**RULE 26.1 DISCLOSURE STATEMENT FOR THE
NATIONAL LIME ASSOCIATION**

Pursuant to Rule 26.1 of the Federal Rules of Appellate Procedure and Circuit Rule 26.1, Petitioner National Lime Association (“NLA”) makes the following declarations:

NLA represents United States and Canadian commercial lime companies, suppliers to lime companies, and foreign lime companies and trade associations. NLA’s members produce more than 98 percent of commercial lime—more than 90 percent of all lime made from limestone in the United States and 100 percent of commercial lime in Canada. NLA’s mission is to represent, protect, and promote the United States lime industry. NLA accomplishes this with a unified voice, responding and working to ensure that legislation, regulations, and standards affecting

the lime industry are reasonable, practical, and mutually beneficial to the lime industry and society.

NLA assists lime producers to understand and comply with applicable environmental, health and safety, and other laws and regulations governing the manufacture of lime. NLA also serves a vital role in sharing knowledge with members, government, and industry stakeholders regarding the critical role that lime manufacture plays in the economy.

NLA states that it is a “trade association” for purposes of Circuit Rule 26.1(b). NLA has no parent corporation, and no publicly held company has 10 percent or greater ownership in NLA.

Respectfully submitted,
