Dear Ms. Molina:

The U.S. Environmental Protection Agency (EPA) has completed the review of the August 2020 RCRA Facility Investigation (RFI) Report, prepared by UNIPRO Architects and Engineers LLP, for the Fenwal International Inc. facility (Fenwal) located in Maricao, Puerto Rico. After a thorough evaluation, EPA concurs with Fenwal that the investigation has been completed and No Further Action (NFA) is necessary at this site. Therefore, this August 2020 RFI Report is approved by EPA. If you have any questions regarding this matter, please contact geologist David N. Cuevas, Ph.D. at (787) 977-5856 or through electronic mail at cuevas.david@epa.gov.
