44. Section 1423(c)(4)(B) of the SDWA, 42 U.S.C. 300h-2(c)(4)(B), requires the Administrator to take into account the seriousness of the violation, the economic benefit (if any) resulting from the violation, any history of such violations, any good faith efforts to comply with the applicable requirements, the economic impact of the penalty on the violator, and such other matters as justice may require, when assessing a civil penalty for violations of the SDWA.

Should the applicable agency issue its approval after the Final LCC Closure Report is due, Respondent shall note the pending status and submit the approval to EPA within fourteen (14) days of Respondent’s receipt of the approval.

51. Permits. Where any compliance obligation under this Section requires Respondent to obtain a federal, state, or local permit or approval, Respondent shall submit timely and complete applications to obtain all such permits or approvals. Respondent may seek relief under the provisions of Section F (“Force Majeure”) of this CA/FO for any delay in the performance of any such obligation resulting from a failure to obtain, or a delay in obtaining, any permit or approval required to fulfill such obligation, if Respondent has submitted timely and complete applications to obtain all such permits or approvals.

52. If Respondent fails to comply with the requirements set forth in Paragraph 50 above, EPA may request the United States Department of Justice bring an action to seek penalties for violating this CA/FO under Section 1423(b) of the SDWA, 42 U.S.C. § 300h-2(b).

56. If Respondent fails to make the payment specified in Section V.A. or fails to comply with the requirements regarding the closure of the alleged LCCs at the Sites specified in Section V.B., Respondent agrees to pay in addition to the assessed penalty, a stipulated penalty of \$300 per day per violation for each day the Respondent is late meeting the applicable requirements.

57. If Respondent fails to timely submit any reports, such as those required under Sections V.B. or V.C., in accordance with the timelines set forth in this CA/FO, Respondent agrees to pay a stipulated penalty of \$100 for each day after the report was due until Respondent submits the report in its entirety.

58. Respondent agrees to pay any stipulated penalties within thirty (30) days of receipt of EPA's written demand for such penalties. All penalties shall begin to accrue on the first date of noncompliance and shall continue to accrue through the date of completion of the delinquent CA/FO requirement. Respondent will use the method of payment specified in Paragraph 45 and agree to pay interest, handling charges and penalties that accrue for late payment of the stipulated penalty in the same manner as set forth in Paragraph 48.

59. Neither the demand for nor payment of a stipulated penalty relieves Respondent of its obligation to comply with any requirement of this CA/FO or modifies or waives any deadlines set forth in this CA/FO.

60. EPA may, in the unreviewable exercise of its discretion, elect to pursue any other administrative or judicial remedies for violations of this CA/FO in addition to or in lieu of assessing stipulated penalties and/or reduce or waive stipulated penalties due under this

E. Tax Identification

61. Pursuant to 26 U.S.C. § 6050X and 26 C.F.R. § 1.6050X-1, EPA is required to send to the Internal Revenue Service (“IRS”) annually, a completed IRS Form 1098-F (“Fines, Penalties, and Other Amounts”) with respect to any court order or settlement agreement (including administrative settlements), that require a payor to pay an aggregate amount that EPA reasonably believes will be equal to, or in excess of, \$50,000 for the payor’s violation of any law or the investigation or inquiry into the payor’s potential violation of any law, including amounts paid for “restitution or remediation of property” or to come “into compliance with a law.” EPA is further required to furnish a written statement, which provides the same information provided to the IRS, to each payor (i.e., a copy of IRS Form 1098-F). Failure to comply with providing IRS Form W-9 or Tax Identification Number (“TIN”), as described below, may subject Respondent to a penalty, per 26 U.S.C. § 6723, 26 U.S.C. § 6724(d)(3), and 26 C.F.R. § 301.6723-1. In order to provide EPA with sufficient information to enable it to fulfill these obligations, EPA herein requires, and Respondent herein agrees, that:

- a. Respondent shall complete an IRS Form W-9 (“Request for Taxpayer Identification Number and Certification”), which is available at <https://www.irs.gov/pub/irs-pdf/fw9.pdf>;
- b. Respondent shall therein certify that its completed IRS Form W-9 include Respondent’s correct TINs or that Respondent has applied and is waiting for issuance of a TIN;
- c. Respondent shall email its completed Form W-9 to EPA’s Cincinnati Finance Center in Paragraph 45 within 30 days after the Final Order ratifying this Agreement

is filed, and EPA recommends encrypting IRS Form W-9 email correspondence; and;

d. In the event that Respondent has certified in its completed IRS Form W-9 that it has applied for a TIN and that TIN has not been issued to Respondent within 30 days after the Effective Date, then Respondent, using the same email address identified in the preceding sub-paragraph, shall further:

- i. notify EPA's Cincinnati Finance Center of this fact, via email, within 30 days after the 30 days after the Effective Date, as defined in Section VIII. below, and
- ii. provide EPA's Cincinnati Finance Center with Respondent's TIN, via email, within five (5) days of Respondent's issuance and receipt of the TIN.

F. Force Majeure

62. For purposes of this CA/FO, Force Majeure is defined as any event arising from causes that are beyond the control of Respondent, any entity controlled by Respondent, or Respondent's contractors, which delays or prevents the performance of any obligation under this CA/FO despite Respondent's reasonable best efforts to fulfill the obligation. The requirement that Respondent exercise "reasonable best efforts to fulfill the obligation" includes using reasonable best efforts to anticipate any potential Force Majeure event and reasonable best efforts to address the effects of any such event (a) as it is occurring and (b) after it has occurred to prevent or minimize any resulting delay to the greatest extent possible. Examples of Force Majeure events include, but are not limited to, unforeseeable environmental, geological, or archaeological conditions; or pandemics, epidemics, or disease, or the failure to obtain, or delay in obtaining a permit, as provided in Paragraph 51 above. Examples of events that are not Force Majeure include, but are not limited to, increased costs

or expenses of any work to be performed under this CA/FO and normal inclement weather.

63. Respondent shall exercise its best efforts to avoid or minimize any delay and any effects of a delay. If any event occurs which causes or may cause delays meeting the deadlines set forth in this CA/FO, Respondent or its attorney shall, within seventy-two (72) hours of the delay or within seventy-two (72) hours of Respondent's knowledge of the anticipated delay, whichever is earlier, notify EPA points of contact in Paragraph 65 by email. Within fifteen (15) days thereafter, Respondent shall provide in writing the reasons for the delay, the anticipated duration of the delay, the measures taken or to be taken to prevent or minimize the delay, and a timetable by which those measures will be implemented. Failure to comply with the notice requirement of this Paragraph shall preclude Respondent from asserting any claim of Force Majeure.

64. If EPA agrees in writing that the delay or anticipated delay in compliance with this CA/FO has been or will be caused by circumstances beyond the control of Respondent, the time for performance may be extended for the period of the delay resulting from the circumstances causing the delay. In such event, EPA will grant in writing an extension of time. An extension of the time for performing an obligation granted by EPA pursuant to this Paragraph shall not, of itself, extend the time for performing a subsequent obligation.

VI. SUBMISSIONS REQUIREMENTS

65. All reports, notifications, documentation, submissions, and other correspondence required to be submitted by this Order must be submitted to EPA electronically, to the extent possible. If electronic submittal is not possible, submissions may be made by certified mail (return receipt requested). The subject line of all email

correspondence must include the facility name, docket number, and subject of the deliverable.

67. If Respondent finds at any time after submitting information that any portion of that information is false or incorrect, the signee must notify EPA immediately. Knowingly submitting false information to EPA in response to this CA/FO may subject Respondent to

criminal prosecution under Section 1423(b) of the SDWA, 42 U.S.C. § 300h-2(b), as well as 18 U.S.C. §§ 1001 and 1341.

68. Submissions required by this CA/FO shall be deemed submitted on the date they are sent electronically or on the date postmarked if sent by U.S. mail.

69. EPA may use any information submitted in accordance with this CA/FO in support of an administrative, civil, or criminal action against Respondent.

VII. GENERAL PROVISIONS

71. Full payment of the penalty as described in Section V.A., above, and full compliance with this CA/FO as described in Section V.B. shall only resolve Respondent's liability for federal civil penalties for the violations and facts alleged in Section IV of this CA/FO. Violation of this CA/FO shall be deemed a violation of the SDWA for purposes of Section 1423(b) of the SDWA, 42 U.S.C. § 300h-2(b).

72. The Parties consent to service of this CA/FO by e-mail at the following valid e-mail addresses:

73. This CA/FO, inclusive of all exhibits, appendices, and attachments, is the entire agreement between the Parties.

74. The provisions of this CA/FO shall apply to and be binding upon Respondent and its officers, directors, employees, and successors or assigns. Action or inaction of any

persons, firms, contractors, employees, agents, or corporations acting under, through, or for Respondent shall not excuse any failure of Respondent to fully perform its obligations under this CA/FO except for extensions of time to complete such obligations provided by EPA pursuant to Paragraph 64.

75. Full compliance with this CA/FO does not in any manner affect the right of EPA or the United States to pursue appropriate injunctive relief or other equitable relief or criminal sanctions for any violation of law, except with respect to the claims described in Section IV that have been specifically resolved by this CA/FO.

76. This CA/FO is not a permit or modification of a permit and does not affect Respondent's obligations to comply with all federal, state, local laws, ordinances, regulations, permits, and orders. Issuance of, or compliance with, this CA/FO does not waive, extinguish, satisfy, or otherwise affect Respondent's obligation to comply with all applicable requirements of the SDWA, regulations promulgated thereunder, or any order or permit issued thereunder, except as specifically set forth herein.

77. EPA reserves any and all legal and equitable remedies available to enforce this CA/FO, as well as the right to seek recovery of any costs and attorneys' fees incurred by EPA in any actions against Respondent for noncompliance with this CA/FO.

78. Unless otherwise specified, the Parties shall each bear their own costs and attorney fees in this action.

79. This CA/FO may be executed and transmitted by facsimile, email, or other electronic means, and in multiple counterparts, each of which shall be deemed an original, but all of which shall constitute an instrument. If any portion of this CA/FO is determined to be unenforceable by a competent court or tribunal, the Parties agree that the remaining portions

shall remain in full force and effect.

80. The undersigned representative of each party certifies that he or she is duly and fully authorized to enter into and ratify this CA/FO.
