# **Before you Apply**

SAM.gov and Grants.gov Registration

# Before you Apply to an EPA Competitive Opportunity: SAM.gov Registration

If you want to apply for an EPA Competitive Opportunity, you need an active SAM.gov registration.

- As part of registration, SAM.gov will assign you a Unique Entity ID.
  - If you do not want to apply directly for awards, then you do not need a registration. If you only conduct certain types of transactions, such as reporting as a sub-awardee, you may not need to complete a registration. You may only need a Unique Entity ID, which is NOT the same as a SAM.gov registration.
- To see comprehensive instructions and checklist for entity registration, download the SAM.gov [Entity Registration Checklist \(PDF\)](#).
- A key part of the SAM.gov registration is identifying an [EBiz point of contact](#) (name and email address). This is key as you move forward to register in Grants.gov and apply.
- Please note that SAM.gov utilizes [Login.gov](#) since 2018. Login.gov is a free secure sign in service used by the public to sign in to participating government agencies system. The public can use the same username and password to access any agency that partners with Login.gov. This streamlines processes and eliminates the need to remember multiple usernames and passwords.

# Before you Apply to an EPA Competitive Opportunity: Grants.gov Registration

You completed SAM.gov Registration and identified an [EBiz point of contact](#). Now what?

- Once you have registered in SAM.gov, and before applying for a funding opportunity, you need to register an account with Grants.gov.
  - For instructions, please view the [How to Register with Grants.gov](#) video.
- Once you have a Grants.gov account, users may [add a profile](#) to associate with an applicant organization. See [Applicant Registration](#) for more details.
- Prior to being able to complete or submit application packages in grants.gov on behalf of your organization, your organization's EBiz POC must authorize roles. This safeguards your organization from individuals who may attempt to submit grant application packages without permission.
- If you do not have the correct roles assigned by your organization in Grants.gov, you may receive a “Bad Request” error when initiating the application process. Please contact Grants.gov support if you encounter this issue.
- Please note that Grants.gov utilizes [Login.gov](#) since February 2022. ([RAIN-2022-G03](#))
