail attended the event with him, and it sheds light on how the administration is operating. I am making this request on behalf of The Hill and the records disclosed pursuant to this request will be used in the preparation of news articles for dissemination to the public. Please waive all fees in connection with this request because the disclosure of the requested information is in the public interest and is likely to contribute significantly to public understanding of the operations and activities of the government. I would appreciate your communicating with me by telephone or email, rather than mail, if you have any questions about this request. I declare under penalty of perjury that the foregoing is true and correct. Executed on April 17, 2018. Sincerely, Miranda Green, Reporter, The Hill	4/17/2018

EPA-HQ-2018-006707	Nick Surgey		On behalf of Documented and the Intercept, pursuant to the Freedom of Information Act, I hereby request the following: Records relating to the hiring or re-designation of Samantha Dravis as an "administratively determined" appointment under the Safe Drinking Water Act. Records should include but not be limited to any records that mention any potential or actually implemented salary or benefit adjustments for Dravis. A search may be limited to records created between January 20, 2017 and the date that this request is processed. The requester is entitled to a fee waiver because he is a member of the news media, and because this request for records concerns activities or operations of the government. Disclosure of the requested records will likely increase public understanding of government operations since the requester has the ability and the intention, through the means described below, to effectively convey information contained within the requested records to a broad public audience. Requester is an investigative journalist and the co-director of Documented, an investigative watchdog and reporting group that explores the relationship between industry and government. Nick Surgey writes for the Intercept. The requested documents will be made available to the general public, and this request is not being made for commercial purposes. In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not. Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires.	4/16/2018
EPA-R6-2018-006697	Mr. Tyler a Dubravetz		Hello, My name is Tyler Dubravetz. I am currently a junior at The University of Akron in Akron, Ohio. I am studying Emergency Management with a minor in Homeland Security. For my Disaster Recovery class, with Dr. Robert Swartz, we are tasked with a final paper of our topic choice in relation to the recovery aspects of emergency management. For my project I have chosen to write about the recovery aspects of the EPA after the Waco, TX fertilizer plant explosion in 2014. My topic focuses on the environmental remediation efforts or tasks associated with the EPA following the explosion. If you would be able to email me an after action report or any other information on the event that would be great. The assignment is due at the beginning of next month, so the sooner the better! Thank you!	4/16/2018

EPA-HQ-2018-006688	Billy J Watkins II		My sister Jaclyn Susan Marie Opp worked in D.C. two summers ago and delivered secret recordings through her internship at the E.P.A. under the Obama administration. She did this likely under the name SusieQOpp and the recordings are of American Citizens unknowingly recorded. These are video tapes of me most likely under the name "Alan" or "Alan Der Show" or my legal name and they are made without my consent and pulled out by other actors through the QClearance of the D.O.E. I believe that Obama thought that Hillary was a sure bet, and so he got interns who could give him tapes near the end of his presidency as a parting gift... I single out Obama for receiving them because he jokes about classified tapes of "Aliens" in his desk. He did so last November and claimed that he would give these to people who help with Aids awareness on Jimmy Kimmel. "Aliens" is a code word for Alan. They call me Alan because my father's name was Jack Alan Watkins and when my grandfather Billy Jack Watkins divorced my grandmother Louise powerful people punished my father and I through these recordings and other illegal things the tapes will show. My father is dead and I have had countless traumatic events and near death experiences in my life. It's a system of and blackmail and murder, those tapes of me as "Alan" are the keys to helping others as I know it's not just me. ADT security I believe are the cameras used but I only know for sure that they made tapes of me. I have had a terrible life, I'm 35 years old and I've never even had a single friend. That's the life they gave me, constant ridicule as they find my plight so comical to torture a mentally handicapped boy and then man. All because my grandfather divorced a woman rather than play the games of despots. Please, those tapes are of me and they had no right to make them let alone what they do with them.	4/16/2018

EPA-R5-2018-006711	Lenore West	Baron & Budd, P.C.	<p>Hello, I am trying to help a gentleman who worked at the Amtrak railroad shops in Beech Grove, Indiana, for over 30 years. He was diagnosed with terminal cancer due to his exposure to asbestos material. The Amtrak Beech Grove maintenance facility's address is either 202 Garstang Street, Beech Grove, Indiana 46107, or 202 Walter A. Barricade Way, Beech Grove, Indiana 46107. The shops are known as the "Beech Grove Shops" or the "Amtrak Beech Grove Maintenance Facility" or a similar variation. The maintenance facility used to be known as New York Central (1922-1968) and Penn Central (1968-1975), but asbestos abatement didn't occur until after Amtrak bought the railroad in 1975. This is a formal request for all documents involving asbestos from 1975 to the present. Due to our client's poor health, can you expedite this request for information? Respectfully, Lenore West Baron & Budd, P.C. 214-475-4370</p>	4/16/2018

EPA-R9-2018-006644	Scott Pham		Pursuant to the federal Freedom of Information Act, 5 U.S.C. &sec; 552 et seq., I request copies of the following records: The digital calendar for Acting Regional Administrator Alexis Strauss for the dates between 05-01-2016 and the date which this request is fulfilled. I request these records in their native digital format, and not printed out, or converted to PDF files, or otherwise processed in a manner that would decrease the quality, quantity, or accessibility of the original information the records represent. Acceptable native formats typical of digital calendar output would include, but are not limited to, CSV, ICS and XLSX. If you determine that any fields in the requested data are exempt from disclosure, please redact those fields, specify the statutes that exempt them, and release all other segregable parts. I am comfortable working with very large databases in many standard formats, including SQL, CSV, XML, and Access. Upon request, I would be happy to provide a USB thumbdrive or external hard drive to facilitate the release of these records. Under the FOIA Improvement Act of 2016, agencies may withhold information —only if . . . disclosure would harm an interest protected by an exemption— if —disclosure is prohibited by law.— If you withhold any of these records, I request as required by the FOIA that you identify the reasonably foreseeable harm that would result from the release of the records. I am a journalist at BuzzFeed News. The requested records will inform my reporting, and I intend to use these records to inform the general public. Accordingly, I request to be categorized as a representative of the news media, per 5 U.S.C. &sec; 552(a)(4)(A)(ii).	4/13/2018

EPA-R6-2018-006499	Nick Surgey		<p>To Whom It May Concern: This is a request under the Freedom of Information Act. I hereby request the following records: It is the requestors understanding that EPA regions have been instructed to handle FOIA requests that include records involving EPA political appointees, by routing such requests to EPA HQ for processing. I therefore request any guidance or other instructions provided to an EPA region by EPA HQ about the processing of FOIA requests that include political appointees, or any other records which outline this approach. A search may be limited to records created or transmitted between January 20, 2017 and February 21, 2018. The requester is entitled to a fee waiver because he is a member of the news media, and because this request for records concerns activities or operations of the government. Disclosure of the requested records will likely increase public understanding of government operations since the requester has the ability and the intention, through the means described below, to effectively convey information contained within the requested records to a broad public audience. Requester is an investigative journalist and the director of Documented, an investigative watchdog and reporting group that explores the relationship between industry and government. Nick Surgey is a Senior Fellow at the Center for Media and Democracy and writes for the Intercept. The requested documents will be made available to the general public, and this request is not being made for commercial purposes. In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not. Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires. Sincerely, Nick Surgey</p>	4/11/2018

EPA-R3-2018-006449	William R McCreary	Gale Force Rentals	I am writing to request an inspection report from a site visit from an EPA representative to my commercial property in 2013. My company is McCreary Holdings, Inc. DBA Gale Force Rentals (Tax ID 01-0898547) and our commercial property is located at 14 Atlantic AVE, Ocean View DE 19970. On May 6, 2013 a disgruntled ex-employee reported us for "dumping" through the USCG NRC website (report # 1046949). The USCG referred the matter to EPA Region 3 using the same report number. Subsequently a representative from your office, or the state of Delaware, inspected our property and found no wrongdoing. I am seeking the inspection/final report from this site visit. I am in the process of refinancing the property and the mortgage process includes an "environmental search" from a contracted environmental company. The USCG incident report appeared on the environmental report and is stopping the mortgage process from moving forward. I've attached the relevant pages from the "environmental report" showing the information from the original reporting of the "incident". Thank you in advance for your assistance, it is greatly appreciated!	4/10/2018

EPA-R4-2018-006395	Ms. Jocelyn C Zuckerman	freelance writer	I am writing in regard to the report below, issued on September 16, 2015. I have requested the information below from both Tricia Lynn and Robert Daguillard but have not had a response. 1. On page 9 of the report it says, "Upon completion of the analytical results, the results and their interpretation will be provided in an additional report." I would like this additional report. If it was never written, I would like to see any correspondence, including emails, explaining why. 2. I would also like the technical documentation related to the fish sampling protocols performed during the fish kill investigation and fish tissue toxicity analytical results. 3. On the top of page 11 there are a few sentences in bold about Malathion. I would like to know if the Malathion's analytical results were subsequently shared with the EPA, and if so I would like those results, as well as EPA's technical opinion on this case. If the results were never provided, I would like to see documentation explaining why. Thank you and please let me know if you require additional information from me.	4/9/2018

EPA-R6-2018-006401	John P Bedecarre	Environmental Clinic, The University of Texas Schoc	Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552 et seq., and the implementing regulations of the Environmental Protection Agency (EPA), 40 C.F.R. Part 2, I am submitting the following request for records on behalf of the Environmental Law Clinic at The University of Texas School of Law. The Clinic requests the Semiannual Deviation Reports for Title V Operating Permits filed by the Valero Port Arthur Refinery in Port Arthur, TX. These semiannual reports are required by the Texas Federal Operating Permit Rules as codified in 30 TAC § 122.145. We are requesting all semiannual deviation reports from the last five years (since 2013) that were submitted for each of these federal operating permits: § 2227 § 2228 § 2229 § 3423 § 1498 The Clinic also requests the annual Certifications of Compliance for each of the above federal operating permits going back to 2013. Valero must certify their compliance with their federal operating permits yearly pursuant to 30 TAC § 122.146. To the extent practicable, please provide records electronically. If EPA maintains that portions of a requested record are exempt from disclosure, please redact the exempt portions and provide the remainder of the record. 05/07/18 - We could modify the request to only seek the deviation reports from the last two years, so any reports from 2016 and 2017.	4/9/2018
EPA-HQ-2018-006411	Divya Sadana	Auburn University	I am currently working on a project (with my advisor) as a graduate student in Auburn University. Following is my project's description: Previous research suggested that in-utero exposure to pollution causes adverse birth outcomes, such as low birth weight. In addition, weight at birth predicts adult outcomes. For example, individuals who had low birth weights have worse outcomes in the labor market as adults (greater risk of unemployment and lower earnings), and they ultimately complete fewer years of schooling. Because individuals whose prospects in the labor markets are worse have a lower cost of committing crimes, we expect that individuals whose mothers were exposed to high pollution during their pregnancies are more likely to commit crimes in the future. In this project, we aim at identifying the impact of in-utero exposure to pollution (past pollution) on criminal activity in the future. I have attached the Freedom of Information Act Request Letter including the details of the data I am requesting from you for our above mentioned analysis.	4/9/2018

EPA-2018-006300	Mr. Tim Pearce	The Daily Caller News Foundation	Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I request access to and copies of any and all written communications (including electronic communications such as emails, texts, etc.) the Environmental Protection Agency sent to or received from the White House on and between March 5, 2018, to April 5, 2018. Please limit the search to messages that contain the any one of phrases: Hartâs bedroomâs rentalâs \$50âs ethicsâs apartmentâs ABC Newsâs Millanâs Huppâs Sarahâs Greenwaltâs The Atlanticâs Cesalariâs Safe Drinking Water Actâs Additional information is attached.	4/5/2018
EPA-2018-006289	Christopher D White		Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I request copies of and access to all emails Environmental Protection Agency (EPA) employees sent to or received from Atlantic reporters Elaina Plott and Robinson Meyer from January 1, 2017 through April 5, 2018. The Atlantic, an online news outlet, reported on April 3, 2018 that EPA Administrator Scott Pruitt used a loophole in the Safe Drinking Water Act to give pay raises to two of his top aides â Sarah Greenwalt and Millan Hupp â who were political appointees for Pruitt when he was an attorney general in Oklahoma. The Atlantic relied on anonymous EPA employees for sourcing in the report. I would like to receive the information in searchable PDFs via email or thumb drive. I would prefer to receive them via CD or digital dropbox if PDF versions are unavailable. I would prefer they be released on a rolling basis as documents become available, rather than as one large file. I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest. If my request is denied, then please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law. Reports from The Atlantic, The New York Times, and The Washington Post about EPA Scott Pruittâs travels and housing expenses, which have relied heavily on anonymous sources within the EPA who were initially employed by former President Barack Obamaâs administration, have been topics of significant public interest. The information will be used in articles by The Daily Caller News Foundation, a non-profit news outlet based in Washington, D.C. The Daily Caller News Foundation has reported extensively on reports about administrator Scott Pruittâs first class flight travels. Key terms: - Safe Drinking Water Act - Millan Hupp - Sarah Greenwalt - The Atlantic -- Elaina Plott	4/5/2018

EPA-HQ-2018-006233	Nick Surgey		To Whom It May Concern: On behalf of Documented, pursuant to the Freedom of Information Act, I hereby request the following: All records in the possession of Matthew Z. Leopold (EPA General Counsel), Kevin Minoli (EPA Principal Deputy General Counsel), Jahan Wilcox (EPA spokesman), or Scott Pruitt (EPA Administrator) that relate to EPA Administrator Scott Pruitt's housing/accommodation situation in Washington D.C., including any records that relate to Pruitt's lease of a room/property from Vicki and Steven Hart. A search may be limited to records created between January 20, 2017 and the date that this request is processed. The requested documents will be made available to the general public, and this request is not being made for commercial purposes. In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not. Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires. Sincerely, Nick Surgey Co-Director Documented	4/5/2018

EPA-R10-2018-006275	Mr. Yusuf Pehlivan	Farallon Consulting	The current facility address is 8531 E Marginal Way S in Tukwila, WA. However, the address may also be listed as Seattle instead of Tukwila, which may be why no records were found. The facility is currently occupied by Star Forge, LLC, but was previously occupied by Jorgensen Forge Corporation from 1992 to 2016, and Earle M. Jorgensen Company from approximately 1965 to 1992. Based on a search on the EPA website, the current FRS number is 110020037440, and the RCRA Site ID number is WAD000602813. Since the facility owner/operator have changed recently, I'm not sure if those numbers will be relevant for the date range we are interested in. As mentioned in the FOIA request, we are primarily interested in records prior to 1992.	4/5/2018

EPA-HQ-2018-006203	Eve Zhurbinskiy		Pursuant to the Freedom of Information Act (5 U.S.C. § 552, et seq.), I request access to and copies of all logs of congressional correspondence to or from any officials at National FOIA Officer and Rep. Rodney Davis between January 1, 2013, and April 4, 2018. Please search for responsive records regardless of format, medium, or physical characteristics. Where possible, please produce records electronically, in PDF or TIF format, via email or CD, particularly if providing the information reduces the time or expense involved. If your office cannot honor this preference, I am willing to discuss the most cost-effective and efficient means of duplication. I agree to pay reasonable duplication fees for the processing of this request in an amount not to exceed \$200. However, please notify me prior to your incurring any expenses in excess of that amount. If any records are withheld or redacted, I request that you state the specific legal and factual grounds for withholding any documents or portions of documents. Please identify each document that falls within the scope of this request but is withheld from release and provide an index of those documents as required under Vaughn v. Rosen, 484 F.2d 820 (D.C. Cir. 1973), cert. denied, 415 U.S. 977 (2972). Please describe each document claimed as exempt including the consequences of supplying the sought-after information. If it is your determination that some portions of requested records are exempt, please disclose any reasonably segregable non-exempt portions of the requested records. If requested documents are located in another installation or bureau, I respectfully request that you please refer this request or any relevant portion of this request to the appropriate installation or bureau. To help assess my status for copying and mailing fees, please note that I am gathering information for research purposes and not for commercial activities.	4/4/2018

EPA-HQ-2018-006111	Bill Lapp	Advanced Economic Solutions	Advanced Economic Solutions has 3 specific FOIA requests: 1. Advanced Economic Solutions wishes to identify the number of small refineries that, as of March 31, 2018, have been granted an annual exemption from its annual RVOs for calendar years 2016, 2017 and 2018. 2. Advanced Economic Solutions wishes to identify the volume represented by the small refineries that, as of March 31, 2018, have been granted an annual exemption from its annual RVOs for calendar years 2016, 2017 and 2018. 3. Advanced Economic Solutions would like to identify the number of small refineries that, as of April 1, have petitioned for an exemption from its annual RVOs for calendar year 2018. Under EPA's Renewable Fuel Standard (RFS) program, a small refinery may be granted a temporary exemption from its annual Renewable Volume Obligations (RVOs) if it can demonstrate that compliance with the RVOs would cause the refinery to suffer disproportionate economic hardship. The RFS regulations define a small refinery as one with an average crude oil input no greater than 75,000 barrels per day (bpd) crude in 2006. Additionally, the small refinery may not have an average aggregate daily crude oil throughput greater than 75,000 bpd in the most recent full calendar year prior to submitting a petition, and cannot be projected to exceed the 75,000 bpd threshold in the year or years for which it is seeking an exemption. Advanced Economic Solutions is an independent consulting firm, based in Omaha, Nebraska, that specializes in assisting food companies with supply chain risk management and other economic and commodity issues. Thank you in advance for your attention to this request. Bill Lapp President, Advanced Economic Solutions Omaha, NE 402-496-6015	4/2/2018

EPA-HQ-2018-006060	Nick Surgey		To Whom It May Concern: On behalf of Documented, pursuant to the Freedom of Information Act, I hereby request the following: All communications (including but not limited to emails, and text messages), notes, or other written records (whether electronic or paper records), that relate to the leasing of vehicles for the use of (a) Scott Pruitt specifically, and (b) for the office of the Administrator generally. A search may be limited to records created from January 20, 2017 to the date that a response is processed. The requester is entitled to a fee waiver because he is a member of the news media, and because this request for records concerns activities or operations of the government. Disclosure of the requested records will likely increase public understanding of government operations since the requester has the ability and the intention, through the means described below, to effectively convey information contained within the requested records to a broad public audience. Requester is an investigative journalist and the director of Documented, an investigative watchdog and reporting group that explores the relationship between industry and government. Nick Surgey is a Senior Fellow at the Center for Media and Democracy and writes for the Intercept. The requested documents will be made available to the general public, and this request is not being made for commercial purposes. In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not. Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires. Sincerely, Nick Surgey Co-Director Documented	4/2/2018

EPA-HQ-2018-006095	Ms. Miranda C Green	Freelance Reporter	This is a request under the Freedom of Information Act, 5 U.S.C. § 552, for access to and copies of all records and travel vouchers concerning costs associated with Environmental Protection Agency Administrator Scott Pruitt's security detail during his international trip to Morocco between Dec 9 to Dec 13. The records or travel vouchers should include all relevant costs including travel, class of travel on flights and housing for the security detail during the duration of the trip starting in Washington, D.C. and ending in Washington, D.C. The information I seek is regardless of format. The public has an urgent need for information about the Administrator's security detail during the trip because it sheds light on how the administration is operating. I am making this request on behalf of The Hill and the records disclosed pursuant to this request will be used in the preparation of news articles for dissemination to the public. Please waive all fees in connection with this request because the disclosure of the requested information is in the public interest and is likely to contribute significantly to public understanding of the operations and activities of the government. I would appreciate your communicating with me by telephone or email, rather than mail, if you have any questions about this request. I declare under penalty of perjury that the foregoing is true and correct. Executed on April 2, 2018. Sincerely, Miranda Green, Reporter, The Hill	4/2/2018

Where included, please provide any email attachments to identified emails. A search may be limited to emails sent or received between January 20, 2017 and the date that a response is processed. The requester is entitled to a fee waiver because he is a member of the news media, and because this request for records concerns activities or operations of the government. Disclosure of the requested records will likely increase public understanding of government operations since the requester has the ability and the intention, through the means described below, to effectively convey information contained within the requested records to a broad public audience. Requester is an investigative journalist and the director of Documented, an investigative watchdog and reporting group that explores the relationship between industry and government. Nick Surgey is a Senior Fellow at the Center for Media and Democracy and writes for the Intercept. The requested documents will be made available to the general public, and this request is not being made for commercial purposes. In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not. Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires. Sincerely, Nick Surgey Co-Director Documented</p>	3/27/2018

EPA-2018-005831	Mr. Aaron B Sankin	Center For Investigative Reporting	This is a request under the Freedom of Information Act. I am a reporter with The Center for Investigative Reporting (henceforth "CIR") seeking all documents and records regarding conversations between the White House the EPA about sharks. I am seeking all communications (both written and electronic) between White House officials and the EPA about sharks. I am also seeking all internal EPA communications, documents and records about White House's involvement in specifically shark-related regulatory decisions. Based on recently published news stories, it seems like President Trump has a complicated relationship with sharks. See, for example, this Quartz story entitled, "Trump told Stormy Daniels he wants all sharks to die. Here's why that's a bad idea"(https://qz.com/1237378/trump-told-stormy-daniels-he-wants-all-sharks-to-die/) . The purpose of this FOIA request is to determine if the president's personal feelings about sharks has been translated into public policy or regulatory action. Please limit the dates for this search from between January 1, 2017 and the date when the search for responsive records is carried out. Please notify me before incurring any photocopying costs over \$100. Please furnish all responsive records in electronic, searchable format delivered to my email address asankin@revealnews.org. If that's not possible, please send records paper printouts sent to the following address: Aaron Sankin Center for Investigative Reporting 2016 14th Ave. W. Seattle, WA 98119 . All correspondence regarding this request can be directed to me at asankin@revealnews.org.	3/26/2018

EPA-HQ-2018-005729	Ann Brown	Center for Biological Diversity	The Center requests the following from EPA Office of Pesticide Programs, from February 21, 2018 to the date EPA conducts its search for this request: 1. All applications and/or requests for exemptions under Section 18 of the Federal Insecticide, Fungicide, and Rodenticide Act, 7 U.S.C. 6 §136 et seq. (â€œFIFRAâ€œ) for the use of the pesticide sulfoxaflor, and/or any pesticide products containing sulfoxaflor; and 2. All records explaining the basis for any final decisions on any applications and/or requests for emergency exemptions, including but not limited to EPA's notices to applicants of EPA's decisions. As discussed between Sharon McBride and Margaret Townsend in email communications on February 13 and 15, 2018, the Center intends to submit periodic requests for these records. The Center previously submitted requests EPA-HQ-2018-003015 and EPA-HQ-2018-004240. EPA provided its final responses and closed these requests on March 13, 2018. Now that EPA is familiar with the records the Center is seeking, it is our hope that EPA will be able to comply with the FOIA deadlines for this request for similar records from February 21, 2018 to the date of search.	3/22/2018

EPA-R10-2018-005668	Jeffery F Runyan		Back ground; there was an illegal dump of chemicals that was reported sometime in November 1983 at Fort Lewis Washington now known as Joint Base Lewis McChord. The site in question is near or in Training area eleven on the east side of Ft. Lewis and is now known as the illicit PCB Dump Site. The report about an unknown chemical spill came in from a person on or about November 16th 1983 to the US Army at Fort Lewis. The EPA Region office 10 became involved in the emergency investigation and remediation process shortly after the chemical dump was reported. I am requesting that all information in reference to the illicit PCB dump site that involves or names any Military personnel and or any Military units that were known to have been in the area of the illicit PCB dumpsite, that were or may have been contacted as part of the illicit PCB dump investigation process, or that were involved directly or indirectly by being in the area of the illicit PCB Dump Site either before the illicit PCB dump site incident was reported after it was reported for the years 1982 through 1984. Additionally a currently unknown person or agencies personnel, as part of the investigation into the illicit PCB dump site, contacted military personnel sometime between 1983 and 1985. The military personnel were to wear diffuse type monitors as a result of having been directly in or near the PCB dump site prior to the area being fenced off or remediated. I would like the results from any monitoring devices that were used on military personnel if they are available and or what military units these military personnel were in at the time. I request this information if any be released to either my email address or mailing address. Clarification received 5/2: He would like us to search for files that may be relevant to the PCB Illicit Dump between May 1983 and December 31, 1984.	3/21/2018

EPA-R3-2018-005658	Ms. Donna M Conner	U.S. citizen/individual	<p>March 8, 2018 FOIA Request My name is Donna Marie Conner on today, Thursday March 8th I spoke with Nancy about needing to view the cameras within the Colonial Heights Courthouse under the Freedom of Information Act. The date and time in question to be viewed is January 8th, around 1:pm to 3:pm. My case within the courthouse on that date was actually scheduled for 2:30 pm. My property was released to the front desk early therefore the surveillance need to cover my arrival time around 1:00 pm. It is suspected my property was intentionally contaminated or spread with some sort of toxin or irritant while in the care of the Colonial Heights guards or front desk. The awful betrayal symbolizes much more than an isolated act. What the Colonial Heights court did to my property is a horrible reality and proof of the need to take my house around in a basket. This same substance or what ever it is that Colonial Heights Courthouse placed all over property is also what the apartment managers by way of unlawful entry are spreading on bedding, clothes, food medicine if left in present apartment and past. Someone high up is stalking me by these orders to continue this danger, torment and exhaustion meaning constantly having to take bags around in basket to be safe. This dangerous criminal order has been given to Doctors, Police refusing protections, magistrates and courts as if I'm the worlds greatest antagonist, just trying to get at me from every turn. Believe it or not this attack is very much responsible for the financial state I'm also in. I so wish I was wrong but I've been living and running from this danger for the last 17 years and know the symptoms upon coming into contact with them.</p>	3/20/2018

EPA-R6-2018-005585	Nancy Christensen	Weitz & Luxenberg	Law firm representing the city of Bethany, Oklahoma, and looking for information regarding the former Gulfstream/Rockwell facility located at 7400 NW 50th St., in Bethany, Oklahoma; the Site has an EPA Identification Number of OKD981518327 and Wiley Post Airport in Bethany, Oklahoma; the Site has an EPA Identification Number of OKD987070059 and may currently have or formerly have had other known industrial facilities located on its property, including Air Center, Inc. (EPA Id. No. OKD980750319). (see attached FOIA request). The date range for the request is 1958 to the present. I am agreeable, and would prefer, receiving documents on a rolling basis as they become available. My preference would be to receive publicly available information as soon as possible, but I would like to know if any information is withheld on the basis that it purports to contain CBI or on the basis of any other non-CBI exemptions. For that reason, I would ask that you provide me with an index of withheld CBI information (if any exists) in lieu of substantiation, with the caveat that I might request substantiation at a later time. I would also ask that you notify me if documents are withheld for any other non-CBI exemptions, and briefly describe what the exemptions are, but I do not require a denial log at this time if it will substantially slow down the retrieval and production of documents.	3/19/2018

EPA-HQ-2018-005587	Ms. Ali West	DCCC	<p>Pursuant to the Freedom of Information Act (5 U.S.C. § 552, et seq.), I request access to and copies of all logs of congressional correspondence regarding correspondence to or from any officials at National FOIA Officer and Rep. Keith Rothfus between January 1, 2013, and March 15, 2018. Please search for responsive records regardless of format, medium, or physical characteristics. Where possible, please produce records electronically, in PDF or TIF format, via email or CD, particularly if providing the information reduces the time or expense involved. If your office cannot honor this preference, I am willing to discuss the most cost-effective and efficient means of duplication. I agree to pay reasonable duplication fees for the processing of this request in an amount not to exceed \$200. However, please notify me prior to your incurring any expenses in excess of that amount. If any records are withheld or redacted, I request that you state the specific legal and factual grounds for withholding any documents or portions of documents. Please identify each document that falls within the scope of this request but is withheld from release and provide an index of those documents as required under Vaughn v. Rosen, 484 F.2d 820 (D.C. Cir. 1973), cert. denied, 415 U.S. 977 (2972). Please describe each document claimed as exempt including the consequences of supplying the sought-after information. If it is your determination that some portions of requested records are exempt, please disclose any reasonably segregable non-exempt portions of the requested records. If requested documents are located in another installation or bureau, I respectfully request that you please refer this request or any relevant portion of this request to the appropriate installation or bureau.</p>	3/19/2018

EPA-HQ-2018-005552	Brendan Kapoor	Metropolitan Water District of Southern California	I am an intern with the Metropolitan Water District of Southern California doing research on the data behind California's 12-10-10 log removal requirement in its regulations for Recycled Water, in order to write a report. I am looking for the Appendices to the Economic Analysis for Final Ground Water Rule Volume II (M-U), specifically Appendix N from that document. On the EPA website, I have found the Appendices to the Economic Analysis for Final Ground Water Rule Volume I (A-L). Unfortunately, this is the only document listed, and it does not include the document I am searching for. I am certain the Volume II must exist since this other document is labelled "Volume I", and because the Economic Analysis lists and cites Appendix N in its table of contents and in its body. The Volume II and Volume I are not included in the Economic Analysis document on NEPIS.	3/16/2018

EPA-R7-2018-005475	Ms. Chloe Winslow	University of Utah Chemical Engineering Departme	My name is Chloe Winslow and I am a chemical engineering student at the University of Utah. In my Communication and Chemical Engineering Safety class we are required to write a case study report on one of the superfund sites that were given priority this year for our final project. The purpose of this class is to learn how to handle community outrage by mitigating the discrepancies between perceived hazards and actual risks, how to write documents (like reports, memos, emails, etc.) to convey technical information, and how to alert an apathetic community to real hazards. My group chose the Westlake Landfill as our research topic and our main focus for the report is to study how the recent Proposed Record of Decision Amendment released on February 6, 2018 affected the public opinion on the risks and hazards associated with this superfund site. Our case study presentation is on April 11th and the final report is due April 27th. The public comment period was originally scheduled to end on March 22, but has been extended to April 23. The Responsiveness Summary will not be published before our report is due. Is there any way we could have access to the public comments about the proposed remedial action before April 27th, and if at all possible, before April 11th so we can analyze the public opinion first hand to use in our case study? Having to rely solely on media reports of community outrage will add a lot of bias to our report, and since this is for academic purposes we need to minimize bias as much as possible. Having access to the public comments will allow us to get the most accurate and current understanding of how the community feels about the perceived risks of the Westlake landfill, and how they think the proposed remedy will reduce these risks.	3/14/2018

EPA-HQ-2018-005398	Jarrett Renshaw	Reuters	Hello, my name is Jarrett Renshaw, an energy reporter at Reuters. I am making a request for records under the Freedom of Information Act. On March 12, 2018, the U.S. EPA and a refiner Philadelphia Energy Solutions (PES) reached a settlement agreement regarding the refiner's outstanding compliance obligations under the U.S. Renewable Fuel Standard. I am requesting any records provided to the EPA by Philadelphia Energy Solutions as part of the settlement discussions, along with any and all correspondences, electronic and otherwise. The refinery filed for bankruptcy in Delaware Federal Court (#18-10122) in January, but settlement negotiations may have started before then. Here is a link to a story on the settlement. https://af.reuters.com/article/africaTech/idAFL1N1QU1W9 I am also requesting any correspondence, electronic or otherwise, between White House staff and the EPA regarding the PES settlement. If you have any questions, or need any clarifications, please don't hesitate to contact me. Thanks for your time. I have attached a copy of settlement agreement.	3/13/2018

EPA-R4-2018-005416	Alicia Clark	Southern Environmental Law Center	<p>**Re: SPACEPORT CAMDEN in CAMDEN CO., GA** Under the Freedom of Information Act (FOIA), 5 U.S.C. &sect; 552, as amended, the Southern Environmental Law Center (SELC) requests any and all documents in the possession or control of the U.S. Environmental Protection Agency (EPA) that relate to the Draft Environmental Impact Statement for Spaceport Camden in Camden County, Georgia, as prepared by the Federal Aviation Administration (FAA). We seek all documents in the file, including drafts and emails between EPA staff and FAA staff. FOIA directs a responding agency to make a determination on any request within twenty (20) working days of receipt. See 5 U.S.C. &sect; 552(a)(6)(A)(i). FOIA also requires the release of all reasonably segregable portions of a document that are themselves not exempt. 5 U.S.C. &sect; 552(b). Should our requests be denied, we request that you inform us of the grounds for denial and the specific administrative appeal rights which are available. See 5 U.S.C. &sect; 552(a)(6)(A)(i). SELC is requesting photocopies or electronic copies without charge, or at a reduced charge, because reduction or waiver of fees would be in the public interest. A disclosure is in the public interest if (1) it is likely to contribute significantly to public understanding of the operations or activities of the government, and (2) it is not primarily in the commercial interest of the requester. The public interest standard of the fee waiver provision of the FOIA should be liberally construed in favor of waivers. McClellan Ecological Seepage Situation v. Carlucci, 835 F.2d 1282, 1284 (9th Cir. 1987); Pederson v. Resolution Trust Corp., 847 F. Supp. 851, 855 (D. Colo. 1994); Etlinger v. FBI, 596 F. Supp. 867, 872 (D. Mass. 1984). EPA-HQ-2018-005358	Abraham Lustgarten	ProPublica	Pursuant to FOIA, would like to request copies of all correspondence, including letters, emails and voice recordings not already published or made available on the EPA website concerning the EPA's evaluation of the health risks of exposure to the contaminant RDX, (https://cfpub.epa.gov/ncea/iris/iris_documents/documents/subst/0313_summary.pdf) from January 1, 2000 to Oct. 31, 2016. The response should exclude comments formally submitted to the EPA as part of the IRIS review process, and which are otherwise available online, as well as any other documents and information already published on the EPA's IRIS website. It should include all other internal and external communications not previously published for the public on the EPA website. I'd like responsive materials delivered on a rolling basis as they become available, and sent to me on a DVD via mail, as download of materials from the FOIAonline website is unreliable and frequently does not work. This request is a refiling of a previously withdrawn request, EPA-HQ-2017-000877 made to include my request for a fee waiver. Since substantial research has already been completed to answer the original request, it is my hope this new request can receive a response quickly.	3/12/2018

EPA-R9-2018-005349	Jasmin Lombardi	Berkes Crane Robinson & Seal, LLP	We are interested in obtaining a copy of the Consent Decree with Powerine Oil Company lodged on 11/7/2007 [with respect to Case No. 2:04-cv-06435-CBM-JWJ , filed in the US. District Court for the Central District] , with all of the attachments and exhibits thereto. The proposed Consent Decree was ultimately signed as a Consent Judgment on 2/11/2008. Our office was able to obtain a copy of the actual Consent Judgment from the District Court. However, neither the Consent Judgment nor the Proposed Consent Decree lodged in 11/2007 with the District Court contain the exhibits as referenced in the Consent Decree, including the attachments regarding certain information provided by the Settling Defendants. As indicated in the Consent Decree, the amount of the proposed settlement was "based upon financial information provided by Settling Defendants indicating a limited ability to pay." There is a specific reference to attachments/exhibits, etc. that appears to comprise this information. As clarification, we are interested specifically in obtaining copies of the attachments/exhibits as submitted by the Settling Defendants in connection with the Proposed Consent Decree. [See Pgs 55-57 of the Consent Decree document attached herein for your reference, which lists those specific attachments we are interested in obtaining] We note that there is no indication that the referenced documents were submitted as confidential.	3/12/2018

EPA-R9-2018-005321	Mrs. Wendy Z Fenner	Professional Engineer	This FOIA request for EPA Region 9. Please send me all the information you have for this CERCLIS Archive listing: NVD981989908, Railroad Roundhouse. This site is located in downtown Las Vegas, NV. I believe the remains of the roundhouse which disappeared before 1965 are buried in an unremediated tar/waste pit that is located beneath the current Clark County Government Center building location: 500 Grand Central Parkway, Las Vegas, NV 89106. The waste pit was covered by 1971 and was not addressed in the NDEP oversight of the remediation and dismantling of the rail yard in the late 1980s and early 1990s. The Clark County Government Center was constructed in 1993 without a vapor barrier. There are hundreds of people who work in the government center building who have been chronically exposed and have a multitude of railroad diseases. I have additional photos and evidence that the half mile long 150 ft wide 10-15 ft deep waste trench where UPRR dumped their machine shop waste from 1904 to 1952 was lit on fire and the burned bunker fuel (and other chemical remains) were scooped up and also deposited in the pit that lies beneath the Clark County Government Center. This is an emergency situation that requires immediate attention.	3/9/2018

EPA-HQ-2018-005186	Alex J Krivitsky	Purdue University	To whom it may concern, My name is Alex Krivitsky. I am a student at Purdue University. I saw on the EPA website that a "Data Request Form"; was sent to the BP Whiting Oil Refinery on July 26th, 2017. According to the website page (https://www.epa.gov/eg/petroleum-refining-effluent-guidelines#data-request), each company had 180 days to complete the form and send it back. I would like to know if BP's response to that form is publicly available information. If it is possible, I would like access to their answer to the form. The reason is that I am completing a school project and that refinery's wastewater treatment plant is the topic. Specifically, I would like to know the VOC concentrations of the water at each step of the treatment process. Please let me know if there is any way that it would be possible for the EPA to give me access to this information. Thank you very much. EPA-R1-2018-005094	Jessica D Perry	UF MED STUDENT	Please call me in regard to safety measures and practices performed in RI hospitals. There have been deaths resulting herein due to the intent to harm and purposely harm with death as the outcome. How? The sprinkler system with purposeful intention by destruction of water supply line connected to a toxic gas and substance of such in conjunction with water line hose alternative? But an electrical inspector confirmed so with one hospital as you know already. Please see 2015 case. HVAC systems need to be checked too. Particularly on MedSurge and Psych Floors please. As evidenced by symptoms and cause of fatality among some and with an alteration of thought process along with physical symptoms that are proved by lab results and objective and definitive diagnostic testing too. Basically, if you could please check the hospitals I uave unfortunately and unnecessarily have had the pleasure to sSay with, it would be tremendously appreciated. Thanks! Please get your fire departments to actually know how to do their jobs and implement STAT testing and monitor this per US governmental standards. I I have already contacted the deemed necessary appropriate Federal agencies due to my credentials and qualifications and Thank God some common sense in complete totality; as well as, being hospitalized a multitude of unnecessary times due to similar residential occurrence antecetantly leading this bs. Last incident involved sexual assault on me as well. For those who are simple minded and not that bright, there are actual videos published on Youtube with depiction of such inclusive of audio accustics and how it was done in the apartment setting. Not a god damn thing has been done to rectify such!! Please contact most recent code enforcement public court records with a detailed explanation based on their brief assessment performed January 2018. I have contacted Matthew Durffee to represent me and will possibly obtain Dave Arrongberg as counsel in Florida.	3/5/2018

EPA-HQ-2018-005024	Mr. R A BOURQUE		What is the EPA and other agencies [and Congress] doing to preserve [i.e. not shred] documents that are bound to be subject to a subpoena once the Democrats take back a majority in Congress? For example, former Watergate prosecutor Jill Wine-Banks explained the parallels to MSNBC's Chris Hayes: John Dean was an associate deputy Attorney General and White House counsel before pleading guilty to obstruction of justice. Dean ended up serving four months in federal detention and was disbarred as an attorney. Nunes co-conspirator on the Hill is his staffer Kashyap Patel, Dean charged. Patel is the lead Nunes staffer behind the memo. Patel was issued a rare order of ineptitude from a federal judge in 2016. They both belong in jail for betraying national security with their scam, he continued. Dean's conclusion that prison is necessary for the Nunes memo is notable because of Dean's role crafting a similar memo. Former Watergate prosecutor Jill Wine-Banks explained the parallels to MSNBC's Chris Hayes. First of all, Richard Nixon asked John Dean to write a whitewash memo, saying he had fully investigated the accusations and that no one in the White House or on the Committee to Re-Elect the President was involved, Wine-Banks explained. That's what this memo was. It is a whitewash, Wine-Banks said.	3/1/2018
EPA-R4-2018-005001	Brooke Dickerson	Arnall Golden Gregory	I do have one correction. I had stated that the Central of Georgia RR/Bernuth Lembcke Site, located off Kinsey Road at GA Ports Authority Gate #2 in Savannah, Georgia 31401 was not the same as the Bernuth Lembcke Co. Superfund Site located at the North end of E Lathrope Ave, Savannah, GA 31401. However, I have learned that the 2 addresses may in fact be for the same site. I hope this helps in the FOIA search. Unfortunately, I have another correction! Instead of limiting the time frame for information regarding the 2 properties (Bernuth-Lembcke and the Savannah, Georgia Fell Street Station to 1995, I need any information dating back to 1980. I apologize for the mistakes, and appreciate your assistance.	3/1/2018

EPA-R2-2018-004999	Nick Surgey		To Whom It May Concern: This is a request under the Freedom of Information Act. I hereby request the following records: It is the requestors understanding that EPA regions have been instructed to handle FOIA requests that include records involving EPA political appointees, by routing such requests to EPA HQ for processing. I therefore request any guidance or other instructions provided to an EPA region by EPA HQ about the processing of FOIA requests that include political appointees, or any other records which outline this approach. A search may be limited to records created or transmitted between January 20, 2017 and February 21, 2018. The requester is entitled to a fee waiver because he is a member of the news media, and because this request for records concerns activities or operations of the government. Disclosure of the requested records will likely increase public understanding of government operations since the requester has the ability and the intention, through the means described below, to effectively convey information contained within the requested records to a broad public audience. Requester is an investigative journalist and the director of Documented, an investigative watchdog and reporting group that explores the relationship between industry and government. Nick Surgey is a Senior Fellow at the Center for Media and Democracy and writes for the Intercept. The requested documents will be made available to the general public, and this request is not being made for commercial purposes. In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not. Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires. Sincerely, Nick Surgey	3/1/2018

EPA-R7-2018-005002	Jeff Stover	FTI Consulting	On February 6, 2018, I requested information on USEPA's notification to the Consolidated Edison Company of New York as potential responsible party at the PCB Treatment Site (2100 Wyandotte Street, Kansas City, MO and 45 Ewing Street, Kansas City, KS), Consolidated Edison's 104(e) response and attachments, and other documents related to the company's involvement at the site. On February 14, 2018, USEPA responded stating the agency had no information responsive to my request. Since receiving the attached response, I have obtained information indicating that 1) USEPA sent a letter dated September 26, 1994 to Consolidated Edison Company of New York indicating the company had been identified as Potentially Responsible Party at the PCB Treatment Inc. site. 2) USEPA sent a 104(e) request for information letter to Consolidated Edison on August 4, 1995. 3) Consolidated Edison sent a 104(e) response to the USEPA on October 10, 1995. 4) Consolidated Edison sent an amendment to its 104(e) response to the USEPA on October 17, 1995. These documents demonstrate that the USEPA both sent correspondence to and received correspondence from Consolidated Edison Company of New York regarding its involvement in PCB Treatment, Inc. site and as such, the agency should possess Consolidated Edison's 104(e) response and amendment with attachments. Consolidated Edison's 104(e) response and amendment indicate that the company provided along with its 104(e) response several folders documents related to the materials it sent to the PCB Treatment, Inc. site. (see attached) Pursuant to the Freedom of Information Act, I am requesting electronic copies of the documents within the folders submitted by the Consolidated Edison Company of New York in its October 10, 1995 and October 17, 1995, as part of its 104(e) response. If the USEPA cannot produce the documents, I respectfully request the reason (destroyed, withheld, etc.) the agency cannot produce them.	3/1/2018

EPA-R1-2018-004976	Mr. Christopher J Punch		February 28, 2018 Dear FOIA Officer Hi I have a basic request, on this issue If Environmental Protection Agency Region 1 received and found unnatural light enhancement or magnification, public transit station and in the area near the station location below. Based on my time parking at the location and seeing others cars this issue of unnatural solar enhancement does not appear to effect autos made by other manufactures. Walking in the area on a personal level I have seen no enhancements beyond natural human activity. Second are there any reports for cars made or marketed by the entity known as American Honda, have melting of parts or components there are exposed to the outside natural environment with normal unmagnified or amplified natural sunlight. Is there an industry standard or suggested standard for exterior plastic components and would melting in the period of 1, 2 or 3 years or 20,000 miles of operation be expected for a car made for sale in the United States? Would melting of plastic components cause distribution of unknown particles into the atmosphere and is there a method to report this EPA and has American Honda filed any such report, details of the report are not requested. Dates 9/1/2015 through 2/22/2018 Readville Commuter Rail Station Lots A, B and C 1664 Hyde Park Avenue in Hyde Park, MA 02136 I would like to note that I have made similar requests with a negative response from other government agencies that have jurisdiction on various enforcement Thank You Christopher Punch	2/28/2018
