EPA-HQ-2018-004855	Elizabeth Gardner		I am submitting this FOIA request for a comprehensive listing of EPA awards data for the past ten years. Specifically, I am seeking to find what grant funding was expended and what money was returned to the agency, either through "clawbacks" or simply as unused funds. These records would likely be with the Grants and Interagency Agreements Program. These records would have been created from 2006-2017 (approximate span for a decade of records). My full name is Elizabeth Gardner and my mailing address is 9 Phillips Place, Cambridge MA 02138. Please inform me of any associated fees. Thank you very much for your time and I look forward to receiving this information, Betsy Gardner, MURP Research Assistant The Lincoln Institute of Land Policy	2/26/2018

EPA-HQ-2018-004651	Corbin Hiar		This is a request under the Freedom of Information Act (FOIA). I want all records concerning communications with Richard Yamata between June 1, 2017, and the date on which this request is filled that mention the terms "Integrated Risk Information System," IRIS, formaldehyde, or HBCD. Please include any call logs, call sheets, emails, letters, hand-written notes, day calendars, memorandums, meeting agenda sheets, text messages, and other documented forms of communication with Yamata. If possible, I would prefer to receive the largest number of records or documents in electronic form. FOIA requires that if part of a record is exempt from disclosure, you must redact and release all segregated parts. Please describe the deleted material in detail and specify the reasons for believing that the alleged statutory justification applies in this instance. If my request is denied in whole or in part, please specify which exemption(s) is (are) claimed for each passage or whole document denied. In addition, please give the number of pages in each document and the total number of pages pertaining to this request and the dates of the documents withheld. Such statements will be helpful in deciding whether to appeal an adverse determination. As required by FOIA, I look forward to hearing from your office within 20 days in response to this request.	2/20/2018

EPA-R10-2018-004662	Stanley Tromp	Journalist	Please send me your records regarding the spring 2017 British Columbia provincial election, the race and its outcome - the ascension to power of NDP premier John Horgan. Its effects on the United States, the TransMountain pipeline project, environment and economic impacts, etc. Exclude media and press releases, and material already publicly released (for example, online). If there is such material online I would appreciate it if you could me to it. Please exempt me from fees, for I am a low-budget journalist working in the educational and historical interest, and send records by email if available. Please apply the Public Interest Override to override any exemptions, and inform me of all my appeal options. If records are available for routine release, please inform me. If any of these records are in readable computer format, please send them by disc or email rather than on paper. Please exempt me from fees as I am a low budget researcher working for the public and educational interest. Please redact and release, send parts of the request to me as they are completed, rather than waiting till all the records are compiled to send them all at once. If practicable, please divide this request into two parts, (1) a part that can be released with no third party consultations required (and/or can be easily located or require no severing), and so can be sent to me ASAP, and (2) a part that requires third party consultations and so conceptually could take a bit longer. If you wish to negotiate this request, please call or write me. Please do not send media clippings, as I have those. If there are records on this topic that have been release in reply to another person's FOI request, please send me those records also. I can afford to pay no more than \$10 in fees; if they are any higher, inform me but not process the request. Sincerely yours, Stanley Tromp, historian and journalist,	2/20/2018

EPA-HQ-2018-004619	Ms. Jennifer N Winn	Stetson College of Law	Larry Gottesman U.S. Environmental Protection Agency 1200 Pennsylvania Avenue, NW (2822T) Washington, DC 20460 (202) 566-1667 Dear Larry Gottesman, This is a request under the Freedom of Information Act. I am making this request to find out more information on one use-straw bans and the effect they have on the environment. I am a student at Stetson University College of Law and I am trying to get a one-use straw ban in my city for my environmental advocacy course. The information given to me will be presented at local counsel meetings. Over the past few years there has been a large movement to ban one-use straws. I would like to know which states or counties have one-use straw bans in place. I would also like to know if there is a compiled list or documentaries of animals that have been found to be harmed by straws. For example, there are accounts of turtles with straws lodged into their nose. How many accounts like this have been reported? If not, is there a way that this information could start being compiled to show the harm that these types of plastic straws can have. Besides animal harm is there any database on how many one-use straws are thrown away each year and what percentage of those are recycled or end up in the ocean. I request a waiver of all fees for this request. Disclosure of the requested information to me is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in my commercial interest. This information will be shared not only with my class and local counsel but will hopefully spread awareness to the harm that one-use straws have to more cities across the nation. Thank you for your consideration of this request. Sincerely, Jennifer Winn 1401 61st St. S. Gulfport, Florida, 33707	2/20/2018

EPA-HQ-2018-004490	Mrs. Katherine Montcalm		I request the travel expense records for Scott Pruitt, EPA Chief Administrator, including the waiver that is used to justify his reasons for travelling first class. This request is for the entire time Mr Pruitt has held this position. I am requesting this information as U.S citizen, and I am entitled to know how our tax dollars are spent. I cannot find the complete information in public records, and the EPA's spokesman, Jahan Wilcox, in an article by Politico dated February 14, 2018, says that , "anyone seeking additional details about Pruitt's travels would have to formally request them under FOIA." This is my formal request. Thank you!	2/15/2018
EPA-R3-2018-004496	Benjamin Mikesell	Buchart Horn	I'm working on project to reuse an archived Superfund site in Red Lion, PA and I'm trying to locate any available notes / reports. Red Lion Municipal Incinerator (EPA ID: PAD981042328, EPA inspection date 4/17/1987) Red Lion Landfill (EPA ID: PAD981042385, EPA inspection date 6/23/1986) I've searched the online library resources, and contacted the EPA Library, but have had no luck in finding any documentation. The EPA Library suggested that I contact the Superfund division, who suggested that I contact your Region 3 division. According to a 1971 EPA report, Municipal Incineration, a Review of Literature the incinerator was constructed in 1954. Apparently use was discontinued in the 70's. The landfill and incinerator were investigated by EPA in 1986 and 1987 respectively and it was concluded that no further action was required. But I can't find the reports? Is there any documentation available? It is my hope that any notes or diagrams of the site would help us avoid problem areas or direct further testing if necessary.	2/15/2018

EPA-R10-2018-004384	Mr. Guenther G Eigentler		Dear Mr. Pruitt ... houses, vehicles. Right? Many vehicles? The better. Now let's hang on to that last-mentioned image a bit. Most of those cars out there need petrol to run or some other form of energy. If you multiply their number, its total will conjure up all the vehicles you find on Earth. Quite an inconceivable number! They all need gas produced from the material within our planet. It may, therefore, be logical to conclude that big holes result in there over a long period of time. Right? What can be assumed happens to those holes? Are they filled by some other material, most likely, water? If this assumption of mine is correct, it will explain why so few places on earth are not flooded nowadays despite fears concerning the melting of the polar ice. (If it was incorrect, a number of cities would presently experience a fate similar to the one New Orleans had to cope with some time ago.) Now, let's go on to the next point in question. ...	2/13/2018

EPA-HQ-2018-004357	Mr. James Chelmowski		This is a request under the Freedom of Information Act for a copy of the Environmental Protection Agency's FOIAonline training, including all the slides, handouts, notes, instructor notes, details, etc. from the EPA FOIAonline training for both EPA, FOIAonline administrators and other government agencies using the FOIAonline. Must also include training provided to or received by Tim Crawford, FOIAonline Program Manager and CGI Federal administrators. It is my understanding and public knowledge the EPA is in possession that the EPA Agency sponsors FOIAonline trainings for managers, supervisors and staff (both for the EPA and other participating agencies/departments). The training is for EPA, FOIAonline administrators and other government agencies/departments using the FOIAonline which of course the FOIAonline is an EPA System of Records (EPA-9) https://www.federalregister.gov/documents/2016/11/17/2016-27669/privacy-act-of-1974-system-of-records . Of course, the responsive training records should be for all levels of the FOIAonline system administrators and FOIAonline agency/departments users. Must also include training provided to or received by Tim Crawford, FOIAonline Program Manager and CGI Federal administrators.	2/12/2018

EPA-HQ-2018-004323	Mr. Dylan J Hodges		The information I am looking for is very large, but very specific. I am looking to get, without obtaining any PII, a list of every job within the EPA. By job, I mean position, as in someone goes to work every day and has a title. I want that title, and what that position title is supposed to do. Starting with Scott Pruitt, all the way down to each individual staffer. I want each job, its description and any jobs that fall directly below it. By description I ask for exactly what each position is tasked with doing, and what tasks fall to the jobs below them. I am doing a study to attempt to find a more efficient task delegation method for later implementation. By getting the hierarchy of the EPA, I can analyze how this structure works, its benefits, its flaws, everything. To restate, I am asking for a list of each and every individual job; What each job is supposed to be doing, in every branch of the EPA. Thank you.	2/12/2018

EPA-R5-2018-004301	Dr. Lauren Labrecque		I would like all information regarding lead paint removal on the property 133 S Grove Ave, Oak Park IL 60302. I called the EPA around May/June 2017 when a contractor paid by my neighbors began removing exterior lead paint from the home without following EPA protocol. A second complaint was made in October 2017 when the neighbor hired a 1979 second contractor to remove the lead paint from their home, again without following EPA protocols.	2/9/2018

EPA-R5-2018-004309	Mr. William Clark	Foley & Mansfield	Please provide certified copies of all records related to asbestos at the following facilities: 1.) U.S. Fabrication at 600 E 2nd St Michigan City, IN 46360; 2.) The Weil-McLain facility at 500 Blaine St, Michigan City, IN 46360; 3.) Robert L Miller Laboratory at 326 N 400 E, Valparaiso, IN 46383; 4.) Custom Machining Services at 326 N 400 E, Valparaiso, IN 46383. I would also like all records of asbestos at the Pullman office building in Michigan City, IN and the neighboring machine shop/warehouse. These were the only two buildings that survived the Pullman fire of 1973. Both buildings have since been demolished (the office building was demolished in 2007.) I have attached photos of the 2 buildings, along with a satellite image of where the buildings used to stand. I am not sure what street address they would be in your system under. I believe the address for the office building was 601 Wabash St. Before the buildings were demolished, they were part of a manufacturers outlet shopping mall called Lighthouse Place, with The Works containing shops and restaurants, including the Pullman Cafe, in the only surviving Pullman buildings. EPA-R6-2018-004149	Mr. John C Spinrad	Arnall Golden Gregory LLP	<p>Please send me the CERCLA 104(e) Request for Information that was sent to the Bernuth-Lembcke Co. and/or to KMG Chemicals, Inc. f/k/a KMG-Bernuth concerning its potential responsibility for response costs at the Star Lake Canal Superfund Site near Beaumont, Texas, as well as the companies' reply(ies) to that information request, as well as any documents sent by, or received by EPA in connection with that information request. Please also provide any other information or documents about those companies and their potential responsibility for response costs for the Star Lake CERCLA site. The date range of records requested is 2002 to present. The following information may be helpful in locating responsive records: According to Securities and Exchange Commission (SEC) filings submitted by KMG, in 2002, KMG received a letter from EPA notifying it that one of KMG's subsidiaries was potentially liable for costs at the Star Lake Canal Superfund Site. KMG's SEC filings also state that, in October 2014, KMG's subsidiary, KMG-Bernuth, received a letter from EPA notifying it of potential liability under CERCLA, and inviting it to enter into negotiations to pay for or perform the selected remedy at the Star Lake Canal Site. The EPA ID No. is TX0001414341. The address is: NEAR STATE HWY 366 & SARA JANE RD, PORT NECHES, TX 77651. Rolling responses are fine. I don't believe that the request will involve any CBI. However, I would appreciate it if EPA could provide an index of any withheld information, after which I can reconsider whether to request a CBI substantiation. Please do not delay providing the publicly available information while you are indexing the CBI. Thank you.</p>	2/6/2018

EPA-HQ-2018-004117	Mr. Hudson Munoz		This is a Freedom of Information Act request for copies of records. I am requesting copies of correspondence and communications between EPA Senior Advisors Albert C. Kelly and Kenneth Wagner. My request for correspondence includes handwritten correspondence as well as email along with all attachments. Per EPA records management policy, electronic messages such as text messages are agency records which must be preserved made accessible under the Freedom of Information Act. As such, a satisfactory search for responsive records includes a search for records created by the individuals listed above using any of the following services: Google Chat, Skype for Business, IBM Sametime, Novell Groupwise Messenger, Facebook Messaging, iMessage; Short Message Service and Multimedia Messaging Service on devices, such as Blackberry, Windows, Apple or Android devices; Google Voice, Twitter Direct Message, Slack, Snapchat, WhatsApp, Pigeon, Yammer, Jive, or, other internal collaboration networks. It is my understanding that, in previous administrations, Agency employees referred to principals by their initials, acronyms, nicknames, pseudonyms, or aliases. For example, President Clinton was sometimes referred to as "WJC" and President Barack Obama was referred to as "BO". In 2013, it was reported that former EPA Administrator Lisa Jackson used the alias "Richard Windsor" to conduct official agency business. It is my understanding that Albert Kelly is known as "Kell" among his associates. Therefore, a thorough search for records responsive to this request includes searching for records containing the acronyms, nicknames, pseudonyms, or aliases used to identify agency principals. Due to the time-sensitive nature of this request, I will hold the Environmental Protection Agency to a strict 20-day deadline for an initial response and expect the agency to provide written notice of its intention to take any extension to respond.	2/5/2018
EPA-HQ-2018-004123	Mr. Hudson Munoz		This is a Freedom of Information Act request for copies any and all travel vouchers or expenses for Kenneth Wagner, including but not limited to records of payments made and or any pending claims for reimbursement. Due to the time-sensitive nature of this request, I will hold the Environmental Protection Agency to a strict 20-day deadline for an initial response and expect the agency to provide written notice of its intention to take any extension to respond. Please provide the specific FOIA exemption used to justify any redaction and an index of any documents withheld either in part or in its entirety as part of the agency's response.	2/5/2018

EPA-R2-2018-004135	Doug Ruhlín	Resource Management Associates	I am requesting, under the Freedom of Information Act (FOIA), records for the following property: 246 US Highway 46 Dover, NJ 07801 Please provide the following information for the above property: Any records pertaining to past or present: environmental matters; alleged or confirmed compliance issues; hazardous materials use or storage at this property; alleged or confirmed releases on this property; environmental complaints, investigations, or violations; environmental liens, use or activity restrictions. In order to help to determine my status for purposes of determining the applicability of any fees, you should know that I am affiliated with a private corporation and am seeking information for use in the company's business. I am willing to pay fees associated with this request, but request to be advised of estimated costs prior to any such costs being incurred. If you deny any part of this request, please cite each specific reason that you think justifies your refusal to release the information. Please notify me of appeal procedures available under the law. Responses may be emailed (to amy@RMAGreen.com) or mailed directly to our office. Thank you for your prompt attention to this matter.	2/5/2018
EPA-HQ-2018-004134	Carol Wilson		Re: FOIA Request for Records on Chlorofluorocarbons (CFCs) Pursuant to the Freedom of Information Act (5 U.S.C. § 552), I request copies of the following records in the possession, custody, or control of the U.S. Environmental Protection Agency (EPA): 1. All annual reports that manufacturers and processors of fully halogenated chlorofluoroalkanes filed with EPA's Pesticides and Toxic Substances Enforcement Division pursuant to an EPA rule that was published on March 17, 1978 in 43 Fed. Reg. 11318 (attached). 2. All annual reports that EPA-certified reclaimers of chlorofluorocarbons (CFCs) have submitted to the EPA from 1993-2017 (inclusive), pursuant to 40 CFR § 82.16. I understand that these reports include the total annual quantity of material sent to reclaimers for reclamation, the total annual mass of each refrigerant reclaimed, and the total annual mass of waste products. 3. Any and all records on the volume of CFCs destroyed in the United States between 1993 and 2017. To the extent any of the records responsive to this request are stored in electronic format, please also provide a copy of the records in their native electronic format that will enable us to load the records onto a computer. In doing so, I request that you provide any metadata associated with the electronic records. If, for any reason, EPA decides to withhold or redact records responsive to this request, please cite each specific reason that you believe justifies your refusal to release the information with respect to each document or category of documents. Please supply the requested documents without informing me of the cost if the fees do not exceed \$500.00, which I agree to pay as necessary. Otherwise, I ask that you notify me of any search or duplication costs exceeding \$500.00, so that I may decide which records I want copied. Finally, if you are not the appropriate contact for this FOIA request, please let me know so that I may direct this	2/5/2018

EPA-HQ-2018-004063	Mr. Scott A Bronstein	CNN	Pursuant to the Federal Freedom of Information Act, 5 U.S.C. 552, Cable News Network, Inc. ("CNN") requests access to and copies of (in pdf form, where possible) all communications, documents and records held by the Environmental Protection Agency related to the creation and announcement of EPA's newly announced January 25, 2018 guidance memorandum withdrawing the "policy for the classification of major sources of hazardous air pollutants, under section 112 of the Clean Air Act, to be reclassified as "sources when the facility limits its potential to emit below major source thresholds. To clarify, all communications, documents and records should include all internal or external correspondence between EPA officials and staff and others outside EPA, pertaining to the newly announced guidance memorandum, and include all facsimiles, reports, communication, letters, office emails, private emails, power-point presentations, minutes of meetings, schedules, lists, slides, written notes, and/or other forms of information in which the guidance memorandum and its contents are referenced. Also to clarify, the precise dates for said communications and documents described above that we seek are from September 1, 2017 until January 31, 2018. The records request also pertains to any and all records on these topics that are in or on the personal computers, cellphones or other electronic devices, or personal email accounts used by EPA staff if used for any government purpose. If CNN's request is denied in whole or part, we ask that you justify all deletions by reference to the specific exemptions of the Act. CNN will also expect you to release all segregable portions of otherwise exempt material. CNN reserves the right to appeal your decision to withhold any information.	2/2/2018

EPA-HQ-2018-004065	Allison Cailliau	George Washington University	Pursuant to the Freedom of Information Act (FOIA), I hereby request any and all documents, including emails and memos, dating from July 1, 2015 through December 31, 2015, concerning the statement made by Monsanto that "The allegation that glyphosate can cause cancer in humans is inconsistent with decades of comprehensive safety reviews by the leading regulatory authorities around the world. The plaintiffs have submitted isolated documents that are taken out of context." The article also suggests that Monsanto had ghostwritten research that was later attributed to academics and indicated that a senior official at the Environmental Protection Agency had worked to quash a review of Roundup's main ingredient, glyphosate, that was to have been conducted by the United States Department of Health and Human Services. These statements are cited in the New York Times article, Monsanto Weed Killer Roundup Faces New Doubts on Safety in Unsealed Documents, attached for your reference. Please include records maintained at the EPA Headquarters as well as EPA Region 9 in your search. https://www.nytimes.com/2017/03/14/business/monsanto-roundup-safety-lawsuit.html I am a graduate student at George Washington University and this request is made for an educational purpose as part of my coursework and qualifies for educational fee status. EPA-HQ-2018-003995	Ms. Danielle Ivory	The New York Times	Dear FOIA Officer: Pursuant to the Freedom of Information Act, 5 U.S.C. Section 552 et seq ("FOIA"), I request copies of (or access to) documents (hereafter known as the Records), specifically: (1) Any agency records identify members of the Senior Executive Service within the Department who were reassigned to different jobs or different geographic locations during the period from Jan. 20, 2017, to the present. The records should include all reassignments where members of the Senior Executive Service within the Department moved to different positions or different geographic locations within the Department or outside of the Department. The records should also include all reassignments where members of the Senior Executive Service outside of the Department moved to different positions or different geographic locations within the Department (ie. the Records should include individuals who moved to, from and within the Department.) I am a reporter for The New York Times, an accredited and recognized newsgathering organization. I request the Records to inform the public about matters of public concern. FOIA requires that your agency respond to this request within 20 business days. This request is segregable, and your agency may not withhold entire records because of one section that you believe is exempt from disclosure. Under federal law, if you choose to withhold any such parts of the records from disclosure, you must specify in a written response the factual and legal basis for withholding any part of the Records. I am further requesting that the Records be provided to me on computer files in the same format as they are currently maintained at the agency, pursuant to Burka v. Dept. of Health & Human Svcs., 87 F.3d 508 (D.C. Cir. 1996). As you know, providing documents electronically is cheaper than mailing hard copies.	1/31/2018
EPA-R5-2018-003951	Ms. Katie J Gines	HeplerBroom	I am requesting the documents highlighted on the attached indices and the following document which is referenced in the October 23, 2002 index that is attached: Any/all reports that document the removal action conducted at Site Q South between October 1998 and April 2000 by USEPA, including tables and maps that show the specific locations of sampling, identification of contaminants, and locations where contaminated soils and/or drums were removed.	1/31/2018

EPA-R9-2018-003752	Mr. Ian James	The Desert Sun/USA TODAY Network	<p>This is a request under the Freedom of Information Act. I request that copies of the following documents be provided to me: Records detailing EPA funding that has supported air quality monitoring in Mexicali, Mexico, including the purchase of air quality monitoring equipment and monitoring work, from 1990 to the present date. Some or all of this funding may have been provided EPA as EPA grants to the California Air Resources Board for air quality monitoring in Mexicali. I am a journalist employed full-time by The Desert Sun newspaper, and this request is made as part of news gathering and not for a commercial use. The information sought has informative value, or potential for contribution to public understanding. Please note the decision in Elizabeth Eudey v. Central Intelligence Agency, 478 F. Supp. 1175 1176 (D.C.D. 1979) (even a single document has the potential for contributing to public understanding). I plan to disseminate this information to the public at large in an article in The Desert Sun and the USA TODAY Network. In addition, the release of this information will have a significant impact in making the public better informed about the work of the EPA and efforts to address pollution. If any portions of these documents are determined to be exempt under the FOIA from mandatory disclosure, I would request that other portions of the documents be released. I would ask that copies of the documents be provided in their native electronic format if possible. Thank you.</p>	1/25/2018

EPA-HQ-2018-003737	Mr. Louis Hamilton	Innovative Hydrogen Solutions Inc.	<p>I WOULD LIKE TO REQUEST THE FOLLOWING INFORMATION: WHO AUTHORIZED SMART WAY TO BE LOCATED ON THE EPA WEBSITE? WHAT WAS THE PROCESS TO HAVE SMART WAY ADDED TO THE EPA WEBSITE? WHAT IS THE PROCESS TO HAVE SMART WAY DELETED / REMOVED FROM THE EPA WEBSITE? HAS THE EPA CONDUCTED ANY TESTS RELATED TO THE SCIENTIFIC VALIDITY OF THE SMART WAY PROTOCOLS / METHODOLOGIES / PRACTICES / GHG REDUCTION CALCULATIONS DELINEATED BY SMART WAY ON THE EPA WEBSITE? SMART WAY CLAIMS THAT IF THE GROUND TRANSPORTATION INDUSTRY FOLLOWS SMART WAY'S PROTOCOLS / METHODOLOGIES / PRACTICES / GHG REDUCTION CALCULATIONS SUCH ADHERENCE WILL QUANTIFIABLY REDUCE THE PARTICIPANTS' CARBON FOOTPRINT / REDUCE THE PARTICIPANTS' HARMFUL GHG EMISSIONS. UNFORTUNATELY SMART WAY PROTOCOLS / METHODOLOGIES / PRACTICES / GHG REDUCTION CALCULATIONS WILL NOT / ARE NOT ABLE TO REDUCE HARMFUL GHG EMISSIONS IN ANY QUANTIFIABLE MANNER THAT IS ACCEPTED BY INTERNATIONAL AND OR DOMESTIC ACCREDITED & RECOGNIZED GHG REDUCTION VERIFICATION AGENCIES/ GOVERNMENTS / COP 21 PARIS CLIMATE CHANGE AGREEMENT/ MOREOVER THE EPA ITSELF. DID SMART WAY PROVIDE THE EPA ANY THIRD PARTY TESTING AND VERIFICATION THAT SMART WAY'S PROTOCOLS / METHODOLOGIES / PRACTICES / GHG REDUCTION CALCULATIONS ARE CORRECT AND VALID? I BELIEVE THE ANSWER IS NO! THE EPA'S CONTINUED SUPPORT OF SMART WAY IS LEADING THE TRANSPORTATION INDUSTRY TO SPEND TENS OF MILLIONS OF DOLLARS ANNUALLY FOLLOWING SMART WAY TO THE LETTER IMPLEMENTING PROTOCOLS / METHODOLOGIES / PRACTICES / GHG REDUCTION CALCULATIONS WHICH ACCOMPLISH ZERO. THE EPA APPEARS BY VITURE OF HOSTING SMART WAY IN THE EPA WEBSITE TO 100% SUPPORT LEADING THE TRANSPORTATION INDUSTRY DOWN THE WRONG PATH RESULTING IN ZERO QUANTIFIABLE REDUCTION IN HARMFUL GHG EMISSIONS. PLEASE PROVIDE ANY AND ALL RELEVANT DOCUMENTATION FROM THE EPA REGARDING SMART WAY/ THIRD PARTY TESTING OF SMART WAY PROTOCOLS / METHODOLOGIES / PRACTICES / GHG REDUCTION CALCULATIONS AND ANY AND ALL PAST ATTEMPTS TO DELETE IT FROM THE EPA</p>	1/24/2018
EPA-HQ-2018-003718	Ms. Emma Howard	Unearthed	<p>Dear FOIA Officer, This Freedom of Information Act (FOIA) request is directed to Environmental Protection Agency. Unearthed is interested in obtaining the below information relating to the Volkswagen fix. I hereby request copies of all records containing the following information: Data on all Volkswagen vehicles tested on the road (PEMS data) for NOx emissions before and after the fix information in regard to how the tests were done: for example, the engine temperature at the start of the test any details regarding the route, composition (urban, rural, motorway split) and the ambient conditions on the day of the test. Details about the vehicles themselves: engine size, model year, mileage, body type and emissions technology Any other documents such as keys or guides that are necessary to interpret the data appropriately I would like the data in xls format if possible. Disclosure of this information is demonstrably in the public interest as Volkswagen were caught rigging emissions tests and breaking the law. This fix has been promoted as one of the key solutions to the problem. The public has a right to know what impact it is having on emissions. It will also allow the global public to understand how the fix affects emissions in different countries. If you deny all or any part of this request, please cite each specific exemption that you believe justifies your withholding of information. Please be sure to notify me of appeal procedures available under the law in the event of any denial. If you deny my request for a fee waiver, please inform me before processing my request. I look forward to receiving your response within the twenty day statutory time period. Thank you for your consideration of this request.</p>	1/24/2018

EPA-R3-2018-003480	Ms. Trina Clark		I am looking for information pertaining to Address 1200 Wilson Drive, West Chester, Pa 19380. The following Handler #'s are PAD98110849 and Installation # PAD049231251/ Also Commodore/Eagle Picher Permit number 15-399-023 for the operation of a liquid crystal display. I am looking for information as far back as 1980. I am asking for any corrective action report and contamination history of 1200 Wilson drive. I want a list of human contaminates that have impacted the groundwater of the site. In 2009, this site went under an environmental remediation while workers were unprotected during the clean up and reconstruction of the facility which included the installation of pumps and foundations. Hazmat suits were worn along side of employees with no protection at all. PLEASE PROVIDE ALL DOCUMENTS pertaining to the contamination of this facility. It is very IMPORTANT!!! I am looking also for the FINAL REMEDY Decision. I have enclosed memo's from the remediation that implies that the EPA and OSHA were involved and present during the remediation of this site. Please be advised. There will be follow up and an investigation following this request so please be thorough. Some records may be held by the Chester County Development Council. Human Exposure at this site may still be in effect. Please expedite. Thank you for your attention in this matter. Questions? you may call me at 610.883.7887	1/17/2018

EPA-R5-2018-003301 EPA-R2-2018-003306	Mr. Edward R Carpenter Allyssa Moody	Midwest Environmental Advocates	In accordance with 5 U.S.C. § 552, Midwest Environmental Advocates (MEA) requests a copy of all communications between the Wisconsin Department of Natural Resources (DNR) and the Environmental Protection Agency (EPA) regarding (i) the Petition for Corrective Action (PCA) filed by MEA on behalf of 16 citizen petitioners on October 20, 2015, and (ii) the resolution of the 75 points of deficiency identified in the July 18, 2011 letter from EPA Region 5 Administrator Susan Hedman to DNR Secretary Cathy Stepp. Copies of the PCA and the 2011 deficiency letter are attached hereto for reference. Please include in your response all records of communications occurring between October 1, 2015, and the date of this request. MEA requests all records of such communications, including, but not limited to, emails, attachments, correspondence, letters, memoranda, telephone recordings, voice mails, telephone logs, messages, instant messages, G-chats, text messages, and chats. If the EPA invokes a FOIA exemption to deny all or part of this request, please include sufficient information for us to assess the basis for the exemption, including any interest(s) that would be harmed by release. Please include a detailed ledger including: 1. Basic factual material about each withheld communication, including the originator, date, length, general subject matter, and location of each item; and 2. Complete explanations and justifications for the withholding, including the specific exemption(s) under which the communication (or portion thereof) was withheld and a full explanation of how each exemption applies to the withheld communication. Such statements will be helpful in deciding whether to appeal an adverse determination. Your written justification may help to avoid litigation. Please see the attached FOIL request letter.	1/11/2018 1/11/2018

EPA-HQ-2018-003310	Bill Lapp	Advanced Economic Solutions	Advanced Economic Solutions has 3 specific FOIA requests: 1. Advanced Economic Solutions wishes to identify the "small refineries" that have been granted an annual exemption from its annual RVOs for calendar years 2016, 2017 and 2018. 2. Additionally, Advanced Economic Solutions would like to identify the small refineries that have petitioned for an exemption from its annual RVOs for calendar years 2017 and 2018. 3. In addition to identifying the small refineries that have been granted or petitioned for an annual exemption from their annual RVOs, Advanced Economic Solutions would like to identify their respective refining capacities (as estimated by EPA or EIA). Under EPA's Renewable Fuel Standard (RFS) program, a small refinery may be granted a temporary exemption from its annual Renewable Volume Obligations (RVOs) if it can demonstrate that compliance with the RVOs would cause the refinery to suffer disproportionate economic hardship. The RFS regulations define a small refinery as one with an average crude oil input no greater than 75,000 barrels per day (bpd) crude in 2006. Additionally, the small refinery may not have an average aggregate daily crude oil throughput greater than 75,000 bpd in the most recent full calendar year prior to submitting a petition, and cannot be projected to exceed the 75,000 bpd threshold in the year or years for which it is seeking an exemption. Advanced Economic Solutions is an independent consulting firm, based in Omaha, Nebraska, that specializes in assisting food companies with supply chain risk management and other economic and commodity issues. Thank you in advance for your attention to this request.	1/11/2018

EPA-R8-2018-003241	Ms. Sherleen Mendez	Lehr Levi & Mendez, P.A.	During the course of Mr. Levi's duties as Receiver, he has learned that there may be a Settlement Agreement concerning one of the properties belonging to this estate: The Bueno Mill and Mine Site located in S24, T2N, R72W of the 6th P.M. in Jamestown, Boulder County, Colorado. The Agreement provides that the Settling Party is responsible for issuing a payment to the EPA in the amount of \$1,321,619 for past response costs associated with the removal of hazardous substances located at the property. A recent title report for the subject property does not reveal any encumbrances nor does it reflect a lien on the property by the EPA. Nevertheless, undersigned counsel would like written confirmation from the EPA that the subject property is unencumbered by the terms of this Agreement and is otherwise released from any lien resulting from this Agreement. A written response is necessary in order to obtain a good faith valuation for the subject property. Request any report reflecting the Settlement Agreement was satisfied.	1/10/2018

EPA-R3-2018-003280	William Truitt		1. You will be sending me pdf's of Mountaire's quarterly reports from the last date in 2011 in the compilation table you forwarded yesterday up to and including the last one EPA received from Mountaire. 2. You will send me a pdf of the permanent alternate water supply submitted by Mountaire as described in Para. 36 of the 2003 Order (see also item 3 below). send any responsive documents that relate to the alternative water supply described in paragraph 36. We will produce these documents as PDFs 3. You will gather and send all correspondence relating to the 2003 Order in the form of letters (not emails) between Mountaire and EPA and EPA and the Delaware Dept of Natural Resources and Environmental Control since the Effective Date of the 2003 Order. We did not discuss how these would be sent but I would appreciate pdf's. 4. Asked about sending all Mountaire monitoring well construction information (including well logs) and you have advised that EPA does not have any such information.	1/10/2018

The database.mdb files on DVD are on their way to you. After we talked, I thought of a way to streamline the process for the next time you request the database. You could submit the request through FOIA Online; that way, we could track the requests and we'd know exactly what is being requested. I can walk you through the FOIA submission process (it's fairly easy). There should be no charge since you're requesting the data through the university. Let's touch base on this when you're ready to make your next request. Thanks for your patience glad we got it sorted! EPA-R8-2018-003142	Todd Boehne	POET Plant Management, LLC	Requesting executive summaries of 114 or 114 Information requests related to VOC and HAP air emissions that may have been sent to the following SIC codes: 2869 and 2911. Dates from 11/1/14 to present. 2911 SIC codes from 11/1/14 to present. 114 discussion notes between regions pertaining to 114s pertaining to VOC and HAP emissions. I am not interested in discussions within the agency directly related to actions taking place regarding the 114s being released.	1/8/2018
EPA-2018-003153	Ms. Brooke Malinoski		Please provide all records (including, but not limited to: briefing notes, briefs prepared for EPA Chief Scott Pruitt, advice to EPA Chief, e-mails, and internal and external communications) that discuss or involve Stephen Harper, Harper & Associates Consulting and/or Harper & Associates Consulting employees and representatives between January 21, 2017 and January 8, 2018.	1/8/2018
EPA-HQ-2018-003149	Sandy Robson		I request official confirmation from the EPA agency as to whether Doug Ericksen, (who currently happens to also be a Washington state Senator) held any position, or currently holds any position, with your agency subsequent to his Temporary Transitional Schedule C Senior Advisor position located in the Office of the Administrator; Washington, D.C., which had started on January 21, 2017, and ended on Mr. Ericksen's Not To Exceed date of May 20, 2017. I ask for your agency's confirmation as it is my understanding Mr. Ericksen may have recently started, or will be starting, a new position with the EPA as Senior Advisor to the Regional Administrator located in the EPA's Region 10 Office in Seattle. Pursuant U.S. Code, as stipulated in Title 40, Chapter 1, Subchapter A, Part 2, Subpart A "Procedures for Disclosure of Records Under the Freedom of Information Act," and 2.104 Responses to requests and appeals, I would expect that your agency will respond to my request no later than 20 working days from the date it was received and logged in by the appropriate FOI Office. My request is a very simple request, so I would expect to receive a response with confirmation on my question regarding Mr. Ericksen's potential EPA employment within the 20 working days, or sooner. Thank you. Sandy Robson	1/8/2018
EPA-HQ-2018-003146	Sandy Robson		I request the following information and documentation: Any completed (filled-out) Standard Form 50 and any completed Standard Form 52 for Environmental Protection Agency (EPA) appointee/employee Doug Ericksen (who is also currently serving as a Washington state senator), subsequent to the conclusion of his initial Temporary Transitional Schedule C Senior Advisor position located in the Office of the Administrator; Washington, D.C., which had started on January 21, 2017, and ended on Mr. Ericksen's Not To Exceed date of May 20, 2017. I also request any and all compensation/salary information such as earnings and leave statements (pay stubs) from the EPA for Doug Ericksen, relating to any position with the EPA he may have held, or which he currently holds, subsequent to Mr. Ericksen's final pay stub that he received for his then-Temporary Transitional Schedule C Senior Advisor position located in the Office of the Administrator; Washington, D.C. According to FOIA records I requested on 5/31/2017, which were released on 7/6/2017, Mr. Ericksen's pay stub for the pay period ending date of 6/24/2017, was the last pay stub he received for his then-Temporary Transitional Schedule C Senior Advisor position located in the Office of the Administrator; Washington, D.C. It is my understanding that Doug Ericksen has recently started, or will soon be starting, a new position with the EPA located in its Region 10 Office in Seattle, Washington. I would prefer receiving the records I am requesting to be in electronic/digital format if possible as I am on a very limited budget. Please let me know if you require anything further from me in order to process my request. Thank you. Sandy Robson	1/8/2018
EPA-R5-2018-003132	Alexis Wachter	Bridge House Advisors	I am requesting records regarding the property located at 1143 West Lake Street, Chicago, IL 60607, currently occupied by ATK Foods (previously named Leon's Sausages) and owned by Lake Street Corporation. I request such records sent during the period starting January 1, 2001, through January 4, 2018. I request that these records be made available in electronic format, to the extent possible. If you claim that any record is exempt from disclosure, in whole or in part, please provide a detailed explanation of the exemption on which your office relies and the nature of the material for which any exemption is claimed. If your agency does not maintain these public records, please let me know who does and include the proper custodian's name and address. I am a representative of the news media, affiliated with WTTW/Chicago Tonight, and make this request as part of news gathering. I request a waiver of all fees because the disclosure of the requested records is in the public interest. If this request presents any undue burdens, please let me know as soon as possible, as we may consider tailoring the request to expedite release of important records. If you have any questions about this request or if I can be of assistance in any way, please do not hesitate to call me at 773-509-5623, my number at WTTW. I look forward to your reply within 20 business days, as the statute requires. Thank you for your consideration of this request. EPA-R10-2018-002962	Derek S Barnes		We are looking to purchase 1990 Main St Ferndale, Wa 98248 We know there was a gas station, a raid out or repair shop and a auto wrecking yard at this location in years past. There was also a large fire as well. The existing building was most recently used as an auto parts store for the last 10-15 yrs. the building needs to be removed which could expose a huge can of worms. We were told that tanks were removed, but come to find out they are still there and have oil in them. I want to be proactive about this site and get as much info as I can. Derek 3609611558	12/29/2017
EPA-HQ-2018-002953	Mr. John Greenewald	The Black Vault	To whom it may concern, This is a non-commercial request made under the provisions of the Freedom of Information Act 5 U.S.C. 5 552. My FOIA requester status as a "representative of the news media." I am a freelance television producer often working on documentaries related to my FOIA requests, my work is commonly featured throughout major news organizations, and I freelance writer for news sites as well. Examples can be given, if needed. I prefer electronic delivery of the requested material either via email to john@greenewald.com , FAX 1-818-659-7688 or via CD-ROM or DVD via postal mail. Please contact me should this FOIA request should incur a charge. On July 20, 2016, H.R. 4904, the Megabyte Act was signed into law. The act requires agencies to maintain software license inventories and find ways to optimize software usage to save taxpayer dollars, lowering the chances of mummified, wasteful technology spending. I respectfully request a copy of records, electronic or otherwise, of the most recent inventory of software licenses at your agency. Previously, I requested this under FOIA Case EPA-HQ-2017-001038, but was told it would not be done until Q3 of FY 2017. I hope enough time has elapsed wherein I can get the completed (most recent) report. Thank you so much for your time, and I am very much looking forward to your response. EPA-HQ-2018-002866	Kevin Bogardus	E&E News	<p>I request copies of any and all emails concerning official EPA business that were sent to or from EPA Administrator Scott Pruitt's personal email account(s) from Feb. 17, 2017 to the date that this FOIA request is processed. Other past senior administration officials, such as former Secretary of State Hillary Clinton, former Defense Secretary Ash Carter and former EPA Administrator Gina McCarthy, have been found to have used a personal email account for government business. In the cases of former Secretary Clinton and former Secretary Carter, some of those instances not only ran counter to their departments' policies but could have led to the potential exposure of classified information. In response to worries over their use of personal email for government business and also litigation in former Secretary Clinton's case and former Secretary Clinton and former Secretary Carter released thousands of pages of their personal emails that were used for government business. EPA has also released former Administrator McCarthy's personal emails that were used for government business. Further, a recent court ruling found that agency officials should expect that work-related emails in their personal email accounts to be subject to the Freedom of Information Act. In Competitive Enterprise Institute vs. Office of Science and Technology Policy, D.C. Circuit Senior Judge David Sentelle wrote in the U.S. Court of Appeals for the District of Columbia Circuit's opinion that "an agency cannot shield its records from search or disclosure under FOIA by the expedient of storing them in a private email account controlled by the agency head." Administrator Pruitt should follow the example of other past administration officials as well as court precedent and release all of his personal emails that were used for EPA business.</p>	12/22/2017

EPA-R6-2018-002825	Paul M Cash		Your file, including any reports, photographs, videos, statements regarding any inspections of the Ruidoso Waste Water Treatment Plant in Ruidoso, NM from 2010 to the present. The facility address is 313 Cree Meadows Dr. Ruidoso, NM 88345. We do not want a CBI. Specifically, I just need to know whether EPA ever inspected the plant, and obtain those inspection reports and any attachments. We would prefer the file in electronic format, sent to pmc@madisonlaw.com and claude@madisonlaw.com. If you could provide an affidavit authenticating the records as business records, that would also be much appreciated. Thank you, Paul Cash	12/21/2017

EPA-HQ-2018-002847	Nick Surgey		To Whom It May Concern: This is a request under the Freedom of Information Act. I hereby request the following records: Records that show what vehicles are leased for the use of (a) Scott Pruitt and (b) for the office of the Administrator generally. Records provided should show: 1. The number of vehicles leased 2. The model of vehicles leased 3. Details of any upgrades made to the vehicle(s) 4. Whether the vehicles are leased at standard GSA prices. The requester is entitled to a fee waiver because he is a member of the news media, and because this request for records concerns activities or operations of the government. Disclosure of the requested records will likely increase public understanding of government operations since the requester has the ability and the intention, through the means described below, to effectively convey information contained within the requested records to a broad public audience. Requester is an investigative journalist and the director of Documented, an investigative watchdog and reporting group that explores the relationship between industry and government. Nick Surgey is a Senior Fellow at the Center for Media and Democracy and writes for the Intercept. The requested documents will be made available to the general public, and this request is not being made for commercial purposes. In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not. Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires. Sincerely, Nick Surgey	12/21/2017

EPA-R7-2018-002836	Mr. Jacob Gallegos	Lafser	To Whom It May Concern: Lafser & Associates is conducting a Phase I Environmental Assessment on a property located in St. Louis, Missouri, identified as: Former Municipal Courts 1320 Market Street, St. Louis, Missouri 63103 Under the Freedom of Information Act, we request any information, complaints, or environmental concerns (e.g. asbestos containing materials, polychlorinated biphenyls, hazardous materials or waste use or release, underground storage tanks, leaking underground storage tanks, solid waste disposal, air emissions, water emissions, industrial activities, etc.) your agency may have regarding this site address only. Please note we currently already have database reports on this property; we are specifically seeking any additional reports that may be available beyond listings in regulatory databases. We are looking for documents from between August 2016 to current date. We are willing to pay up to \$50 for any of these additional environmental reports, however, if it goes above this amount please contact us for approval before proceeding. Thank you for your assistance. If you have any questions or require any additional information, please contact me by phone at (661) 607-8307, fax at (314) 848-4442, or by email at jgallegos@lafser.com. EPA-HQ-2018-002838	Kelly Moran		<p>On behalf of the Bay Area Clean Water Agencies (a local government agency created by a joint powers agreement among San Francisco Bay Area municipal wastewater treatment plants) and its members, including the City of Palo Alto, I write to request an electronic copy of a scientific study that US EPA relied on in its evaluation of sewer (wastewater) discharges of piperonyl butoxide (PBO): MRID 49984902 &quot;McGrath, J. (2016) Laboratory Investigation of the Fate of Piperonyl Butoxide in Wastewater Treatment Processes. HDR Project No. CSPA-213496. Unpublished study performed by HDR. 62 p.&quot; If a US EPA Data Evaluation Record (DER) exists for this report, we request an electronic copy of it as well. This document was cited in a risk assessment prepared by EPA OPP EFED ERB II (lead authors Donna Judkins, Richard Shamblen). We please request a timely response, as we need this information to complete our scientific peer review of the risk assessment for PBO, for which there is a comment deadline of February 13, 2018. Although I did not request a fee waiver, my contract does not have provisions for paying direct costs, and arranging payment would be difficult, as these agencies do not normally expect to pay to other agencies for scientific information relevant to the operation of their wastewater treatment plants. Given the nature of this request, I am hopeful that the cost will be below the minimum billing threshold. Thank you very much for your assistance!</p>	12/21/2017

EPA-R3-2018-002845	Mr. Joshua B Niemtow	Langsam Stevens Silver & Hollaender	<p>We are requesting all EPA witness interview summaries collected pertaining to the Lower Darby Creek Area Superfund Site. Pursuant to our firm's 2011 FOIA request, we received interview summaries that identified interviewees and redacted &quot;Confidential Source&quot; interviews. We received in the 2011 FOIA interview summaries for Confidential Sources 3, 17, 28, 29, 30, 34, 35, 38, 39, 41, 42, 45, 46, 47, 48, and 51. However this gives us reason to believe that at least 51 different confidential sources were interviewed. Furthermore, General Electric's November 19, 2011 104(e) response refers to a November 13, 2001 EPA interview of a former GE employee, Richard Conway, which we did not receive.</p>	12/21/2017

EPA-HQ-2018-002805 EPA-HQ-2018-002781	Mr. Jeremy Nichols Kaitlin Morrison	WildEarth Guardians NRDC	During the processing of FOIA EPA-R8-2017-004851, 68 documents were still pending review with EPA HQ OEX offices. To complete the original FOIA, we approved the exclusion of these documents from the request and asked that a new FOIA be opened directed at these 68 documents under review. The original request seeks: Any and all records related to the EPA's proposal to promulgate a Federal Implementation Plan to address air emissions from oil and natural gas operations within the Uinta and Ouray Indian Reservation of Utah. This proposal has been docketed as EPA-R08-OAR-2015-0709. We request all records related to this proposal specifically, as well related broadly to any proposal to promulgate a Federal Implementation Plan to address oil and gas air emissions within the Uinta and Ouray Indian Reservation. For purposes of this request, records include, but are not limited to, electronic mail messages, maps, draft documents, photos and/or videos, recorded voicemails, GIS data, GPS data, handwritten notes, meeting or phone conversation notes, applications for permits to drill, reports, and any other records of correspondence. We do not request any records that are already publicly available online on an EPA website that is not subject to alteration or elimination, whether temporarily or permanently. Date range for records sought is July 1, 2016 to March 12, 2017. Exclude 68 email correspondence needing review from HQ OEX. A supplemental request will be submitted to respond to these items. EPA-R4-2018-002631	Kathy Sheffield	Lees Environmental Services	I am working on a Phase I ESA for the property at 7950 Park Boulevard North, Pinellas Park, FL, formerly occupied by Golden Lantern Mobile Home Park. I understand this site is an EPA Brownfields site, and I would like to review any previous reports in order to evaluate the site for the current Phase I. According to EPA online resources, the site was determined to have asbestos, lead, and Other contamination. The asbestos was cleaned up, but I can't find any indication of lead and/or Other; cleanup activities, or any definitive indication of what the Other contamination was. There is a Phase I (completed on 1/6/2006) and a Phase II (completed on 1/30/2006) listed on the website. A Supplemental Assessment is also listed, started on 11/1/2007, but it is not listed as completed. Could you please provide me with the Phase I and Phase II reports, as well as any information you have on the Supplemental Assessment? Or please direct me to the agency or individual who could help me get these reports? If you have any information as to why the cleanup for Lead and Other; was not completed, please provide that as well. Thank you for your help in this matter. Please contact me at your convenience if you have any questions or if you need any additional information.	12/14/2017

("CNN") requests all copies of travel records and detailed schedules for the EPA administrator, Scott Pruitt, related to his trip to Morocco during the week of December 10, 2017. Please also include a detailed list of all individuals who accompanied him (staff and non staff) on the trip. Additionally, include details of all travel accommodations during the administrator's stay in Morocco. CNN agrees to pay reasonable duplication fees for the processing of this request in an amount not to exceed \$500. Please notify me prior to your incurring any expenses in excess of that amount. As a member of a news organization, I am requesting that fees be waived because release of the information is in the public interest and will contribute significantly to public understanding of government operations and activities. If CNN's request is denied in whole or part, we ask that you justify all deletions by reference to the specific exemptions of the Act. CNN will also expect you to release all segregable portions of otherwise exempt material. CNN reserves the right to appeal your decision to withhold any information. If you have questions regarding this request, please contact me as soon as possible by email at Rene.Marsh@Turner.com or by phone at 202-777-7249. As I have made this request in the capacity as a journalist and this information is of timely value, I would appreciate your expediting the consideration of this request in every way possible. In any event, I look forward to your reply within 20 business days, as the Act requires. Thank you for your assistance. Sincerely, Rene Marsh cc: Drew Shenkman, Counsel, CNN Johnita P. EPA-R3-2018-002556	Mr. William Clark	Foley & Mansfield	This is a FOIA request for all records related to asbestos at three mine divisions located in or around Cabin Creek, West Virginia. The three mine divisions were all owned by Carbon Fuel in the 1970s and early 1980s and went by the following names: 1) Cabin Creek Division; 2) Winifrede Division; and 3) Bedcore Division. Each division may have consisted of multiple mines. Altogether, the three divisions had five different strip mines and approximately nine different deep mines. Cabin Creek division consisted of a strip mine and four deep mines. These mines were owned By Carbon Fuel from in the 70s and early 80s. In approximately 1986, Carbon Fuel sold all of the mines to US Steel. US Steel operated the mines from approximately 1986 to approximately 1990. The mines were then sold to IT&T, who then sold the mines to AT&T. One of the mines/divisions may have been located on Fields Creek Road, Winifrede, WV 25214. All three of the divisions were located in or around Kanawha county. This is a commercial request. We are willing to pay fees up to \$200. Please let me know if you have any questions.	12/12/2017

EPA-R5-2018-002529	Kristin Crowley		I made a request before asking for a list of names of people who were part of a national registry for TCE in the Southeast Rockford Superfund Site. That study began in 1990 and was tracking the health of people exposed to TCE from contaminated drinking water. My initial FOIA asking for a list of the names of the more than 1,000 people who were part of that registry was denied with the explanation that it violated HIPPA. However, in furthering my research I have found my request does not violate HIPPA and I once again would like the list of names of everyone who was part of the TCE study (also through the ATSDR and CDC) for the southeast Rockford Superfund Site.	12/11/2017

EPA-HQ-2018-002389	Mark Olalde		Environmental Protection Agency 1200 Pennsylvania Avenue, N.W. Washington, DC 20460 Re: Freedom of Information Act Request Dear EPA FOIA office staff: This is a request under the Freedom of Information Act. I am requesting the most recent versions of two databases that are held by the EPA: 1) I am requesting the most up-to-date version (at the time of this request) of the "Coal Mine Methane Emissions Inventory." I have attached a PDF (saved as: "2005 surface mine emissions") which is an EPA report from 2005, to specify what database I am requesting. The footnotes on page number 9 reference the inventory I am requesting. 2) I am requesting the most up-to-date version (at the time of this request) of the "U.S. Abandoned Coal Mine Database." I am requesting that this comes complete with data fields of sites' MSHA ID, state, county, coal basin, mine name, date of abandonment, and amount of methane emissions. I am also requesting a list of the data fields in the database, so I can further specify which data fields I need to request. I have attached a PDF (saved as: "amm_opportunities_database") which is an EPA study from earlier this year, to specify what database I am requesting. Appendix C begins on page number 11 and references the database I am requesting. As a member of the media, I am requesting a fee waiver, and I have included details on that request in the relevant portion of the form. I am requesting this information be delivered in electronic form as an Excel spreadsheet, if possible. If you need to contact me for any reason for this request, you can reach me at (b) (6) or at (630) 605-4470. Thank you for your assistance in processing this request.	12/6/2017
EPA-HQ-2018-002392	Ms. Claire Q O'Ryan		Requesting information regarding the Deepwater Horizon oil spill. Looking for documents pertaining to this topic, as well as any other information you could present to me.	12/6/2017

EPA-HQ-2018-002388	Ms. anne roth		Dear FOIA Officer: Pursuant to the federal Freedom of Information Act, 5 U.S.C § 552, I request the following information: Any EPA emails, reports, studies, and documents mentioning Northern Dynasty Minerals, Pebble, Pebble Partnership and Pebble LP including but not limited to Trump's EPA transition team going back to Nov. 8, 2016. All records including but not limited to a transcript, meeting notes, prior and follow up communications, audio and video of Scott Pruitt's May 1, 2017 meeting with Pebble's CEO Tom Collier. I would like to receive this information in electronic format. I am making this request as a reporter and student currently studying at UC Santa Cruz Science Writing program and this request is made as part of newsgathering and not for commercial use. Through this request, I am gathering information on the relationship between EPA head Scott Pruitt and the Northern Dynasty minerals. Release of this information is in the public interest because it will contribute significantly to public understanding of the new administration's plans to allow Canadian mining companies to operate in ecologically and economically valuable American ecosystems, specifically Alaska's Bristol Bay.	12/6/2017
EPA-R4-2018-002361	Mr. John Coyne	EnviroTrac	I am conducting Environmental Site Assessments at two sites in Tennessee, and would like to know if the EPA has any specific relevant information regarding the sites. EPA-HQ-2018-002339	Mr. Joshua Cooper		United States Environmental Protection Agency December 5, 2017 Office of the Secretary 1200 Pennsylvania Avenue, N.W. Washington, DC 20460 Submitted online Re: Public Records Request This is a request under the Freedom of Information Act for a copy of United States Environmental Protection Agency administrator Scott Pruitt's daily calendar from November 12, 2017 to the date of this request. I am also requesting copies of all travel reports, travel voucher, correspondence with the administrator's secondary account, records of travel authorizations, travel arrangements, per diems, reimbursements, sources of funds, miscellaneous expenses, travel responsibilities, modifications to tickets issued through the department's travel management center, and any other record of Pruitt's travel during the same period. I prefer to receive records in electronic format. Due to the time-sensitive nature of this request, I will hold the Environmental Protection Agency to a strict 20 business-day timeline for a response unless the agency notifies me in writing of extenuating circumstances that necessitate an extension by ten business-days. Please provide a written statement of the grounds, including specific provisions of FOIA, for denying, redacting, or withholding any records responsive to this request. Please alert me if you expect the cost of duplicating this request to exceed \$200. Thank you, Joshua Cooper	12/5/2017
EPA-HQ-2018-002309	Mr. James Chelmowski		This is a request under the Freedom of Information Act for a copy of the Environmental Protection Agency's FOIA policy handbook. It is my understanding that the EPA FOIA office has a document containing its policies on responding to FOIA requests. I am requesting that document. This is the same FOIA request as FOIA request EPA-HQ-2018-001210 which Mr. Hudson Munoz requested on 10-31-17. The EPA Completed Processing and Closed this FOIA Request with a Final FOIA Disposition of Full Grant on 11-2-17 (2 business days after this FOIA Request was requested).	12/5/2017

EPA-HQ-2018-002265	Patricia Kanne		Hi, I am contacting you because I am very concerned about the myriad white contrails left in the sky by air traffic in my area in Northern California and across the world. Can you tell me why this problem seems to have escalated so quickly since the late 90's? If you're going to tell me it's not a product of geoengineering you'll have to do quite a bit of convincing. My family, friends and neighbors and I are greatly concerned. I'm sure you have received numerous inquiries into this matter. At this time what type of investigative research is being done as to the cause and purpose of this? These trails become large plumes that cover the entire sky on an almost daily basis? It just can't be good for our health or the environment. All American citizens deserve to know what's happening. Thanks in advance! Best, Tricia	12/4/2017

EPA-HQ-2018-002245	Mr. Scott H Daniska		Hi, My name is Scott Daniska and I was exposed to an extremely toxic substance called hydrazine via inhalation while working in an academic lab at Yale University (no longer employed there). Exposure occurred on August 10th and I have still been suffering symptoms on a daily basis. Symptoms include shortness of breath, extreme fatigue, mental fog, tingling in hands, abdominal tightness, dizziness, etc. I have seen dozens of doctors and have had all sorts of tests including blood work, urine analysis, neurotransmitter testing, EEG, brain MRI, chest xrays, EKG, cardioisogram, abdominal ultrasound, chest CT and sleep studies. So far all of the tests are coming back normal, with the exception of postural orthostatic tachycardia reported. I have tried different medications such as pyridoxine supplements which initially helped but now just make me more tired, modafinil to decrease GABA which just made me more tired, and dexamethasone to stimulate the production of monoamine oxidase which has caused extreme fatigue. My symptoms are ongoing and I have been suffering with no end in sight. I have contacted reporters, doctors, hospitals, the CDC, poison control, professors, etc and no one is able to do anything to help me. While I can speculate some level of mechanism of the toxin via online publications, nothing has helped me. All I want to do is to get better so that I can get back to work in my doctorate program in biology. Because hydrazine is a controlled and limited substance, there are hardly any reports of hydrazine exposure in the past decade. The only recent reports I can find are twelve airmen exposed in May of 2016 at the Homestead Air Reserve Base, six members of the national guard exposed at the 17th Fighter Wing treated at AtlantiCare Regional Medical Center in August of 2016, and 7 workers at the N.J. nuclear reactor building in April of 2017. I have tried to get in contact with anyone and everyone involved and no one will speak to me in the matter.	12/1/2017

EPA-HQ-2018-002095	Latrice Williams		I hereby request a complete copy of the OIG Investigation Report for Case Number: OI-HQ-2015-ADM-0087, which is referenced in OIG Semiannual Report: April 1, 2017 - September 30, 2017 (EPA-350-R-17-002) dated Nov 17, 2017. An EPA Senior Executive Service-level official allegedly engaged in prohibited personnel practices by ordering a subordinate to disclose information to the official about bidders who were competing for a new regional building lease. It was also alleged that the official interfered with hiring practices and mishandled a sexual harassment allegation. The results of the investigation showed no evidence that the official engaged in prohibited personnel practices or interfered with hiring practices. The findings revealed that the actions taken by the official to address the sexual harassment allegation appeared to be within the range of penalties as established in the EPA's Table of Offenses and Penalties.	11/29/2017

EPA-R6-2018-002070	Mr. James O Kendrick	NewFields	We are looking for records regarding wastes (e.g., lead slag) left in place at the RSR Corporation Superfund Site in Dallas, TX. In particular, we would like to review records related to the landfills within OU-3, Site 4, and any remaining impacts to soils and groundwater within or surrounding the landfills. We want to find out if there are any engineering controls (i.e., landfill caps) or institutional controls within the boundaries of a particular parcel of land that is located within the boundaries of OU-3, Site 4. We also want to find out what contaminant concentrations remain in place on the parcel in question. Therefore, documents that may be of particular interest would be any IC's/deed notices; Landfill Cap O&M Plans; Final Groundwater Monitoring or Investigation Reports, and the Remedial Investigation for OU-3, Site 4. If possible, electronic documents would be preferred over a review of hard copy files, but if necessary, we can do a file review in Dallas. Please feel free to contact me for further clarification of this request. Thank you.	11/28/2017
EPA-R7-2018-002084	Karla Granger	Titan Environmental Services	I'm conducting a Phase I ESA for the property at: 1300 Main St., Hays, KS 67601 (parcel#: 026-138-33-0-30-17-010.00-0: legal description: HAYS ORIGINAL, BLOCK 22, LOT 1 & 3, SECTION 33, TOWNSHIP 13 SOUTH, RANGE 18 WEST). I've tried to make a regional (Region 7) FOIA request; but was told to make it through the national EPA portal (which hasn't been working). In addition, I've found out that there was a previous Phase I & Phase I ESA performed at 1302 Main St., Hays, KS; and am trying to find out how I can view those reports. My preliminary research has also indicated that ongoing monitoring was to be performed at 1302 Main St., Hays, KS. Is this property still undergoing periodic monitoring? As such, I'm authorized to pay a fee up to \$25.00 for either emailed or faxed copies of this information (or guidance on where to view this information). Please notify me if there are fees needed beyond this amount. Thanks!!	11/28/2017

This is a request pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552 et seq. I request that you provide me with the following records within twenty business days: 1. All correspondence (including attachments) a. Sent to or from (including also copying, whether as cc: or bcc:), Gregory Akerman; and b. Which include anywhere in the correspondence, whether the body, the Subject, To:, From:, cc:, or bcc: fields: glyphosate, @ARC, round up, Roundup, @CARC, Christopher Portier, Ramazzini and/or Guyton; 2. All text or instant message correspondence (entire threads) to or from Gregory Akerman mentioning or including any of the following terms in the subject line or body of the message/correspondence: glyphosate, @ARC, round up, Roundup, @CARC, Christopher Portier, Ramazzini and/or Guyton. For both requests, please produce records dated from March 1, 2016 through January 1, 2017, inclusive. If any responsive record or portion thereof is claimed to be exempt from production under FOIA, sufficient identifying information (with respect to each allegedly exempt record or portion thereof) must be provided to allow the assessment of the propriety of the claimed exemption. Vaughn v. Rosen, 484 F.2d 820 (D.C. Cir 1973), cert. denied, 415 U.S. 977 (1974). Additionally, any reasonably segregable portion of a responsive record must be provided to me after redaction of any allegedly exempt material, as the law requires. 5 U.S.C. § 552(b). I request the EPA not redact information it declares nonresponsive, as this is not an enumerated exemption under FOIA. Please produce all electronic data in its native format, preserving all metadata. Please make your production on a rolling basis if necessary: if at least some records can be produced without objection, produce those documents first. (GG0059)

All text or instant message correspondence (entire threads) to or from Kenneth Olden mentioning or including any of the following terms in the subject line or body of the message/correspondence: glyphosate, @ARC, round up, Roundup, @C, CARC, Christopher Portier, Ramazzini and/or Guyton. For both requests, please produce records dated from March 1, 2016 through January 1, 2017, inclusive. If any responsive record or portion thereof is claimed to be exempt from production under FOIA, sufficient identifying information (with respect to each allegedly exempt record or portion thereof) must be provided to allow the assessment of the propriety of the claimed exemption. Vaughn v. Rosen, 484 F.2d 820 (D.C. Cir 1973), cert. denied, 415 U.S. 977 (1974). Additionally, any reasonably segregable portion of a responsive record must be provided to me after redaction of any allegedly exempt material, as the law requires. 5 U.S.C. § 552(b). I request the EPA not redact information it declares nonresponsive, as this is not an enumerated exemption under FOIA. Please produce all electronic data in its native format, preserving all metadata. Please make your production on a rolling basis if necessary: if at least some records can be produced without objection, produce those documents first. (GG0071)

EPA-R5-2018-001918	Mr. Michael K Hayes	Demorest Law Firm, PLLC	New Products Corporation located at 448 North Shore Drive, Benton Harbor, MI	11/22/2017

This is a request pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552 et seq. I request that you provide me with the following records within twenty business days: 1. All correspondence (including attachments) a. Sent to or from (including also copying, whether as cc: or bcc:), Richard Duffy; and b. Which include anywhere in the correspondence, whether the body, the Subject, To, From, cc, or bcc: fields: Ramazzini Institute, BRI, Linda Birnbaum, Phil Landrigan, Thomas Burke, Christopher Portier, Fiorella Belpoggi, and/or glyphosate; 2. All text or instant message correspondence (entire threads) to or from Richard Duffy mentioning or including any of the following terms in the subject line or body of the message/correspondence: Ramazzini Institute, BRI, Linda Birnbaum, Phil Landrigan, Thomas Burke, Christopher Portier, Fiorella Belpoggi, and/or glyphosate. For both requests, please produce records dated from January 1, 2009 through the date you process the request, inclusive. If any responsive record or portion thereof is claimed to be exempt from production under FOIA, sufficient identifying information (with respect to each allegedly exempt record or portion thereof) must be provided to allow the assessment of the propriety of the claimed exemption. Vaughn v. Rosen, 484 F.2d 820 (D.C. Cir 1973), cert. denied, 415 U.S. 977 (1974). Additionally, any reasonably segregable portion of a responsive record must be provided to me after redaction of any allegedly exempt material, as the law requires. 5 U.S.C. § 552(b). I request the EPA not redact information it declares nonresponsive, as this is not an enumerated exemption under FOIA. Please produce all electronic data in its native format, preserving all metadata. Please make your production on a rolling basis if necessary: if at least some records can be produced without objection, produce those documents first. (GG0006)

EPA-HQ-2018-001917	John B Hurst	Graves Garrett LLC	<p>This is a request pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552 et seq. I request that you provide me with the following records within twenty business days: 1. All correspondence (including attachments) a. Sent to or from (including also copying, whether as cc: or bcc:), Vincent Cogliano; and b. Which include anywhere in the correspondence, whether the body, the Subject, To:, From:, cc:, or bcc: fields: Ramazzini Institute, BRI, Linda Birnbaum, Phil Landrigan, Thomas Burke, Christopher Portier, Fiorella Belpoggi, and/or glyphosate; 2. All text or instant message correspondence (entire threads) to or from Vincent Cogliano mentioning or including any of the following terms in the subject line or body of the message/correspondence: Ramazzini Institute, BRI, Linda Birnbaum, Phil Landrigan, Thomas Burke, Christopher Portier, Fiorella Belpoggi, and/or glyphosate. For both requests, please produce records dated from January 1, 2009 through the date you process the request, inclusive. If any responsive record or portion thereof is claimed to be exempt from production under FOIA, sufficient identifying information (with respect to each allegedly exempt record or portion thereof) must be provided to allow the assessment of the propriety of the claimed exemption. Vaughn v. Rosen, 484 F.2d 820 (D.C. Cir 1973), cert. denied, 415 U.S. 977 (1974). Additionally, any reasonably segregable portion of a responsive record must be provided to me after redaction of any allegedly exempt material, as the law requires. 5 U.S.C. § 552(b). I request the EPA not redact information it declares to be nonresponsive, as this is not an enumerated exemption under FOIA. Please produce all electronic data in its native format, preserving all metadata. Please make your production on a rolling basis if necessary; if at least some records can be produced without objection, produce those documents first. (GG0004)</p>	11/22/2017

EPA-HQ-2018-001883	Mr. Jeff Ruch	PEER	<p>On page 38 of the latest U.S. Environmental Protection Agency Office of Inspector General (OIG) Semiannual Report: April 1, 2017 - September 30, 2017 (Report #EPA-350-R-17-002, November 17, 2017) is the following statement relative to the U.S. Chemical Safety and Hazard Investigation Board (CSB): As required by the Reports Consolidation Act of 2000, the OIG provided one major management challenge to CSB for FY 2017: "CSB Should Continue to Address Human Resources Management." The CSB's leaders should continue to address the human resources management challenges from a 2015 Office of Personnel Management evaluation report, as well as findings in the board's March 2017 organizational assessment. Due to corrective actions taken by the CSB, we removed the three management challenges that we had reported in FY 2016, involving employee morale, the number of and controls over investigations, and the establishment of a chemical reporting regulation. (Emphasis added) Pursuant to the Freedom of Information Act, 5 U.S.C. 552, as amended, Public Employees for Environmental Responsibility (PEER) requests records documenting the basis for the OIG removing recommendations concerning these identified management challenges as well as the nature of the corrective actions taken by the CSB. Specifically, we request records containing the following: 1. Records describing the corrective actions taken by CSB to address the previously identified management challenges of "A. Employee morale; B. The number of and controls over investigations; and C. The establishment of a chemical reporting regulation which is required by statute. 2. The decision documents and other records detailing the rationale for OIG deciding to retract these three identified management challenges. 3. All communications between CSB and OIG officials on these three topics from August 1, 2016 to present.</p>	11/21/2017

We would like to get copies of any Notice of Arrival (NOA Form 3540-1) documents from Virox relating to the two products covered in our agreement, being 'Rescue' and 'Intervention' brands of various formats (1gallon, 5 gallon etc)for the timeperiod from July 2015 through present time. The reason we are asking is that early this year we found out that Virox had shipped product around us without our knowledge (a violation of our agreement) and most importantly since July 01, 2017 they have cut us out of the Distribution chain almost entirely. Given that this is over \$5M a year in business to us this is a significant and damaging hit to us. This is a business that we grew from the ground up over the last 7 years and invested approximately \$1.7M in while doing the difficult job of building it. EPA-HQ-2018-001558	Rodney Huerter	Veolia North America	40 CFR 270.72(a)(4) governs changes in the ownership or operational control of a facility that qualified for interim status (I/S) under section 270.70. That regulation appears to state that when such a change is requested, the current owner or operator (O/O) must continue to maintain the RCRA financial assurance (FA) for closure and post-closure, until the EPA (or authorized State) issues written notice that the proposed new O/O has demonstrated compliance with subpart H requirements, and the now-former O/O no longer needs to comply with subpart H as of the date of demonstration [by the proposed new owner or operator]. In its May 1992 guidance manual for RCRA financial assurance (SW-955, copy attached with this request), the EPA states the owner or operator may be released from the federal RCRA requirements if . . . (2) ownership or operation of the facility has been transferred, BUT ONLY in accordance with the specific conditions of such transfers. (Page II-16) (emphasis added). Attachment II-2 to that manual states that it is EPA's (or, impliedly, authorized State's) responsibility to: Approve requests to terminate financial assurance: (a) When alternate assurance is substituted; or (b) When the owner or operator is released from financial assurance requirements. (Page II-22). REQUEST: I request copies of EPA policy and guidance documents that indicate that a current O/O of an I/S facility may be released from FA requirements other than via written notice of approval of such termination from the EPA (or authorized State), if such documents exist. Please confirm if no such documents exist. NOTE: EPA's response to FOIA No. EPA-HQ-2017-003409 (attached) confirms that attempted changes of operational control that do not comply with the 90-day advanced notice requirements of section 270.72(a)(4) result in non-transfer (i.e., the Part A will not be transferred but will remain with the prior owner or operator of the facility).	11/9/2017

EPA-2018-001537	Sarah Kerr	WNYC/CUNY	November 9, 2017 National Freedom of Information Officer U.S. Environmental Protection Agency 1200 Pennsylvania Avenue, NW (2822T) Washington, DC 20460 To Whom It May Concern: This is a request under the Freedom of Information Act. I hereby request the following records: 1. Any and all resumes received for all political appointees in Environmental Protection Agency, Region 2 who were appointed to positions between January 20, 2017 and the present, and through the date of your final response to this request. 2. The names, job titles and annual salary for all political appointees in E.P.A. Region 2 appointed to positions between January 20, 2017 and the present, and through the date of your final response to this request. I am making this request as a journalist working on a project for WNYC and the CUNY Graduate School of Journalism. I believe this request is entitled to a fee waiver because it is for a news media organization, and because this request for records concerns activities or operations of the government. Disclosure of the requested records will likely increase public understanding of government operations since WNYC has the ability and the intention to effectively convey information contained within the requested records to a broad public audience. The requested documents will be made available to the general public, and this request is not being made for commercial purposes. In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not. Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires. A PDF version of this letter is attached below. Sincerely, Sarah Kerr (b) (6)	11/9/2017

EPA-HQ-2018-001514	Rodney Huerter	Veolia North America	40 CFR 265.118(a) addresses requirements for RCRA post-closure plans, which include an approved post-closure plan during the post-closure period, for facilities that meet the applicability criteria of section 265.110(b). Section 265.118(d) addresses reqmts for amendments to approved post-closure plans (PCPs). (Excerpted pages from 40 CFR Part 265 are attached). REQUEST: I request copies of EPA policy and guidance documents: 1) that specifically address the reqmts for an existing owner or operator of a facility regulated under 40 CFR Part 265 to transfer their approved PCP to another entity after final closure has been certified and the post-closure period has been initiated, if such transfer may actually occur, and 2) that confirm that an owner or operator issued an approved PCP under part 265 with respect to a facility for which the post-closure period has been initiated may not transfer the approved plan to another entity, if that is the case. If the requested policy and guidance documents do not exist, I request confirmation of that fact. NOTE: RCRA Online No. 13077, attached, appears to require a new owner to obtain an approved closure plan, but that guidance relates to a time period BEFORE certification of final closure has occurred. Based on a) the highlighted definitions in the attached section 260.10 (active life, final closure, in operation, and inactive) b) the confirmation of active management and land disposal in RO 11826, c) the confirmation of reqmts to operate under interim status in RO 13035, and d) the confirmation in EPA's response to FOIA No. EPA-HQ-2017-002077 (i.e., a RCRA permit application is considered withdrawn in connection with approval of closure plan and occurrence of the other specified actions in the document), it does not appear that change of operational control of a facility may actually occur after final certification of closure (because such a facility is no longer in operation).	11/8/2017

EPA-HQ-2018-001438	Mr. Benjamin Kirby		On April 27, 2017, Congressman Charlie Dent sent EPA a letter requesting clarification of EPA's position on the legality of blending. Several Pennsylvania municipal wastewater facilities remain interested in blending to increase peak flow capacity but are uncertain of EPA's position regarding Clean Water Act compliance for such facility modifications. This request seeks: 1. All Agency records, correspondence, or communications related to the development of the June 20, 2017 or October 27, 2017 response letters to Congressman Dent. 2. All records, correspondence, or communications which identify which Agency personnel were involved, in any way, in the development of the June 20, 2017 or October 27, 2017 response letters to Congressman Dent.	11/7/2017
EPA-HQ-2018-001444	Mr. Joshua Cooper		United States Environmental Protection Agency November 7, 2017 Office of the Secretary 1200 Pennsylvania Avenue, N.W. Washington, DC 20460 Submitted online Re: Public Records Request This is a request under the Freedom of Information Act for a copy of United States Environmental Protection Agency administrator Scott Pruitt's daily calendar from October 4, 2017 to the date of this request. I am also requesting copies of all travel reports, travel voucher, correspondence with the administrator's secondary account, records of travel authorizations, travel arrangements, per diems, reimbursements, sources of funds, miscellaneous expenses, travel responsibilities, modifications to tickets issued through the department's travel management center, and any other record of Pruitt's travel during the same period. I prefer to receive records in electronic format. Due to the time-sensitive nature of this request, I will hold the Environmental Protection Agency to a strict 20 business-day timeline for a response unless the agency notifies me in writing of extenuating circumstances that necessitate an extension by ten business-days. Please provide a written statement of the grounds, including specific provisions of FOIA, for denying, redacting, or withholding any records responsive to this request. Please alert me if you expect the cost of duplicating this request to exceed \$200. Thank you, Joshua Cooper	11/7/2017
