

# RED HILL IN FOCUS

## WEBINAR SERIES

Webinar 4:

### ***Drinking Water Monitoring Update for Red Hill***

**June 18<sup>th</sup>, 2024 - 5:00 PM to 7:00 PM HST**

Navy Closure Task Force-Red Hill will present findings from their two-year Long-Term Monitoring (LTM) program for the Joint Base Pearl Harbor-Hickam water system and provide an overview of the new Extended Drinking Water Monitoring (EDWM) program. EPA will provide updates on their oversight and independent evaluations of the Navy's drinking water system. The Navy and Agency for Toxic Substances and Disease Registry (ATSDR) will also provide updates on Red Hill public health activities. Drinking water monitoring activities are intended to continuously ensure the Joint Base Pearl Harbor-Hickam water system meets all State and Federal drinking water standards and is free of JP-5
